Only information expressly permitted to be closed pursuant to the strictly construed provisions of Missouri's Sunshine Law will be treated as a closed record by the Division of Purchasing and withheld from any public request submitted to the Division of Purchasing after award. The vendor should presume information provided to the Division of Purchasing in a response will be public following the award of the contract and made available upon request in accordance with the provisions of state law. **BUSINESS COMPLIANCE EXHIBIT B,
STATE OF MISSOURI TAX COMPLIANCE**

STATE OF MISSOURI TAX COMPLIANCE

In accordance with section 34.040.7, RSMo, Purchasing is precluded from contracting with a vendor or its affiliate who makes sales at retail of tangible personal property or for the purpose of storage, use or consumption in this state but fails to collect and properly pay the tax as provided in chapter 144, RSMo.

In order to verify the vendor's State of Missouri tax compliance with the Missouri Department of Revenue (DOR), the vendor must provide "Vendor No Tax Due" certificate issued by DOR prior to award. By providing the "Vendor No Tax Due" certificate, the vendor is verifying the vendor is either registered to collect sales and/or use tax in Missouri or is not making retail sales of tangible personal property or providing taxable services in Missouri.

The DOR will issue the "Vendor No Tax Due" certificate if the vendor is properly registered to collect and have properly remitted sales and/or use tax, or if the vendor is not making retail sales in Missouri.

How To Obtain A Vendor No Tax Due Certificate

A "Vendor No Tax Due" certificate can be obtained from the Missouri Department of Revenue when a business pays all of its sales/use tax in full, up to date, does not have a sales tax delinquency or does not sell tangible personal property at retail in Missouri.

If taxes are due, depending on the payment history of the business, a cashier's check or money order may be required for payment before a "Vendor No Tax Due" certificate can be issued.

A "Vendor No Tax Due" certificate can be obtained by completing and submitting the Request For Tax Clearance, Form 943, to the Missouri Department of Revenue, Division of Taxation & Collection. This form is available at <http://dor.mo.gov/forms/943.pdf>. Make sure to select the appropriate "Reason for Request" on page 2 of the form.

For assistance, call (573) 751-9268 or e-mail taxclearance@dor.mo.gov. Additional information regarding section 34.040.7, RSMo, is available on the Department of Revenue's website at <http://dor.mo.gov/business/sales>.

NOTE: Make sure to request a "Vendor No Tax Due" certificate as there are other similar tax clearance forms that do not meet this verification requirement. The steps to obtain a "Vendor No Tax Due" certificate is outlined at <https://dor.mo.gov/taxation/business/tax-types/sales-use/hb600.html>.

**BUSINESS COMPLIANCE EXHIBIT D,
ANTI-DISCRIMINATION AGAINST ISRAEL ACT CERTIFICATION**

Statutory Requirement: Section 34.600, RSMo, precludes entering into a contract with a company to acquire products and/or services “unless the contract includes a written certification that the company is not currently engaged in and shall not, for the duration of the contract, engage in a boycott of goods or services from the State of Israel; companies doing business in or with Israel or authorized by, licensed by, or organized under the laws of the State of Israel; or persons or entities doing business in the State of Israel.”

Exceptions: The statute provides two exceptions for this certification: 1) “contracts with a total potential value of less than one hundred thousand dollars” or 2) “contractors with fewer than ten employees.” Therefore the following certification is required prior to any contract award.

Section 34.600, RSMo, defines the following terms:

Boycott Israel and Boycott of the State of Israel: engaging in refusals to deal, terminating business activities, or other actions to discriminate against, inflict economic harm, or otherwise limit commercial relations specifically with the State of Israel; companies doing business in or with Israel or authorized by, licensed by, or organized under the laws of the State of Israel; or persons or entities doing business in the State of Israel, that are all intended to support a boycott of the State of Israel. A company’s statement that it is participating in boycotts of the State of Israel; companies doing business in or with Israel or authorized by, licensed by, or organized under the laws of the State of Israel; or persons or entities doing business in the State of Israel, or that it has taken the boycott action at the request, in compliance with, or in furtherance of calls for a boycott of the State of Israel; companies doing business in or with Israel or authorized by, licensed by, or organized under the laws of the State of Israel; or persons or entities doing business in the State of Israel shall be considered to be conclusive evidence that a company is participating in a boycott of the State of Israel; companies doing business in or with Israel or authorized by, licensed by, or organized under the laws of the State of Israel; or persons or entities doing business in the State of Israel; provided, however that a company that has made no such statement may still be considered to be participating in a boycott of the State of Israel; companies doing business in or with Israel or authorized by, licensed by, or organized under the laws of the State of Israel; or persons or entities doing business in the State of Israel if other factors warrant such a conclusion.

