22. GENERATIVE ARTIFICIAL INTELLIGENCE (GENAI) DISCLOSURE OBLIGATIONS:

- a) The following terms are in addition to the defined terms and shall apply to the Contract:
 - i. “Generative AI (GenAI)” means an artificial intelligence system that can generate derived synthetic content, including text, images, video, and audio that emulates the structure and characteristics of the system's training data. (Gov. Code § 11549.64.)
- b) Contractor shall immediately notify the State in writing if it: (1) intends to provide GenAI as a Deliverable to the State; or (2) intends to utilize GenAI, including GenAI from third parties, to complete all or a portion of any Deliverable that materially impacts: (i) functionality of the System, (ii) risk to the State, or (iii) Contract performance. - e) If the use of previously undisclosed GenAI is approved by the State, then Contractor will update the Deliverable description, and the Parties will amend the Contract accordingly, which may include incorporating the GenAI Special Provisions into the Contract, at no additional cost to the State.
- f) The State, at its sole discretion, may consider Contractor’s failure to disclose or discontinue the provision or use of GenAI as described above, to constitute a material breach of Contract when such failure results in a material impact to the functionality of the System, risk to the State, or Contract performance. The State is entitled to seek any and all remedies available to it under law as a result of such breach, including but not limited to termination of the contract.
