

NASPO ValuePoint
PARTICIPATING ADDENDUM

Computer Equipment (Desktops, Laptops, Tablets, Servers, and Storage, including related Peripherals & Services)

JULY 1, 2025 TO JUNE 30, 2026

Led by the State of Minnesota

Master Agreement No.: 23007

Minnesota Contract No.: 258439

Contractor: Getac, Inc.

Participating Entity: State of Minnesota

The following products or services are included in this contract portfolio:

Computer Equipment (Desktops, Laptops, Tablets, Servers, and Storage, including related Peripherals & Services), in the following Band(s):

- Band 1: Personal Computing Devices – Windows Operating Systems: Desktops, Laptops, and Tablets

This Contract is between the State of Minnesota, acting through its Commissioner of Administration (“State” or “Participating Entity”) and Getac, Inc., whose designated business address is 15495 Sand Canyon Avenue, Suite 350, Irvine, CA 926218 (“Contractor”). State and Contractor may be referred to jointly as “Parties.”

STATE OF MINNESOTA PARTICIPATING ADDENDUM

1. Scope of Work.

This Participating Addendum ("Participating Addendum" or "Contract") covers Computer Equipment (Desktops, Laptops, Tablets, Servers, and Storage, including related Peripherals & Services) led by the State of Minnesota ("Lead State") for use by state agencies and Cooperative Purchasing Venture Members as defined in Paragraph 1.1 of Minnesota Exhibit A. The NASPO ValuePoint Master Agreement is also referred to by the capitalized terms "Master Agreement" within this Contract.

Capitalized terms shall have the same meaning as defined in the Master Agreement unless otherwise defined herein.

2. Participation.

The State Chief Procurement Official has authorized this Contract to be used upon by all authorized state agencies and CPV members as defined in Minnesota Exhibit A. Issues of interpretation and eligibility for participation are solely within the authority of the State Chief Procurement Official. If Contractor becomes aware that an entity's use of this Participating Addendum is not authorized, Contractor will notify NASPO ValuePoint to initiate outreach to the appropriate parties.

3. Term of Contract.

This Contract is effective as of the date of the last signature below or July 1, 2025, whichever is later, and will terminate upon termination of the Master Agreement, as amended, unless the Participating Addendum is terminated sooner in accordance with the terms set forth herein.

4. Authorized Representative.

4.1 Contractor's Authorized Representative. The Contractor's Authorized Representative is identified below, or her successor. If the Contractor's Authorized Representative changes at any time during this Contract, the Contractor must immediately notify the State.

Name:	Maria Gutierrez
Address:	15495 Sand Canyon Avenue, Suite 350, Irvine, CA 926218
Telephone:	(949) 247-4114
Email:	maria.gutierrez@getac.com

4.2 State's Authorized Representative. The State's Authorized Representative is identified below, or her successor or delegate, and has the responsibility to monitor the Contractor's performance. If applicable, the Ordering Entity will identify a Project Manager in each Order.

Name:	Lana DuPaul
Address:	50 Sherburne Ave, Suite 112, Saint Paul, MN 55155
Telephone:	(651) 201-3100
Email:	lane.dupaul@state.mn.us

5. Scope.

Except as otherwise stated herein, this Participating Addendum incorporates the scope, pricing, terms, and conditions of the Master Agreement and the rights and obligations set forth therein as applied to the Contractor and Participating Entity and Purchasing Entities.

5.1 Services. All services available through the Master Agreement may be offered and sold by Contractor to Purchasing Entities.

5.2 Equipment Leasing. Equipment leasing is allowed under this Participating Addendum upon mutual agreement of the Ordering Entity and Contractor. Such lease must be done through a separate written lease agreement entered into between Contractor and the Ordering Entity. The terms of the lease agreement must incorporate the terms of this Contract.

5.3 Equipment Trade-in Program. If requested in writing by the Ordering Entity, the Contractor may allow equipment to be used as trade-in against new contract equipment purchases. Trade-ins will be allowed on a case-by-case basis, and the Ordering Entity has the right to refuse any offer made by the Contractor. All equipment will be traded "as is, where is," with no guarantee express or implied.

Title to the trade-in equipment will transfer to the Contractor when the new equipment is delivered and accepted by the Ordering Entity, unless otherwise agreed to in writing by the Contractor and the Ordering Entity. The Ordering Entity assumes all costs associated with the title transfer of the trade-in equipment unless otherwise agreed to in writing by the Contractor and the Ordering Entity. The title of State equipment trade-ins shall be provided to the Contractor in accordance with Minn. Stat. § 168A.11.

5.4 Contractor Partners. The Contractor may sell direct and may utilize a defined list of authorized partners to provide goods and services.

5.4.1 Authorized Partner. An Authorized Partner may be an agent, distributor, reseller, or tiered partner that is authorized by the Contractor to sell products, maintenance, or services on behalf of the Contractor. An Authorized Partner is an agent of the Contractor, not the State. An Authorized Partner may work with its own authorized resellers.

5.4.2 List of Authorized Partners. If the Contractor intends to utilize a partner to accept or fulfill an order for goods or services, the Contractor must submit to the State a list of such partners for review. The State will maintain a list of all partners approved as Authorized Partners ("Authorized Partner List"). Only the Contractor or its Authorized Partners may provide goods and services under this contract.

The Contractor must provide a sample quote and invoice from each proposed partner before the State approves the partner as an Authorized Partner. The sample quote and invoice must contain the minimum following information and will be attached to the Contract.

- Customer name
- State Contract number
- Item description
- Item quantity
- List price
- Contract discount
- Price after discount

The Contractor may update the list of Authorized Partners to add or remove a partner at any time during the Contract period by submitting a revised Authorized Partner List to the State. A revision to the Authorized Partner List under this paragraph does not need be made through a written amendment to the Contract. The State reserves the right to review and approve any new partner prior to accepting the revised Authorized Partner List. The State will not unreasonably deny the addition of a new partner unless the proposed new partner is listed on the State or the federal debarment list. A revised Authorized Partner List must be accepted in writing by the State before it is effective.

5.4.3 Training Program and Contractual Agreement. The Contractor must have a training program and a contractual agreement with its Authorized Partners. The training program and contractual agreement must

include but is not limited to an Authorized Partner's responsibilities and compliance with applicable State and federal laws. Applicable State and federal laws, include but are not limited to the Minnesota Government Data Practices Act, FERPA, HIPAA, and Worker's Compensation. The Contractor is liable and responsible for its Authorized Partner's compliance with such laws.

5.4.4 Compliance with the Contract. The Contractor is responsible and liable for its Authorized Partner's compliance with the specifications, warranties, and requirements contained in the Contract between the Contractor and the State.

5.4.5 Purchase Orders and Payment. An Authorized Partner may accept a purchase order or invoice or accept payment. The Contractor must ensure that all sales initiated by an Authorized Partner must be clearly defined in the State's required reports, including but not limited to administration fees payable to the State.

5.5 Any amendment to the Master Agreement shall be deemed incorporated into this Participating Addendum unless the amendment is rejected by the Participating Entity in writing to Contractor within ten (10) calendar days of the amendment's effective date and is documented thereafter via written amendment hereto.

5.6 Any conflict between this Participating Addendum and the Master Agreement will be resolved in favor of the Participating Addendum.

6. **Governing Law and Jurisdiction.**

The construction and effect of this Contract and any Orders placed hereunder will be governed by, and construed in accordance with, the substantive and procedural laws of Minnesota. The Participating Entity, Ordering Entity, and Contractor agree to submit to the exclusive jurisdiction of, and venue in, the state or federal courts with competent jurisdiction in Ramsey County, Minnesota, without regard to its choice-of-law provisions.

7. **Orders.**

7.1 Ordering Entities may place orders under this Contract by referencing the Minnesota Contract Number on an Order. Each Order placed under this Contract is subject to the pricing and terms set forth herein and in the Master Agreement, including applicable discounts, reporting requirements, and payment of administrative fees to NASPO ValuePoint and Participating Entity, if applicable.