Company: any for-profit or not-for-profit organization, association, corporation, partnership, joint venture, limited partnership, limited liability partnership, limited liability company, or other entity or business association, including all wholly-owned subsidiaries, majority-owned subsidiaries, parent companies, or affiliates of those entities or business associations.

Public Entity: the state of Missouri or any political subdivision thereof, including all boards, commissions, agencies, institutions, authorities, and bodies politic and corporate of the state created by or in accordance with state law or regulations.

MISSOURI ECONOMIC IMPACT

The utilization of Missouri businesses and Missouri employees and other positive economic impact in the provision of the products and/or services under the agreement between the State of Missouri and the vendor is highly desirable for the State of Missouri. Therefore, please provide responses to the following to describe your Missouri economic impact.

1. Provide a description of the company's economic presence within the State of Missouri, including Missouri employees statistics, Missouri business facilities (size, type of facility, location), Missouri subcontractors, etc.

Our company maintains an economic presence in Missouri through a network of Authorized Distributors who actively sell and support our products within the state. These distributors operate out of locations in Ozark, MO and Fenton, MO, providing local access to our products and contributing to regional sales. While not direct employees, they represent our brand and serve as our primary sales and support channels in Missouri. In addition, we provide product training and logistics support to these distributors, strengthening our indirect presence in the state.

2. Provide a description of the proposed services that will be performed and/or the proposed products that will be provided by the Missourians and/or Missouri products under Missouri Contract Number (CC260003002).

The proposed products under this Missouri contract will be provided through our network of Authorized Distributors located within the State of Missouri. These distributors are Missouri-based businesses staffed by Missourians, and they are responsible for the sale, distribution, and limited support of our products to end users in the state.

All products offered under this contract are manufactured by SoundOff Signal and distributed locally through these Missouri-based partners, ensuring timely delivery and localized support. While the products themselves may be manufactured outside Missouri, the logistics, sales efforts, customer engagement, and order fulfillment are handled by Missouri-based entities, contributing to the local economy.

No direct services will be performed by our company under this contract; however, our Authorized Distributors in Missouri will ensure the availability, delivery, and customer service related to the products provided.

3. Provide a description of the economic impact returned to the State of Missouri through tax revenue obligations.

Our company supports economic activity in the State of Missouri through our network of Authorized Distributors located within Missouri, who are responsible for sales, delivery, and customer support of our products in the region. These distributors are independent Missouri-based businesses that contribute to the state's economy through:

- Sales tax collection on taxable products sold to in-state customers;
- Missouri corporate income taxes, where applicable;
- Employment of Missouri residents, generating payroll taxes and contributing to the state's labor market;
- Use of local services and facilities, which supports additional economic activity and municipal tax revenues.

While our company does not have direct employees or facilities in Missouri, the use of Missouri-based distributors ensures that a portion of the revenue generated under this contract remains within the state, supporting ongoing tax contributions and economic development.

4. List all Missouri certified Minority Business Enterprises (MBE)/Women Business Enterprises (WBE) as defined at Website: <http://oeo.mo.gov> you will use in the provision of products and services under the contract:

At this time, we do not anticipate utilizing any Missouri-certified Minority Business Enterprises (MBE) or Women Business Enterprises (WBE), as defined by the Missouri Office of Equal Opportunity, in the provision of products or services under this contract.

**Participating Addendum Number 264787 for
PUBLIC SAFETY VEHICLE LIGHTS, SIRENS, & ACCESSORIES**

**Between State of Missouri and
Emergency Technology, Inc. dba SoundOff Signal**

Our current Authorized Distributors operating in Missouri are not certified as MBE/WBE entities. However, we remain supportive of the State's supplier diversity initiatives and are open to exploring future opportunities to engage with certified MBE/WBE partners should the scope of our distribution network expand or evolve under the contract.

5. List all Missouri Organizations for the Blind or any Missouri Sheltered Workshops as listed at Websites <http://dese.mo.gov/special-education/sheltered-workshops/directories>, <http://www.lhbindustries.com> and <http://www.alphapointe.org> you will use in the provision of products and services under the contract:

At this time, we do not anticipate utilizing any Missouri Organizations for the Blind or Missouri Sheltered Workshops, as listed on the referenced websites, in the provision of products or services under this contract.