7.2 In the event that any provision of Contractor's ordering document is contrary to Minnesota law; such provision shall be null and void. The terms of the Contract, the Master Agreement, and duly executed Contractor's ordering documents shall be read as cumulative and complimentary to the extent possible, with conflicts resolved in favor of the Contract.

8. **Usage Reports.**

Contractor must track and report to the State usage data on this Contract (Usage Reports). Usage Reports should be sent via email to osp.usagereports@state.mn.us. A Usage Report must identify the State Contract Number and provide the following information:

- The total amount of spend under the Contract by the State and other entities,
- The total amount of spend by State agencies, and
- The total amount of spend by other entities (CPV members).

Contractor must send a quarterly Usage Report, or as otherwise requested. Quarters are as follows:

- First Quarter, from July 1 to September 30,
- Second Quarter, from October 1 to December 31,
- Third Quarter, from January 1 to March 31, and
- Fourth Quarter, from April 1 to June 30.

A quarterly Usage Report is due within thirty days of the end of a quarter. A requested Usage Report is due within thirty days from when the request was made. Contractor must provide the State with a final Usage Report within 30 calendar days of the expiration or termination of the Contract. Failure to provide a Usage Report may result in the State cancelling the Contract. This term survives the expiration or termination of the Contract.

9. Administrative Fee.

Contractor must remit to the Department of Administration, Office of State Procurement on a quarterly basis an administration fee of 1% (.01 multiplication factor) of the total amount of spend under the Contract as reported in the Usage Report (Administrative Fee). The Administrative Fee is due within thirty days of the end of a quarter. The Administrative Fee may be submitted through Automated Clearing House (ACH) or by check. Contact CPV.Program@state.mn.us for detailed information on the ACH payment option. If paying by check, the check should be made payable to the State of Minnesota, and submitted to:

Office of State Procurement
112 Administration Building
50 Sherburne Avenue
St. Paul, MN 55155

10. Survival of Terms.

The following sections survive the expiration or cancellation of this Contract and all Orders: Indemnification, Data Disclosure, State Audits, Government Data Practices, Governing Law and Jurisdiction, Intellectual Property Indemnification, Publicity and Endorsement, and Usage Reporting Requirements and Administrative Fee. Any other Contract term that expressly states or by its nature shall survive, shall survive. Software licenses, warranty, maintenance agreements, and service agreements that were entered into under the terms and conditions of the Contract shall survive the expiration or termination of this Contract.

11. Order of Precedence.

The following documents, in order of precedence, are incorporated herein by reference and constitutes the entire Contract between the Contractor and the State:

- a. The Minnesota Participating Addendum, including all attached Exhibits, and
- b. The NASPO ValuePoint Master Agreement.

In the event of a conflict in language among any of these documents, the terms and conditions set forth or referenced in this Contract shall prevail over conflicting terms and conditions. The order of precedence between documents following the Minnesota Contract shall be read as consistent with the Order of Precedence established in the Master Agreement. If any provision of the Contract or NASPO ValuePoint Master Agreement is contrary to Minnesota law, such provision shall be null and void.

12. Entire Agreement.

12.1 By placing an order under this Contract, each Ordering Entity agrees that this Contract and any agreement or information that is incorporated by written reference into this Contract or the applicable ordering document (including reference to information contained in a URL or referenced policy), together with the applicable ordering document, are the complete agreement for the order by such Ordering Entity and supersede all prior or

contemporaneous agreements or representations, written or oral, regarding such order. No financial obligation of the Participating State or any Ordering Entity shall be affected by any change to information contained in a URL or referenced policy, nor will any additional material obligations be placed on the Participating State or any Ordering Entity as a result of any such changes.

12.2 It is expressly agreed that the terms of this Contract and any order shall supersede the terms in any click-through agreement, procurement internet portal, or any other similar Contractor document, and no terms included in any such click-through agreement, portal, or other Contractor document shall apply to the order. Any order may not modify, diminish, or derogate the terms of Contract or add additional terms and conditions without prior written approval by the State's Authorized Representative.

13. Submission of Participating Addendum to NASPO ValuePoint.

Upon execution, Contractor shall email a copy of this Participating Addendum and any amendments hereto to NASPO ValuePoint at pa@naspovaluepoint.org. While Participating Entity will maintain the official record of this Participating Addendum, the Parties agree that this Participating Addendum, as amended, may be published on the NASPO ValuePoint website.

The undersigned for each Party represents and warrants that this Participating Addendum is a valid and legal agreement binding on the Party and enforceable in accordance with the Participating Addendum's terms and that the undersigned is duly authorized and has legal capacity to execute and deliver this Participating Addendum and bind the Party hereto.

IN WITNESS WHEREOF, the parties have executed this Addendum as of the date of execution by both parties below.

1. Getac, Inc.

The Contractor certifies that the appropriate person(s) have executed the Contract on behalf of the Contractor as required by applicable articles, bylaws, resolutions, or ordinances.

Minnesota Exhibit A

1. Definitions.

1.1 CPV Members. The Cooperative Purchasing Venture (CPV) program was established by Minn. Stat. § 16C.03, subd. 10, which authorizes the commissioner of the Minnesota Department of Administration (Commissioner of Administration) through its Office of State Procurement (OSP) to enter into a cooperative purchasing agreement for the provision of goods, services, and utilities” with one or more governmental units and other entities as described in Minn. Stat. § 471.59, subd. 1 and Minn. Stat. § 16C.03, subd. 10. Based on this authority, the Commissioner of Administration enters into a joint powers agreement that designates OSP as the authorized purchasing agent for the governmental unit or other entity. Governmental units and other entities joining the program are given an access code which identifies them as CPV members and permits them to access the OSP website to get information about commodities and/or services available on the State of Minnesota (State) contracts. Governmental units and other entities who are not members of the CPV program are not authorized to use the contract prices. The Contractor agrees to provide the contract to CPV members at the same prices, terms, conditions, and specifications. For additional information, visit the OSP website at <https://mn.gov/admin/osp/other-purchasers/cpv/>.

1.2 State Agencies. This term applies only to State agencies and departments, as defined in Minn. Stat. §§ 15.01 and 15.021.

1.3 Ordering Entity. This term means the Purchasing Entity, and it applies to any State Agency or CPV Member placing an order under the Contract.

1.4 State and State of Minnesota. These two terms apply to the Minnesota Department of Administration, Office of State Procurement (OSP), representing the State of Minnesota as the contracting agency for the Contract. These terms also apply to the State's Office of MN.IT Services when acting within its statutorily defined contracting capacity.

2. Prompt Payment and Invoicing.

2.1 The Ordering Entity will pay the Contractor pursuant to Minn. Stat. § 16A.124, which requires payment within 30 days following receipt of an undisputed invoice, or merchandise or service, whichever is later. Terms requesting payment in less than 30 days will be changed to read “Net 30 days.” Notwithstanding the foregoing, the Ordering Entity may pay the Contractor in advance for purchases as allowed pursuant to Minn. Stat. §16A.065.

The payment for each order will only be made for goods received or services actually performed that have been accepted by the Ordering Entity, and meet all terms, conditions, and specifications of the Contract and the ordering document. All services delivered under an Order must be performed to the Ordering Entity’s satisfaction and in accordance with all applicable federal, state, and local laws, ordinances, rules, and regulations including business registration requirements of the Office of the Secretary of State. The Contractor will not receive payment for any portion of work found by the Ordering Entity to be unsatisfactory or performed in violation of federal, state, or local law.

2.2 Invoicing. The invoice must be in the same format as the sample invoice attached to Supplement 2 to Exhibit A, unless an alternative format is approved in writing by the State Authorized Representative, or delegate. See Exhibit A, Supplement 2, for a list of minimum invoice requirements.