While our current Authorized Distributors do not fall within these categories, we fully support the mission of these organizations and remain open to potential future collaboration where feasible and aligned with contract requirements.

6. List all Missouri Service-Disabled Veteran Business Enterprises (SDVE's) as listed at Website <https://purch.oa.mo.gov/vendor-information/missouri-service-disabled-veteran-business-enterprise-sdve-information> you will use in the provision of products and services under the contract:

At this time, we do not anticipate utilizing any Missouri-certified Service-Disabled Veteran Business Enterprises (SDVEs), as listed by the Missouri Office of Administration, in the provision of products or services under this contract. While our current Authorized Distributors do not include SDVEs, we recognize the value these businesses bring and remain open to exploring opportunities for future engagement should applicable needs or partnerships arise during the course of the contract.

procedures specific to the Participating Entity, entity-specific terms and conditions, etc.).

II. Term of Master Agreement

- 2.1 Initial Term.** The initial term of this Master Agreement is for two (2) years. The term of this Master Agreement may be amended beyond the initial term for three (3) additional years at the Lead State's discretion and by mutual agreement and upon review of requirements of Participating Entities, current market conditions, and Contractor performance. The Lead State may, prior to execution, adjust the effective date or duration of the initial term or renewal period of any Master Agreement for the purpose of making the Master Agreement coterminous with others.
- 2.2 Amendment Limitations.** The terms of this Master Agreement will not be waived, altered, modified, supplemented, or amended in any manner whatsoever without prior written agreement of the Lead State and Contractor.
- 2.3 Amendment Term.** The term of the Master Agreement may be amended past the initial term and stated renewal periods for a reasonable period if in the judgment of the Lead State a follow-on competitive procurement will be unavoidably delayed (despite good faith efforts) beyond the planned date of execution of the follow-on master agreement. This subsection will not be deemed to limit the authority of a Lead State under its state law to otherwise negotiate contract extensions.

III. Order of Precedence

- 3.1 Order.** Any Order placed under this Master Agreement will consist of the following documents:

**Master Agreement Number 264787 for
Public Safety Vehicle Lights, Sirens, & Accessories**

Between the **State of Minnesota** and
Emergency Technology, Inc. d/b/a SoundOff Signal

- 3.1.1** A Participating Entity's Participating Addendum ("PA");
- 3.1.2** NASPO ValuePoint Master Agreement, including all attachments thereto;
- 3.1.3** A Purchase Order or Scope of Work/Specifications issued against the Master Agreement;
- 3.1.4** The Solicitation or, if separately executed after award, the Lead State's bilateral agreement that integrates applicable provisions;
- 3.1.5** Contractor's response to the Solicitation, as revised (if permitted) and accepted by the Lead State.

3.2 Conflict. These documents will be read to be consistent and complementary. Any conflict among these documents will be resolved by giving priority to these documents in the order listed above. Contractor terms and conditions that apply to this Master Agreement are only those that are expressly accepted by the Lead State and must be in writing and attached to this Master Agreement as an Exhibit or Attachment.

3.3 Participating Addenda. Participating Addenda will not be construed to diminish, modify, or otherwise derogate any provisions in this Master Agreement between the Lead State and Contractor. Participating Addenda will not include a term of agreement that exceeds the term of the Master Agreement.

IV. Participants and Scope

4.1 Requirement for a Participating Addendum. Contractor may not deliver Products under this Master Agreement until a Participating Addendum acceptable to the Participating Entity and Contractor is executed.

4.2 Applicability of Master Agreement. NASPO ValuePoint Master Agreement Terms and Conditions are applicable to any Order by a Participating Entity (and other Purchasing Entities covered by their Participating Addendum), except to the extent altered, modified, supplemented or amended by a Participating Addendum, subject to Section III. For the purposes of illustration and not limitation, this authority may apply to unique delivery and invoicing requirements, confidentiality requirements, defaults on Orders, governing law and venue relating to Orders by a Participating Entity, indemnification, and insurance requirements. Statutory or constitutional requirements relating to availability of funds may require specific language in some Participating Addenda in order to comply with applicable law. The expectation is that these alterations, modifications, supplements, or amendments will be addressed in the Participating Addendum or, with the consent of the Purchasing Entity and Contractor, may be included in the ordering document (e.g., purchase order or contract) used by the Purchasing Entity to place the Order.