2.3 Retainage. Under Minn. Stat. § 16C.08, subd. 2 (10), no more than 90 percent of the amount due for Services under an Order may be paid until the final product of such Services has been reviewed by the Ordering Entity. The balance due will be paid when the Ordering Entity determines that the Contractor has satisfactorily fulfilled all the terms of this Contract and the Order. For the avoidance of doubt, this Section 2.3 shall only apply to Services and shall not apply to any other item on any Order.

3. **No Automatic Renewals.**

The Ordering Entity does not agree to any automatic renewals which require the payment of additional fees.

4. **Assignment and Amendments.**

4.1 Assignment. The Contractor may neither assign nor transfer any rights or obligations under this Contract without the prior consent of the State and a fully executed assignment agreement, executed and approved by the authorized parties or their successors.

4.2 Amendments. Any amendment to this Contract must be in writing and will not be effective until it has been executed and approved by the authorized parties or their successors.

5. **Termination.**

In addition to Paragraphs 42 and 44 to the Master Agreement, the State may immediately terminate this Contract if it does not obtain funding from the Minnesota Legislature, or other funding source; or if funding cannot be continued at a level sufficient to allow for the payment of the services covered here. Termination must be by written notice to the Contractor. The State is not obligated to pay for any services that are provided after notice and effective date of termination. However, the Contractor will be entitled to payment, determined on a pro rata basis, for services satisfactorily performed to the extent that dedicated funds are available. Contractor shall be entitled to collect payment in accordance with Section 2 of this Exhibit A, for any satisfactory goods ordered prior to contract termination. The State will not be assessed any penalty if the Contract is terminated because of the decision of the Minnesota Legislature, or other funding source, not to appropriate funds. The State must provide the Contractor notice of the lack of funding within a reasonable time of the State's receiving that notice. Contractor may terminate this Contract upon 60 days' written notice to State. Termination by Contractor shall not relieve it of obligations to perform under any orders placed and accepted by Contractor prior to termination.

6. **Indemnification.**

In addition to Paragraph 34 of Exhibit A to the Master Agreement, nothing within this Contract, whether express or implied, shall be deemed to create an obligation on the part of the State to indemnify, defend, hold harmless or release the Indemnifying Party. This shall extend to all agreements related to the subject matter of this Contract, and to all terms subsequently added, without regard to order of precedence.

7. **Delivery.**

7.1 All commodities and services furnished will be subject to inspection and acceptance by the Ordering Entity after delivery.

7.2 No substitutions or cancellations are permitted without approval of the Ordering Entity.

7.3 Back orders, failure to meet delivery requirements, or failure to meet specifications in the purchase order or the Contract authorizes the Ordering Entity to cancel the purchase order, or any portion of it.

8. **Warranty.**

The Contractor warrants to the Ordering Entity that materials and equipment furnished under the Contract will be free from defects not inherent in the quality required or permitted and shall perform in accordance with and subject to the terms set forth in Contractor's standard warranty attached hereto as Exhibit B ("Hardware Warranty").

All installation materials and labor shall be guaranteed to conform to specifications for a period of one (1) year following the date of final acceptance. During the first year following acceptance, the Contractor shall, upon notification by the ordering entity of any malfunctions, make necessary repairs, including labor, travel, and materials, at the Contractor's expense in accordance with Contractor's Hardware Warranty

9. Items Offered as New.

All products, materials, supplies, replacement parts, and equipment offered and furnished must be new, of current manufacturer production, and must have been formally announced by the manufacturer as being commercially available, unless otherwise stated in this Contract. Notwithstanding the foregoing, Contractor may supply used or refurbished products and parts if satisfying its obligations under the Hardware Warranty.

10. Subcontracting and Subcontract Payment.

10.1 Subcontracting Allowed. A subcontractor is a person or company that has been awarded a portion of the Contract by Contractor. Only subcontractors that have been approved by the Contract Administrator can be used for this Contract. The list of approved subcontractors is attached and incorporated into this Contract as Supplement 3 to Exhibit A.

10.1.1 After the effective date of the Contract, the Contractor shall not, without prior written approval of the State's Authorized Representative, subcontract for the performance of any of the Contractor's obligations that were not already approved for subcontracting when the Contract was awarded. During this Contract, if an approved subcontractor is determined to be performing unsatisfactorily by the State's Authorized Representative, the Contractor will receive written notification that the subcontractor can no longer be used for this Contract.

10.1.2 The provisions of the Contract shall apply with equal force and effect to all approved subcontractors engaged by the Contractor. Notwithstanding approval by the State, no subcontract shall serve to terminate or in any way affect the primary legal responsibility of the Contractor for timely and satisfactory performances of the obligations contemplated by the Contract.

10.2 Subcontractor Payment. Contractor must pay any subcontractor in accordance with Minn. Stat. § 16A.1245.

11. Data Disclosure.

Under Minn. Stat. § 270C.65, subd. 3 and other applicable law, the Contractor consents to disclosure of its social security number, federal employer tax identification number, and/or Minnesota tax identification number, already provided to the State, to federal and state agencies, and state personnel involved in the payment of state obligations. These identification numbers may be used in the enforcement of federal and state laws which could result in action requiring the Contractor to file state tax returns, pay delinquent state tax liabilities, if any, or pay other state liabilities.

12. Intellectual Property Rights and Intellectual Property Indemnification.

12.1 Definitions. For the purpose of this Section, the following words and phrases have the assigned definitions:

12.1.1 "Documents" are the originals of any databases, computer programs, reports, notes, studies, photographs, negatives, designs, drawings, specifications, materials, tapes, disks, or other materials, whether in tangible or electronic forms, prepared by the Contractor, its employees, agents, or subcontractors, in the performance of this Contract.

12.1.2 "Pre-Existing Intellectual Property" means intellectual property developed prior to or outside the scope of this Contract, and any derivatives of that intellectual property.

12.1.3 "Works" means all inventions, improvements, discoveries (whether or not patentable), databases, computer programs, reports, notes, studies, photographs, negatives, designs, drawings, specifications, materials, tapes, and disks conceived, reduced to practice, created or originated by the Contractor, its employees, agents, and subcontractors, either individually or jointly with others in the exclusive performance of this Contract. "Works" includes Documents and excludes Pre-Existing Intellectual Property.

12.2 Ownership. The State owns all rights, title, and interest in all of the intellectual property rights, including copyrights, patents, trade secrets, trademarks, and service marks in the Works and Documents created and paid for under this Contract. The Documents shall be the exclusive property of the State and all such Documents must be immediately returned to the State by the Contractor upon completion or cancellation of this Contract. To the extent possible, those Works eligible for copyright protection under the United States Copyright Act will be deemed to be “works made for hire.” The Contractor assigns all right, title, and interest it may have in the Works and the Documents to the State. The Contractor must, at the request of the State, execute all papers and perform all other acts necessary to transfer or record the State’s ownership interest in the Works and Documents.

12.3 Pre-existing Intellectual Property. Each Party shall retain ownership of its respective Pre-Existing Intellectual Property. The Contractor grants the State a perpetual, irrevocable, non-exclusive, royalty free license for Contractor’s Pre-Existing Intellectual Property that are incorporated in the products, materials, equipment, deliverables, or services that are purchased through the Contract. Notwithstanding the foregoing and with respect to software which is acquired by the state on a subscription basis only, Contractor grants a revokable, non-exclusive, license to use such software in accordance with the terms of such software license.

12.4 Obligations.

12.4.1 Notification. Whenever any invention, improvement, or discovery (whether or not patentable) is made or conceived for the first time or actually or constructively reduced to practice by the Contractor, including its employees and subcontractors, in the performance of this Contract, the Contractor will immediately give the State’s Authorized Representative written notice thereof, and must promptly furnish the State’s Authorized Representative with complete information and/or disclosure thereon.

12.4.2 Representation. The Contractor must perform all acts, and take all steps necessary to ensure that all intellectual property rights in the Works and Documents are the sole property of the State, and that neither Contractor nor its employees, agents, or subcontractors retain any interest in and to the Works and Documents. The Contractor represents and warrants that the Works and Documents do not and will not infringe upon any intellectual property rights of other persons or entities.

12.4.3 Indemnification. Notwithstanding any other indemnification obligations addressed within this Contract, the Contractor will indemnify; defend, to the extent permitted by the Attorney General; and hold harmless the State, at the Contractor’s expense, from any action or claim brought against the State to the extent that it is based on a claim that all or part of the Works or Documents infringe upon the intellectual property rights of others. The Contractor will be responsible for payment of any and all such claims, demands, obligations, liabilities, costs, and damages, including but not limited to, attorney fees. If such a claim or action arises, or in the Contractor’s or the State’s opinion is likely to arise, the Contractor must either procure for the State the right or license to use the intellectual property rights at issue or replace or modify the allegedly infringing works or documents as necessary and appropriate to obviate the infringement claim. This remedy of the State will be in addition to and not exclusive of other remedies provided by law.

13. Copyright.

The Contractor shall save and hold harmless the State of Minnesota, its officers, agents, servants and employees, from liability of any kind or nature, arising from the use of any copyrighted or noncopyrighted compositions, secret process, patented or nonpatented invention, article or appliance furnished or used in the performance of the Contract.

14. Publicity and Endorsement.

14.1 Publicity. Any publicity regarding the subject matter of this Contract must identify the State as the sponsoring agency and must not be released without prior written approval from the State’s Authorized Representative, unless required by the Master Agreement. For purposes of this provision, publicity includes notices, informational

pamphlets, press releases, information posted on corporate or other websites, research, reports, signs, and similar public notices prepared by or for the Contractor individually or jointly with others, or any subcontractors, with respect to the program, publications, or services provided resulting from this Contract.

14.2 Endorsement. The Contractor must not claim that the State endorses its products or services, or make any representations of the State's opinion or position as to the quality or effectiveness of the products or services that are the subject of the Contract without the prior written consent of the State's Authorized Representative.

Representations include any publicity, including but not limited to advertisements, notices, press releases, reports, signs, and similar public notices.

15. Contractor's Documents.

Any licensing and maintenance agreement, or any order-specific agreement or document, including any pre-installation, linked or "click through" agreement that is allowed by, referenced within or incorporated within the Contract whenever the Contract is used for a procurement, whether directly by the Contractor or through a Contractor's agent, subcontractor or reseller, is agreed to only to the extent the terms within any such agreement or document do not conflict with the Contract or applicable Minnesota or Federal law, and only to the extent that the terms do not modify, diminish or derogate the terms of the Contract or create an additional financial obligation to the Ordering Entity. Any such agreement or document must not be construed to deprive the Ordering Entity of its sovereign immunity, or of any legal requirements, prohibitions, protections, exclusions or limitations of liability applicable to this Contract or afforded by Minnesota law. An Ordering Entity's employee's decision to choose "accept" or an equivalent option associated with a "click-through" agreement does not constitute the Ordering Entity's concurrence or acceptance of terms, if such terms are in conflict with this section.

16. Insurance.

If applicable, prior to execution of the Contract, the Contractor will be required to provide a copy of a Certificate of Insurance, including workers' compensation insurance coverage requirements of Minn. Stat. § 176.181 subd. 2, and other coverages per the insurance requirements if included in the Contract and per the insurance requirements of Supplement 1 of Exhibit A.

17. Pricing Changes.

No price adjustments or discount reductions are allowed unless approved by the Lead State for the Master Agreement and adopted by the State of Minnesota through a fully executed amendment to this Contract.

18. Taxes.

Do not add sales tax to the prices being offered. State Agencies hold a Direct Payment Authorization Letter which is used to pay applicable taxes directly to the Department of Revenue. Contractors may go to <http://www.revenue.state.mn.us> to learn about the applicable sales tax (search "Fact Sheet 142"). Contractor may add, and nothing in this Contract shall be construed to prohibit Contractor from adding, actual additional costs from tariffs to pricing provided under the Master Agreement. Any costs from tariffs must be listed on the quote for the relevant products as a separate line item and must be on a "not to exceed" basis.

19. E-Verify Certification.

For services valued in excess of \$50,000, Contractor certifies that as of the date of services performed on behalf of the State, Contractor and all its subcontractors will have implemented or be in the process of implementing the federal E-Verify Program for all newly hired employees in the United States who will perform work on behalf of the State. Contractor is responsible for collecting all subcontractor certifications and may do so utilizing the E-Verify Subcontractor Certification Form available at <http://www.mmd.admin.state.mn.us/doc/EVerifySubCertForm.doc>. All subcontractor certifications must be kept on file with Contractor and made available to the State upon request.

20. Diverse Spending Reporting.

If the total value of the Contract may exceed \$500,000, including all extension options, Contractor must track and report, on a quarterly basis, the amount paid to diverse businesses both: 1) directly to subcontractors performing under the Contract, and 2) indirectly to diverse businesses that provide supplies/services to your company (in proportion to the revenue from this Contract compared to Contractor's overall revenue). When this applies, Contractor will register in a free portal to help report the Tier 2 diverse spend, and the requirement continues as long as the Contract is in effect.

21. Debarment by State, its Departments, Commissions, Agencies, or Political Subdivisions.

Contractor certifies that neither it nor its principals is presently debarred or suspended by the State, or any of its departments, commissions, agencies, or political subdivisions. Contractor's certification is a material representation upon which the Contract award was based. Contractor shall provide immediate written notice to the State's Authorized Representative if at any time it learns that this certification was erroneous when submitted or becomes erroneous by reason of changed circumstances.

22. Federal Funds.

Orders funded with federal funds may have additional contractual requirements or certifications that must be satisfied at the time the Order is placed or upon delivery. When applicable, an Ordering Entity will identify in the Order any alternative or additional requirements related to the use of federal funds. By accepting the Order, Contractor agrees to comply with the requirements set forth therein.

22.1 Compliance with Federal Requirements. Federal money will be used or may potentially be used to pay for all or part of the goods, construction or services under the Contract. The Contractor is responsible for compliance with all federal requirements imposed on the funds and accepts full financial responsibility for any requirements imposed by the Contractor's failure to comply with federal requirements.

22.2 Certification regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion. Federal money will be used or may potentially be used to pay for all or part of the work under the Contract, therefore Contractor certifies that it is in compliance with federal requirements on debarment, suspension, ineligibility and voluntary exclusion specified in the solicitation document implementing Executive Order 12549. Contractor's certification is a material representation upon which the Contract award was based.

23. Supply Chain Security.

Notwithstanding anything else in this Section, this Section does not and shall not limit any other rights of the State under this Contract, including, but not limited to, warranties, acceptance, and return policy, if any.

23.1 Security Practices and Preventive Controls. The Contractor will use reasonable commercial efforts to ensure that the Contractor and any subcontractors or third parties involved in assembling, manufacturing, packaging, distributing, handling, warehousing, transporting or shipping State goods, including goods intended to be but not yet delivered to the State, meet all applicable security standards and all applicable local, state, federal, and international laws, rules and regulations (hereinafter "supply chain security").

Contractor represents and warrants that it holds current certifications for ISO 27001, 27017, 27018, and 27036. Contractor further represents and warrants that its manufacturing parent company holds current certifications for ISO 27001 and 9001. Contractor will promptly notify OSP and MN.IT of any change to its certification/accreditation.

Alternatively, if Contractor is not certified/accredited or loses certification/accreditation, Contractor must complete a MN.IT security form to confirm that it complies with supply chain security. The form will require supporting documentation of any responses and must be completed to MN.IT's satisfaction.