**Master Agreement Number 264787 for
Public Safety Vehicle Lights, Sirens, & Accessories**

Between the **State of Minnesota** and
Emergency Technology, Inc. d/b/a SoundOff Signal

- 4.3 Obligated Entities.** Obligations under this Master Agreement are limited to those Participating Entities who have signed a Participating Addendum and Purchasing Entities within the scope of those Participating Addenda. States or other entities permitted to participate may use an informal competitive process to determine which Master Agreements to participate in through execution of a Participating Addendum. Participating Entities incur no financial obligations on behalf of other Purchasing Entities.
- 4.4 Notice of Participating Addendum.** Contractor shall email a fully executed PDF copy of each Participating Addendum to pa@naspovaluepoint.org to support documentation of participation and posting in appropriate databases.
- 4.5 Participating Entities.**
- 4.5.1** If not proscribed by law or by the Chief Procurement Official of the state in which the entity is located, an entity may be eligible to execute a Participating Addendum directly with Contractor. Such entities may include:
- 4.5.1.1** Political subdivisions, public agencies, and service districts;
 - 4.5.1.2** Public and private educational institutions, including K-12 public, charter, and private schools; institutions of higher education; and trade schools;
 - 4.5.1.3** Federally recognized tribes;
 - 4.5.1.4** Quasi-governmental entities; and
 - 4.5.1.5** Eligible non-profit organizations.
- 4.5.2** Prior to execution of a Participating Addendum with an entity listed above, Contractor shall coordinate with NASPO to confirm the entity's eligibility to execute a Participating Addendum. A determination that an entity is eligible to execute a Participating Addendum is not a determination that procurement authority exists; each entity must ensure it has the requisite procurement authority to execute a Participating Addendum.
- 4.6 Prohibition on Resale.** Subject to any specific conditions included in the solicitation or Contractor's proposal as accepted by the Lead State, or as explicitly permitted in a Participating Addendum, Purchasing Entities may not resell Products purchased under this Master Agreement. Absent any such condition or explicit permission, this limitation does not prohibit: payments by employees of a Purchasing Entity for Products; sales of Products to the general public as surplus property; and fees associated with inventory transactions with other governmental or nonprofit entities and consistent with a Purchasing Entity's laws and regulations. Any sale or transfer permitted by this subsection must be consistent with license rights granted for use of intellectual property.

**Master Agreement Number 264787 for
Public Safety Vehicle Lights, Sirens, & Accessories**

Between the **State of Minnesota** and
Emergency Technology, Inc. d/b/a SoundOff Signal

- 4.7 Individual Customers.** Except as may otherwise be agreed to by the Purchasing Entity and Contractor, each Purchasing Entity shall follow the terms and conditions of the Master Agreement and applicable Participating Addendum and will have the same rights and responsibilities for their purchases as the Lead State has in the Master Agreement and as the Participating Entity has in the Participating Addendum, including but not limited to any indemnity or right to recover any costs as such right is defined in the Master Agreement and applicable Participating Addendum for their purchases. Each Purchasing Entity will be responsible for its own charges, fees, and liabilities. The Contractor will apply the charges and invoice each Purchasing Entity individually.
- 4.8 Release of Information.** Throughout the duration of this Master Agreement, Contractor must secure from the Lead State prior approval for the release of information that pertains to the potential work or activities covered by the Master Agreement. This limitation does not preclude publication about the award of the Master Agreement or marketing activities consistent with any proposed and accepted marketing plan.
- 4.9 No Representations.** The Contractor shall not make any representations of NASPO ValuePoint, the Lead State, any Participating Entity, or any Purchasing Entity's opinion or position as to the quality or effectiveness of the services that are the subject of this Master Agreement without prior written consent.