23.2 Notification of Supply Chain Security Breach. Contractor will promptly notify OSP, MN.IT, and the ordering entity, if different from MN.IT, of any breach of supply chain security involving State goods, including goods

intended to be but not yet delivered to the State. Breach of supply chain security includes, but is not limited to, cargo theft, tampering, unauthorized access, or other activities that involve reasonably articulable suspicious actions or circumstances. Goods received with viruses, malware or similar security deficiencies constitute breach of supply chain security.

23.3 Return/Rejection of Goods. Notwithstanding anything to the contrary, if a breach of supply chain security has occurred or the State in good faith suspects, as evidenced by reasonably articulable actions or circumstances, a breach may have occurred, including evidence that packaging or goods were tampered with or damaged, the State may reject delivery of those goods or return any of those goods already delivered. Prior to or contemporaneous with rejecting delivery and returning goods pursuant to this section, the State shall notify Contractor of its intention to so reject and return and its reason(s) for doing so. Breach of supply chain security has the meaning described in the preceding Subsection "Notification of Supply Chain Security Breach." Rejection of delivery or return of goods shall be solely the responsibility and at the cost and expense of the Contractor.

The State may sanitize or destroy components of the goods prior to returning the goods to Contractor or instruct Contractor to promptly sanitize or destroy goods upon their return. Following the completion of any such sanitization or destruction, and upon request by MN.IT, the Contractor shall provide a Certificate of Data Destruction/Sanitization that meets the requirements of the then current version of NIST Special Publication 800-88 or DOD 5220.22-M Supplement. The Certificate of Data Destruction/Sanitization must be provided to MN.IT, if requested, within one month following the return of the goods.

At no additional expense to the State, Contractor must provide within a reasonable time frame replacement goods for any goods that were rejected at delivery or returned due to a supply chain security breach. Any costs and expenses associated with removal or replacement of the goods, including sanitization and destruction costs and expenses, will be the responsibility of the Contractor.

24. Security and Data Protection.

Contractor is responsible for the security and protection of State data subject to and related to Cloud Services in this Contract. The terms, conditions, and provisions of this Security and Data Protection section take precedence and will prevail over any other terms, conditions, and provisions of the Contract, if in conflict. This Security and Data Protection section, including its sub-sections, survives the completion, termination, expiration, or cancellation of the Contract.

24.1 For the purposes of this Security and Data Protection section, the following terms have the following meanings:

24.1.1 "Cloud Services" includes "cloud computing" as defined by the U.S. Department of Commerce, NIST Special Publication 800-145 (currently available online at: <http://nvlpubs.nist.gov/nistpubs/Legacy/SP/nistspecialpublication800-145.pdf>) and any other software, hardware, hosting service, subscription, or other service or product by which Contractor stores, transmits, processes or otherwise has access to State data.

24.1.2 "State" means the State, or a cooperative purchasing venture ("CPV") member when the CPV member is the ordering entity (if CPV purchases are permitted under this Contract).

24.1.3 "Data" has the meaning of "government data" in Minn. Stat. § 13.02, subd. 7.

24.1.4 "Not public data" has the meaning in Minn. Stat. § 13.02, subd. 8a.

24.1.5 "Security incident" means any actual, successful or suspected: (1) improper or unauthorized access to, viewing of, obtaining of, acquisition of, use of, disclosure of, modification of, alteration to, loss of, damage to or destruction of State data; (2) interference with an information system; (3) disruption of or to Contractor's service(s); or (4) any similar or related incident.

24.1.6 "Privacy incident" means violation of the Minnesota Government Data Practices Act (Minnesota Statutes chapter 13); violation of federal data disclosure or privacy requirements in federal laws, rules and regulations; or breach of a contractual obligation to protect State data. This includes, but is not limited to, improper or unauthorized access to, viewing of, obtaining of, acquisition of, use of, disclosure of, damage to, loss of, modification of, alteration to or destruction of State data protected by such State or federal laws or by contract.

24.2 Data Ownership. The State solely and exclusively owns and retains all right, title and interest, whether express or implied, in and to any and all State data. Contractor has no and acquires no right, title or interest, whether express or implied, in and to State data.

Contractor will only use State data for the purposes set forth in the Contract. Contractor will only access State data as necessary for performance of this Contract. Contractor will not access State user accounts except to respond to service or technical problems or at the State's specific request.

All State data, including copies, summaries, and derivative works thereof, must be remitted, in a mutually agreeable format and media, to the State by the Contractor within 45 days of request or completion, termination or cancellation of the Contract at expense to the State. The foregoing sentence does not apply if the State Chief Information Security Officer or delegate authorizes in writing the Contractor to sanitize or destroy the data and the Contractor certifies in writing the sanitization or destruction of the data. Any such sanitization or destruction will be at the Contractor's sole cost and expense.

In the event Contractor receives a request to release any State data, Contractor must immediately notify the State's data practices compliance official. The State will give Contractor instructions concerning the release of the data to the requesting party before the data is released. Contractor must comply with the State's instructions. The civil remedies of Minn. Stat. § 13.08 apply to the release of the data by Contractor. Notification of Incidents. If Contractor becomes aware of or has reasonable suspicion of a privacy incident or security incident regarding any State data, Contractor must report such incident to the State and the State Chief Information Security Officer as soon as possible, but no later than twenty-four (24) hours after discovery of such incident. The decision to notify the affected data subjects and the form of such notice following report of a privacy incident or security incident are the responsibility of the State. Notwithstanding anything to the contrary in this Contract, Contractor will indemnify, hold harmless and defend the State and its officers, and employees for and against any claims, damages, costs and expenses related to any privacy incident or security incident involving any State data and for which Contractor was grossly negligent or acted with willful misconduct. For purposes of clarification, the foregoing sentence shall in no way limit or diminish Contractor's obligation(s) to indemnify, save, hold harmless, or defend the State under any other term of this Contract. Contractor will reasonably mitigate any harmful effects resulting from any privacy incident or security incident involving any State data.

24.3 Security Program. Contractor will make best efforts to protect and secure the State data related to this Contract. Contractor will establish and maintain an Information Security Program ("Program") that includes an information security policy applicable to any and all Cloud Services ("Policy"). Contractor's Program and Policy must align with appropriate industry security frameworks and standards such as ISO 27017 and 27018, National Institute of Standards and Technology ("NIST") 800-53 Special Publication Revision 4, Federal Information Processing Standards ("FIPS") 199, Federal Risk and Authorization Management Program ("FedRamp"), or Control Objectives for Information and Related Technology ("COBIT").

24.4 Data Management. Contractor will not use State data, including production data, for testing or development purposes unless authorized in writing by the State Chief Information Security Officer or delegate. Contractor will implement and maintain procedures to physically and logically segregate State data, unless otherwise explicitly authorized by the State Chief Information Security Officer or delegate.

24.5 Data Encryption. Contractor must encrypt or permit the State to encrypt all State data at rest and in transit, in compliance with FIPS Publication 140-2 or applicable law, regulation or rule, whichever is a higher standard. All encryption keys must be unique to State data. Contractor will secure and protect all encryption keys to State data, if Contractor hosts such keys. Encryption keys to State data will only be accessed by Contractor as necessary for performance of this Contract.

24.6 Data Storage. Contractor warrants that any and all State data in Contractor's possession will be stored, processed, and maintained solely on designated servers and that no such data at any time will be processed on or transferred to any portable computing device or any portable storage medium, unless that storage medium is in use as part of the Contractor's designated backup and recovery processes, or as required to fulfil Contractor's obligations to the State.

24.7 Data Center and Monitoring/Support Locations. During the term of the Contract, Contractor will: (1) locate all production and disaster recovery data centers that store, process or transmit Not Public Data only in the continental United States, (2) store, process and transmit Not Public Data only in the continental United States, and (3) locate all monitoring and support of all Cloud Services only in the continental United States. The State has the right to on-site visits and reasonable inspection of the data centers upon notice to Contractor of seven calendar days prior to visit.

24.8 Security Audits & Remediation. Contractor will audit the security of the systems and processes used to provide any and all Cloud Services, including those of the data centers used by Contractor to provide any and all Cloud Services to the State. This security audit: (1) will be performed at least once every calendar year beginning with 2016; (2) will be performed according Statement on Standards for Attestation Engagements ("SSAE") 16 Service Organization Control ("SOC") 2, International Organization for Standardization ("ISO") 27001, or FedRAMP; (3) will be performed by third party security professionals at Contractor's election and expense; (4) will result in the generation of an audit report ("Contractor Audit Report"), which will, to the extent permitted by applicable law, be deemed confidential information and as not public data under the Minnesota Government Data Practices Act (Minnesota Statutes chapter 13); and (5) may be performed for other purposes in addition to satisfying this section.

Contractor will make best efforts to remediate any control deficiencies identified in the Contractor Audit Report in a commercially reasonable timeframe.

If the State becomes aware of any other Contractor controls that do not substantially meet the State's requirements, the State may request remediation from Contractor. Contractor will make best efforts to remediate any control deficiencies identified by the State or known by Contractor, in a commercially reasonable timeframe.

24.9 Subcontractors and Third Parties. Contractor warrants that no State data will be transmitted, exchanged or otherwise provided to other unaffiliated third parties except as specifically agreed to in writing by the State Chief Information Security Officer or delegate. Contractor must ensure that any contractors, subcontractors, agents and others to whom it provides State data, agree in writing to be bound by the same restrictions and conditions under this Contract that apply to Contractor with respect to such data.

Compliance with Data Privacy and Security Laws and Standards. Contractor shall comply with all applicable State and federal data privacy and data security laws, rules, and regulations.

24.10 Remedies. Contractor acknowledges that the State, because of the unique nature of its data, would suffer irreparable harm in the event that Contractor breaches its obligation under this Security and Data Protection section, and monetary damages may not adequately compensate the State for such a breach. In such circumstances, the State will be entitled, in addition to monetary relief, to injunctive relief or specific performance as may be necessary to restrain any continuing or further breach by Contractor, without showing or proving any actual damages sustained by the State.

24.11 Business Continuity. Contractor shall have written business continuity and disaster recovery plans that define the roles, responsibilities, and procedures necessary to ensure that Cloud Services provided under this Contract shall be maintained continuously in the event of a disruption to the Contractor's operations, regardless of the cause of the disruption. Such plans must, at a minimum, define the Contractor's actions to address the impacts of the following key areas likely to cause a disruption to Contractor's operations: loss of key personnel, loss of facility, and loss of information technology. Contractor must conduct testing and review of its business continuity and disaster recovery plan at least annually. Upon State request, Contractor must also participate, at mutually agreed upon times, in State business continuity and disaster recovery testing, training, and exercise activities.

In the event of termination or cancellation of this Contract for any reason, the Contractor shall continue to provide, at State's expense, any then-existing Cloud Services for as long as the State needs to transfer its data, software and other assets to an alternate service or service provider. After any such termination or cancellation, the State may purchase the continuing Cloud Services at a price determined by Contractor using the same methodology employed by Contractor to determine the pricing in effect prior to such termination or cancellation. The fee for any such purchase shall be prorated for the period of time needed, as determined by the State, and shall be reduced by the amount paid for Cloud Services that were not used prior to such termination or cancellation. The amount of any such fee reduction shall be determined on a pro-rata basis. If the State terminates this Contract pursuant to Paragraph 44 of Exhibit A to the Master Agreement, the Contractor shall refund to the State any unused portion of payments for Cloud Services.

24.12 Background Checks. Contractor represents that it has conducted and will conduct background investigations into all of Contractor's agents, employees, and subcontractors that will provide Cloud Services to the State. Such background investigations must have been or will be conducted by investigating local, state and federal criminal records, local, state and federal civil case records, and employment references.

If any provision of this sub-section is found to violate any applicable laws, rules, or State policies, then the Contractor will be relieved of all obligations arising under such provision. Notwithstanding anything to the contrary in this sub-section, this sub-section is only applicable and effective to extent that it is consistent with applicable laws, rules, and State policies.

24.13 Secure Coding. Cloud Services are provided on an as-is, as-available basis, without any warranty of any kind, except as set forth herein. Contractor warrants that all Cloud Services are free from any and all viruses, malware, and other harmful or malicious code. Contractor must scan all source code for vulnerabilities, including before and after any source code changes are made and again before being placed into production, and must promptly remediate any and all vulnerabilities. Contractor must follow best practices for application code review and the most current version of the OWASP top 10.

24.14 Compliance with Data Privacy and Security Laws and Standards. Contractor shall comply with the applicable State of Minnesota Information Security Policy & Standards incorporated herein by reference and available at <https://mn.gov/mnit/government/policies/security/>.

Contractor shall comply with all applicable requirements, restrictions, and conditions set forth in the Criminal Justice Information Services ("CJIS") – Security Policy, Version 5.3, dated 8/4/2014, including, but not limited to, conducting FBI fingerprint background checks on all of Contractor's agents, employees, and subcontractors that have or will have access to Criminal Justice Information ("CJI").

Contractor acknowledges that for the purposes of this Contract when storing, processing, transmitting or otherwise accessing State data subject to the Family Educational Rights and Privacy Act ("FERPA"), it is designated as a "school official" with "legitimate educational interests" in State data and associated metadata, as those terms have been defined under FERPA and its implementing regulations, and Contractor agrees to abide by the limitations and requirements imposed by 34 CFR 99.33(a) on school officials. Contractor shall use State data only for the purpose of

fulfilling its duties under the Contract and it will not monitor or share such data with or disclose it to any third party except as provided for in this Contract, as required by law, or as authorized in writing by the State. By way of illustration and not of limitation, Contractor will not use such data for Contractor's own benefit and, in particular, will not engage in "data mining" of such data or communications, whether through automated or human means, except as necessary to fulfill its duties under this Contract, or as specifically and expressly provided for in this Contract, as required by law, or authorized in writing by the State. Contractor agrees, upon request, to provide the State with a written summary of the procedures Contractor uses to safeguard State data.

For the term of this Contract, Contractor will maintain an ISO 27001 Certification for any and all Cloud Services provided under this Contract.

25. Rights and Remedies Cumulative.

All rights and remedies provided in the Contract are cumulative and not exclusive of any other rights or remedies that may be available to any Party, whether provided by law, equity, statute or otherwise.

26. No Mandatory Mediation or Arbitration.

Any term or condition that requires the parties to mediate or arbitrate is null and void. Voluntary dispute resolution procedures are valid to the extent allowed by law.

Minnesota Exhibit A, Supplement 1 Insurance Requirements

1. Notice to Contractor.

1.1 The Contractor is required to submit Certificates of Insurance acceptable to the State as evidence of insurance coverage requirements prior to commencing work under this Contract.

1.2 The Contractor shall not commence work under the contract until they have obtained all the insurance described below and the State has approved such insurance. Contractor shall maintain such insurance in force and effect throughout the term of this Contract, unless otherwise specified in this Contract.

1.3 The failure of the Contractor to provide a Certificate of Insurance, for the policies required under this Contract or renewals thereof, or failure of the insurance company to notify the State of the cancellation of policies required under this Contract shall not constitute a waiver by the State to the Contractor to provide such insurance.

1.4 The State reserves the right to immediately terminate this Contract if the Contractor is not in compliance with the insurance requirements and retains all rights to pursue any legal remedies against the Contractor. All insurance policies must be open to inspection by the State, and copies of policies must be submitted to the State's Authorized Representative upon written request.

1.5 If the Contractor uses another entity, including but not limited to a dealer, reseller, or distributor (collectively referred to as "Contractor's reseller") to provide goods or services under this contract, the following terms apply:

1.5.1 Because the Contractor's reseller(s) are independently owned and operated, and maintain their own insurance, the Contractor's reseller's insurance coverage must be evidenced by its own Certificate of Insurance. The Contractor's reseller's Certificate of Insurance must meet all the insurance requirements and limits set forth in the Contract.