V. NASPO ValuePoint Provisions

- 5.1 Applicability.** NASPO ValuePoint is not a party to the Master Agreement. The terms set forth in Section V are for the benefit of NASPO ValuePoint as a third-party beneficiary of this Master Agreement.
- 5.2 Administrative Fees**
- 5.2.1 NASPO ValuePoint Fee.** Contractor shall pay to NASPO ValuePoint, or its assignee, a NASPO ValuePoint Administrative Fee of one-quarter of one percent (0.25% or 0.0025) no later than sixty (60) days following the end of each calendar quarter. The NASPO ValuePoint Administrative Fee must be submitted quarterly and is based on all sales of products and services under the Master Agreement (less any charges for taxes or shipping). The NASPO ValuePoint Administrative Fee is not negotiable. This fee is to be included as part of the pricing submitted with a vendor's response to the Lead State's solicitation.
- 5.2.2 State Imposed Fees.** Some states may require an additional fee be paid by Contractor directly to the state on purchases made by Purchasing

**Master Agreement Number 264787 for
Public Safety Vehicle Lights, Sirens, & Accessories**

Between the **State of Minnesota** and
Emergency Technology, Inc. d/b/a SoundOff Signal

Entities within that state. For all such requests, the fee rate or amount, payment method, and schedule for such reports and payments will be incorporated into the applicable Participating Addendum. Unless agreed to in writing by the state, Contractor may not adjust the Master Agreement pricing to include the state fee for purchases made by Purchasing Entities within the jurisdiction of the state. No such agreement will affect the NASPO ValuePoint Administrative Fee percentage or the prices paid by Purchasing Entities outside the jurisdiction of the state requesting the additional fee.

5.3 NASPO ValuePoint Summary and Detailed Usage Reports

5.3.1 Sales Data Reporting. In accordance with this section, Contractor shall report to NASPO ValuePoint all Orders under this Master Agreement for which Contractor has invoiced the ordering entity or individual, including Orders invoiced to Participating Entity or Purchasing Entity employees for personal use if such use is permitted by this Master Agreement and the applicable Participating Addendum ("Sales Data"). Timely and complete reporting of Sales Data is a material requirement of this Master Agreement. Reporting requirements, including those related to the format, contents, frequency, or delivery of reports, may be updated by NASPO ValuePoint with reasonable notice to Contractor and without amendment to this Master Agreement. NASPO ValuePoint shall have exclusive ownership of any media on which reports are submitted and shall have a perpetual, irrevocable, non-exclusive, royalty free, and transferable right to display, modify, copy, and otherwise use reports, data, and information provided under this section.

5.3.2 Summary Sales Data. "Summary Sales Data" is Sales Data reported as cumulative totals by state. Contractor shall, using the reporting tool or template provided by NASPO ValuePoint, report Summary Sales Data to NASPO ValuePoint for each calendar quarter no later than thirty (30) days following the end of the quarter. 5.3.4 RESERVED.

5.3.5 Executive Summary. Contractor shall, upon request by NASPO ValuePoint, provide NASPO ValuePoint with an executive summary that includes but is not limited to a list of states with an active Participating Addendum, states with which Contractor is in negotiations, and any Participating Addendum roll-out or implementation activities and issues. 9.5.2 If the Product does not meet the standard of performance or specifications during the initial period of Acceptance Testing, Purchasing Entity may, at its discretion, continue Acceptance Testing on a day-to-day basis until the standard of performance is met.

9.5.3 Upon rejection, the Contractor will have fifteen (15) calendar days to cure. If after the cure period, the Product still has not met the standard of performance or specifications, the Purchasing Entity may, at its option: (a) declare Contractor to be in breach and terminate the Order; (b) demand replacement Product from Contractor at no additional cost to Purchasing Entity; or, (c) continue the cure period for an additional time period agreed upon by the Purchasing Entity and the Contractor.

 - 14.8.1.4** Institution of proceedings under any bankruptcy, insolvency, reorganization or similar law, by or against Contractor, or the appointment of a receiver or similar officer for Contractor or any of its property, which is not vacated or fully stayed within thirty (30) calendar days after the institution or occurrence thereof; or
 - 14.8.1.5** Any default specified in another section of this Master Agreement.
- 14.8.2** Upon the occurrence of an event of default, the Lead State shall issue a written notice of default, identifying the nature of the default, and providing a period of fifteen (15) calendar days in which Contractor shall have an opportunity to cure the default. The Lead State shall not be required to provide advance written notice or a cure period and may immediately terminate this Master Agreement in whole or in part if the Lead State, in its sole discretion, determines that it is reasonably necessary to preserve public safety or prevent immediate public crisis. Time allowed for cure will not diminish or eliminate Contractor's liability for damages, including liquidated damages to the extent provided for under this Master Agreement.
- 14.8.3** If Contractor is afforded an opportunity to cure and fails to cure the default within the period specified in the written notice of default, Contractor shall be in breach of its obligations under this Master Agreement and the Lead State shall have the right to exercise any or all of the following remedies:
- 14.8.3.1** Any remedy provided by law;
 - 14.8.3.2** Termination of this Master Agreement and any related Contracts or portions thereof;
 - 14.8.3.3** Assessment of liquidated damages as provided in this Master Agreement;

 - 14.8.3.5** Suspension of Contractor's performance; and
 - 14.8.3.6** Withholding of payment until the default is remedied.
- 14.8.4** Unless otherwise specified in the Participating Addendum, in the event of a default under a Participating Addendum, a Participating Entity

shall provide a written notice of default as described in this section and shall have all of the rights and remedies under this paragraph regarding its participation in the Master Agreement, in addition to those set forth in its Participating Addendum. Unless otherwise specified in an Order, a Purchasing Entity shall provide written notice of default as described in this section and have all of the rights and remedies under this paragraph and any applicable Participating Addendum with respect to an Order placed by the Purchasing Entity. Nothing in these Master Agreement Terms and Conditions will be construed to limit the rights and remedies available to a Purchasing Entity under the applicable commercial code.

14.9 Waiver of Breach. Failure of the Lead State, Participating Entity, or Purchasing Entity to declare a default or enforce any rights and remedies will not operate as a waiver under this Master Agreement, any Participating Addendum, or any Purchase Order. Any waiver by the Lead State, Participating Entity, or Purchasing Entity must be in writing. Waiver by the Lead State or Participating Entity of any default, right or remedy under this Master Agreement or Participating Addendum, or by Purchasing Entity with respect to any Purchase Order, or breach of any terms or requirements of this Master Agreement, a Participating Addendum, or Purchase Order will not be construed or operate as a waiver of any subsequent default or breach of such term or requirement, or of any other term or requirement under this Master Agreement, any Participating Addendum, or any Purchase Order.

14.10 Debarment. The Contractor certifies that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in public procurement or contracting by any governmental department or agency. This certification represents a recurring certification made at the time any Order is placed under this Master Agreement. If the Contractor cannot certify this statement, attach a written explanation for review by the Lead State.

14.11 No Waiver of Sovereign Immunity

14.11.1 In no event will this Master Agreement, any Participating Addendum or any contract or any Purchase Order issued thereunder, or any act of the Lead State, a Participating Entity, or a Purchasing Entity be a waiver of any form of defense or immunity, whether sovereign immunity, governmental immunity, immunity based on the Eleventh Amendment to the Constitution of the United States or otherwise, from any claim or from the jurisdiction of any court.

14.11.2 This section applies to a claim brought against the Participating Entities who are states only to the extent Congress has appropriately abrogated the state's sovereign immunity and is not consent by the state to be sued in federal court. This section is also not a waiver by the state of any form of immunity, including but not limited to sovereign immunity and immunity based on the Eleventh Amendment to the Constitution of the United States.

14.12 Governing Law and Venue

14.12.1 The procurement, evaluation, and award of the Master Agreement will be governed by and construed in accordance with the laws of the Lead State sponsoring and administering the procurement. The construction and effect of the Master Agreement after award will be governed by the law of the state serving as Lead State. The construction and effect of any Participating Addendum or Order against the Master Agreement will be governed by and construed in accordance with the laws of the Participating Entity's or Purchasing Entity's state.

14.12.2 Unless otherwise specified in the RFP, the venue for any protest, claim, dispute or action relating to the procurement, evaluation, and award is in the state serving as Lead State. Venue for any claim, dispute or action concerning the terms of the Master Agreement will be in the state serving as Lead State. Venue for any claim, dispute, or action concerning any Order placed against the Master Agreement or the effect of a Participating Addendum will be in the Purchasing Entity's state.

14.12.3 If a claim is brought in a federal forum, then it must be brought and adjudicated solely and exclusively within the United States District Court for (in decreasing order of priority): the Lead State for claims relating to the procurement, evaluation, award, or contract performance or administration if the Lead State is a party; a Participating State if a named party; the state where the Participating Entity or Purchasing Entity is located if either is a named party.