1.5.2 The Contractor shall collect, review, approve, and maintain the applicable Certificates of Insurance, including but not limited to General Liability, Auto Liability, Umbrella, Workers' Compensation, and Garagekeepers or Property of Others, for all Contractor's resellers that will be providing goods or services under this contract. The Contractor acknowledges compliance with this provision. The Contractor must provide copies of the dealers' insurance documentation to the State upon request.

1.5.3 If a claim is made against a Contractor's reseller, and the Contractor's reseller's insurance coverage did or does not cover the claim, the Contractor is responsible for the claim because the contract is with the Contractor. The Contractor must pay any uninsured claims out-of-pocket. The State may enforce the indemnity clause in the contract.

2. Notice to Insurer.

2.1 The Contractor's insurance company(ies) waives its right to assert the immunity of the State as a defense to any claims made under said insurance.

2.2 Insurance certificate holder should be addressed as follows:

State of Minnesota
50 Sherburne Avenue, Room 112
St. Paul, MN 55155

3. Additional Insurance Conditions. The following apply to the Contractor, or the Contractor's subcontractor:

- 3.1 Contractor's policy(ies) shall be primary insurance to any other valid and collectible insurance available to the State with respect to any claim arising out of Contractor's performance under this Contract.
- 3.2 If Contractor receives a cancellation notice from an insurance carrier affording coverage herein, Contractor agrees to notify the State within five (5) business days with a copy of the cancellation notice, unless Contractor's policy(ies) contain a provision that coverage afforded under the policy(ies) will not be cancelled without at least thirty (30) days advance written notice to the State;
- 3.3 Contractor is responsible for payment of Contract related insurance premiums and deductibles;
- 3.4 If Contractor is self-insured, a Certificate of Self-Insurance must be attached;
- 3.5 Contractor's policy(ies) shall include legal defense fees in addition to its policy limits with the exception of professional liability.
- 3.6 Contractor's insurance companies must either (1) have an AM Best rating of A- (minus) and a Financial Size Category of VII or better, and be authorized to do business in the State of Minnesota or (2) be domiciled in the State of Minnesota and have a Certificate of Authority/Compliance from the Minnesota Department of Commerce if they are not rated by AM Best.
- 3.7 An Umbrella or Excess Liability insurance policy may be used to supplement the Contractor's policy limits to satisfy the full policy limits required by the Contract.

4. **Coverages.** Contractor is required to maintain and furnish satisfactory evidence of the following insurance policies:

4.1 **Commercial General Liability Insurance.** Contractor is required to maintain insurance protecting it from claims for damages for bodily injury, including sickness or disease, death, and for care and loss of services as well as from claims for property damage, including loss of use which may arise from operations under the Contract whether the operations are by the Contractor or by a subcontractor or by anyone directly or indirectly employed by the Contractor under the contract. Insurance minimum limits are as follows:

\$2,000,000 – per occurrence
 \$2,000,000 – annual aggregate
 \$2,000,000 – annual aggregate – applying to Products/Completed Operations

The following coverages shall be included:

- Premises and Operations Bodily Injury and Property Damage
- Personal and Advertising Injury
- Blanket Contractual Liability
- Products and Completed Operations Liability
- Other; if applicable, please list _____
- **State of Minnesota named as an Additional Insured**, to the extent permitted by law

4.2 **Commercial Automobile Liability Insurance.** Contractor is required to maintain insurance protecting it from claims for damages for bodily injury as well as from claims for property damage resulting from the ownership, operation, maintenance or use of all owned, hired, and non-owned autos which may arise from operations under this contract, and in case any work is subcontracted the contractor will require the subcontractor to maintain Commercial Automobile Liability insurance. Insurance minimum limits are as follows:

\$2,000,000 – per occurrence Combined Single limit for Bodily Injury and Property Damage

In addition, the following coverages should be included: Owned, Hired, and Non-owned Automobile.

Evidence of Subcontractor insurance shall be filed with the Contractor.

4.3 Workers' Compensation Insurance. Statutory Compensation Coverage. Except as provided below, Contractor must provide Workers' Compensation insurance for all its employees and, in case any work is subcontracted, Contractor will require the subcontractor to provide Workers' Compensation insurance in accordance with the statutory requirements of the State, including Coverage B, Employer's Liability. Insurance minimum limits are as follows:

\$100,000 – Bodily Injury by Disease per employee

\$500,000 – Bodily Injury by Disease aggregate

\$100,000 – Bodily Injury by Accident

If Minn. Stat. § 176.041 exempts Contractor from Workers' Compensation insurance or if the Contractor has no employees in the State, Contractor must provide a written statement, signed by an authorized representative, indicating the qualifying exemption that excludes Contractor from the Minnesota Workers' Compensation requirements.

If during the course of the contract the Contractor becomes eligible for Workers' Compensation, the Contractor must comply with the Workers' Compensation Insurance requirements herein and provide the State with a certificate of insurance.

4.4 Network Security and Privacy Liability Insurance (or equivalent). The coverage may be endorsed on another form of liability coverage or written on a standalone policy. Contractor shall maintain insurance to cover claims which may arise from failure of Contractor's security resulting in, but not limited to, computer attacks, unauthorized access, disclosure of not public data including but not limited to confidential or private information, transmission of a computer virus or denial of service. Insurance minimum limits are as follows:

\$2,000,000 per occurrence

\$2,000,000 annual aggregate

The following coverage shall be included: State of Minnesota named as an Additional Insured unless the coverage is written under a Professional Liability policy.

Minnesota Exhibit A, Supplement 2
Sample Quote and Invoice

Attached is a sample invoice and quote.

Contractor is required to use the sample quote and sample invoice for all transactions under this Contract. Contractor may not materially change either document unless the change has been approved in writing by the State's Authorized Representative. Contractor may not modify the sample quote or sample invoice to provide less detail regarding purchases under this Contract. Contractor hereby waives the right to enforce any term in either sample which contradicts or modifies any term of the solicitation or any Contract that may result, including subsequent amendments to the Contract, or would result in an unencumbered expense if enforced against the state or its CPV members. The State anticipates the sample quote and sample invoice will contain, at a minimum:

- Customer name
- State Contract number field
- Item/service description
- Item quantity or service hours
- Price after discount-off baseline list

Discount off Baseline List is calculated as follows:

Product	Vendor Base Price	Discount-off List Offered	Computation	State Contract Price
XYZ Equipment	\$300.00	3.5%	$\$300.00 - (300 \times 0.035)$ = \$289.50	\$289.50

Minnesota Exhibit B

Contractor Standard Hardware Warranty (attached)

MODEL:

SN:

Getac's warranty obligations for this hardware product are limited to the terms set forth below:

Getac, Inc. warrants this Getac-branded rugged computer or mobile device against defects in materials and workmanship under normal use for a period of THREE (3) YEARS from the date of purchase by the original end-user purchaser ("Warranty Period"). This warranty only applies to products sold by Getac or its Authorized Distributors or Dealers and only where the products are used and serviced within North America or its Authorized Service Providers' territories. Warranty coverage only applies to service carried out by a Getac Authorized Service Provider.

If a hardware defect arises and a valid claim is received within the Warranty Period, at its option and to the extent permitted by law, Getac will either repair the defect at no charge, using new or refurbished replacement parts, or exchange the product with a product that is new or which has been manufactured from new or serviceable used parts and is at least functionally equivalent to the original product. A replacement product or part, including a userinstallable part that has been installed in accordance with instructions provided by Getac, assumes the remaining warranty of the original product or ninety (90) days from the date of replacement or repair, whichever provides longer coverage for you. When a product or part is exchanged, any replacement product becomes your property and the replaced item becomes Getac's property. Parts provided by Getac in fulfillment of its warranty obligation must be used in products for which warranty service is claimed.