14.13 Assignment of Antitrust Rights. Contractor irrevocably assigns to a Participating Entity who is a state any claim for relief or cause of action which the Contractor now has or which may accrue to the Contractor in the future by reason of any violation of state or federal antitrust laws (15 U.S.C. § 1-15 or a Participating Entity's state antitrust provisions), as now in effect and as may be amended from time to time, in connection with any goods or services provided in that state for the purpose of carrying out the Contractor's obligations under this Master Agreement or Participating Addendum, including, at the Participating

Entity's option, the right to control any such litigation on such claim for relief or cause of action.

14.14 Survivability. Unless otherwise explicitly set forth in a Participating Addendum or Order, the terms of this Master Agreement as they apply to the Contractor, Participating Entities, and Purchasing Entities, including but not limited to pricing and the reporting of sales and payment of administrative fees to NASPO ValuePoint, shall survive expiration of this Master Agreement and shall continue to apply to all Participating Addenda and Orders until the expiration thereof.

Attachment B SCOPE OF WORK

This Scope of Work describes the Deliverables being sought through this RFP and the scope of what Contractors will be expected to offer through a Master Agreement resulting from this RFP. The Scope of Work is intended to provide potential Offerors with sufficient basic information to submit a proposal. B. Third-Party Documentation

If requested by the Customer, documentation of independent third-party laboratory certification of light bar modules meeting applicable national and international standards must be provided by the Contractor at no additional cost.

If the Contractor has an AMECA-accredited testing facility, that may suffice for third-party documentation for the products for which the accreditation has been obtained.

C. Items Offered as New

The Participating Entity reserves the right to remove any authorized distributor only from their Participating Addendum at any time due to poor performance upon written notice to the Contractor. For Participating Entities in states without authorized distributors, the Contractor must take all orders directly until an authorized distributor is assigned.

1. Contract Pricing.

1.1 In General. Prices listed take into consideration all inherent costs of providing the requested goods and services. The Contractor agrees to pay any and all fees, including, but not limited to: duties, custom fees, permits, brokerage fees, licenses and registrations, government taxes, overhead, profit, parking permits, proper disposal of materials, insurance payments. The State will not pay any additional charges beyond the price(s) listed, unless otherwise provided for by law or expressly allowed by the Contract. Prices listed within Attachment C are maximum prices. These maximum prices shall remain firm for the initial term of the Contract. The Price List may not include any additional terms or conditions. A unit price and a total for the quantity must be stated for each item quoted. Prices must be quoted in United States currency. Any increase to Contract pricing requires a duly executed amendment to this Contract. Contractor may provide lower pricing at its discretion without requiring a duly executed amendment to the Contract.

1.2 Discount-off List Pricing. Prices offered for equipment are a percent (%) discount from the Manufacturer's (Original Equipment Manufacturer – OEM) List Price or Dealer's List Price. The discount offered must remain firm, and may be increased, during the life of the Contract. After the initial term of the Contract, the manufacturer's or dealer's price list may be updated upon mutual agreement by the State and the Contractor through a fully executed amendment.

Product	Vendor Cost from Supplier	Discount-off List Offered	Computation	State Contract Price
XYZ Tablet	\$300.00	3.5%	$\$300.00 - (300 \times 0.035) = \$289.50$	\$289.50

2. Prompt Payment Terms. Contractor's payment terms are: NET30

3. Delivery. Unless otherwise mutually agreed to, in-stock items must be delivered within ten (10) business days after receipt of order and non-stock items must be delivered within twenty-five (25) business days after receipt of order.

4. Transportation. All deliveries will be F.O.B. destination, freight pre-paid, with all transportation and handling charges paid by the Contractor.

5. Pricing . All prices and rates must be guaranteed for the initial term of the Master Agreement. Request for price increases for current contract items after the initial term will be limited to once per year unless a market situation arises. If offering new state-of-the-art equipment, the manufacturer's price list may only be changed up to two (2) times within any twelve (12) month period. Any changes in pricing must be submitted in writing, to the Lead State, at a minimum of thirty (30) days prior to a price increase. Requests for a price or rate adjustment must include sufficient documentation supporting the request. Any adjustment or amendment to the Master Agreement will not be effective unless approved in writing by the Lead State.

6. Quantity Price Breaks.

Responders may also offer quantity price breaks. The price breaks will be in the form of a higher percentage discount, off of the Manufacturer Price List, for the order. Use Section 3- Price Breaks tab at the bottom of the worksheet to submit the higher discounts offered and the quantity break lines (e.g., 5% higher discount for 20-29 units ordered, 10% higher discount for 30-39 units ordered, etc.).