Exclusions and Limitations

This Limited Warranty applies only to Getac-branded hardware products manufactured by or for Getac that can be identified by the "Getac" trademark, trade name, or logo affixed to them. The Limited Warranty does not apply to any non-Getac hardware products, co-branded hardware products (whether or not displaying a "powered by Getac" trademark, trade name, or logo affixed to them) or any software, even if packaged or sold with Getac hardware. Manufacturers, suppliers, or publishers, other than Getac, may provide their own warranties to the end user purchaser, but Getac, in so far as permitted by law, provides their products "as is".

Software distributed by Getac with or without the Getac brand name (including, but not limited to system software) is not covered under this Limited Warranty. Refer to the licensing agreement accompanying the software for details of your rights with respect to its use. Getac does not warrant that the operation of the product will be uninterrupted or error-free. Getac is not responsible for damage arising from failure to follow instructions relating to the product's use.

Batteries supplied with the product are covered under the warranty for one (1) year from date of purchase. A battery furnished under the warranty is covered for the remaining period of the one year warranty on the original battery or ninety (90) days from the date of replacement or repair, whichever provides longer coverage for you.

This warranty does not apply to:

- (a) loss or theft;
- (b) fire;
- (c) submersion;
- (d) acts of god;
- (e) acts of war;
- (f) virus-inflicted damage;
- (g) intentional misuse or abuse;
- (h) improper maintenance or modification by anyone other than Getac or a Getac Authorized Service Provider;
- (i) a product or part that has been modified to alter functionality or capability without the written permission of Getac;
- (j) a product on which any Getac serial number has been removed or defaced;
- (k) data recovery from hard drive failure;
- (l) All consumable items; such as screen protection films, logo badges, labels, cleaning cloths, carry cases, manuals, cables, straps, belts, holsters, tethers, and harnesses and any other options and accessories not listed above or covered under a separate warranty.
- (m) damage caused by operating the product outside the permitted or intended uses described by Getac;
- (n) to cosmetic damage that does not affect the functionality of the system, including but not limited to scratches, dents and numerals, letters, icons and symbols silkscreened onto unit keycaps and numerals, letters, icons and symbols silkscreened onto unit cabinet; or
- (o) damage which occurs in shipment.

THIS PRODUCT IS NOT INTENDED FOR USE AS OR PART OF NUCLEAR EQUIPMENT/SYSTEMS, AIR TRAFFIC CONTROL EQUIPMENT/SYSTEMS, OR AIRCRAFT COCKPIT EQUIPMENT/SYSTEMS, OR ANY OTHER SYSTEMS THAT REQUIRE FAIL-SAFE PERFORMANCE. GETAC WILL NOT BE RESPONSIBLE FOR ANY LIABILITY RESULTING FROM THE USE OF THIS PRODUCT ARISING OUT OF THE FOREGOING USES. AIRCRAFT COCKPIT EQUIPMENT/SYSTEMS include class 2 Electronic Flight Bag (EFB) Systems and Class 1 EFB Systems when used during critical phases of flight (e.g., during take-off and landing) and/or mounted onto the aircraft. Class 1 EFB Systems and 2 EFB Systems are defined by FAA: AC (Advisory Circular) 120-76A or JAA: JAA TGL (Temporary Guidance Leaflets) No. 36.

TO THE EXTENT PERMITTED BY LAW, THIS WARRANTY AND REMEDIES SET FORTH ABOVE ARE EXCLUSIVE AND IN LIEU OF ALL OTHER WARRANTIES, REMEDIES AND CONDITIONS, WHETHER ORAL OR WRITTEN, STATUTORY, EXPRESS OR IMPLIED. AS PERMITTED BY APPLICABLE LAW, GETAC SPECIFICALLY DISCLAIMS ANY AND ALL STATUTORY OR IMPLIED WARRANTIES, INCLUDING, WITHOUT LIMITATION, WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND WARRANTIES AGAINST HIDDEN OR LATENT DEFECTS. IF GETAC CANNOT LAWFULLY DISCLAIM STATUTORY OR IMPLIED WARRANTIES THEN TO THE EXTENT PERMITTED BY LAW, ALL SUCH WARRANTIES SHALL BE LIMITED IN DURATION TO THE DURATION OF THIS EXPRESS WARRANTY AND TO REPAIR OR REPLACEMENT SERVICE AS DETERMINED BY GETAC IN ITS SOLE DISCRETION. No Getac reseller, agent, or employee is authorized to make any modification, extension, or addition to this warranty. If any term is held to be illegal or unenforceable, the legality or enforceability of the remaining terms shall not be affected or impaired.

EXCEPT AS PROVIDED IN THIS WARRANTY AND TO THE EXTENT PERMITTED BY LAW, GETAC IS NOT RESPONSIBLE FOR DIRECT, SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES RESULTING FROM ANY BREACH OF WARRANTY OR CONDITION, OR UNDER ANY OTHER LEGAL THEORY, INCLUDING BUT NOT LIMITED TO LOSS OF USE; LOSS OF REVENUE; LOSS OF ACTUAL OR ANTICIPATED PROFITS (INCLUDING LOSS OF PROFITS ON CONTRACTS); LOSS OF THE USE OF MONEY; LOSS OF ANTICIPATED SAVINGS; LOSS OF BUSINESS; LOSS OF OPPORTUNITY; LOSS OF GOODWILL; LOSS OF REPUTATION; LOSS OF, DAMAGE TO OR CORRUPTION OF DATA; OR ANY INDIRECT OR CONSEQUENTIAL LOSS OR DAMAGE HOWSOEVER CAUSED INCLUDING THE REPLACEMENT OF EQUIPMENT AND PROPERTY, ANY COSTS OF RECOVERING, PROGRAMMING, OR REPRODUCING ANY PROGRAM OR DATA STORED OR USED WITH GETAC PRODUCTS AND ANY FAILURE TO MAINTAIN THE CONFIDENTIALITY OF DATA STORED ON THE PRODUCT. THE FOREGOING LIMITATION SHALL NOT APPLY TO DEATH OR PERSONAL INJURY CLAIMS, OR ANY STATUTORY LIABILITY FOR INTENTIONAL AND GROSS NEGLIGENT ACTS AND/OR OMISSIONS. GETAC DISCLAIMS ANY REPRESENTATION THAT IT WILL BE ABLE TO REPAIR ANY PRODUCT UNDER THIS WARRANTY OR MAKE A PRODUCT EXCHANGE WITHOUT RISK TO OR LOSS OF THE PROGRAMS OR DATA.

Obtaining Warranty Service

Please access and review the online help resources at www.getac.com before requesting warranty service. If the product is still not functioning properly after making use of these resources, please contact a Getac representative at (949) 681-2950. A Getac representative will help determine whether your product requires service and, if it does, will inform you how Getac will provide it. Getac will provide warranty service on products that are tendered or presented for service during the warranty period, as permitted by law. In accordance with applicable law, Getac may require that you furnish proof of purchase and/or comply with registration requirements before receiving warranty service. You may be responsible for shipping and handling charges to obtain service under this warranty.

In any instance in which Getac issues a Return Material Authorization Number (RMA #), Getac must receive the product(s) for repair prior to the expiration of the warranty period in order for the repair(s) to be covered by the limited warranty service.

If your product is capable of storing data or software programs, you should make periodic backup copies of the data and programs contained on the product's hard drive or other storage media to protect your data and as a precaution against possible operational failures. Before you deliver your product for warranty service, it is your responsibility to keep a separate backup copy of the system software, application software and data, and disable any security passwords. You will be responsible for reinstalling all such software, data and passwords. Getac and its authorized service providers are not liable for any damage to or loss of any programs, data or other information stored on any media, or other non-Getac product or part not covered by this warranty. Recovery and reinstallation of system and application software and user data are not covered under this limited warranty.
