Minnesota Exhibit A

Minnesota General Terms, Conditions, and Specifications

1. DEFINITIONS.

- a. **CPV Members.** The Contract will be available to all CPV members. Minn. Stat. § 16C.03, subd. 10 authorizes the State, acting through its Office of State Procurement, to enter into purchasing agreements with one or more governmental units and other entities allowable by law, as described in Minn. Stat. § 471.59, subd. 1, to exercise jointly the purchasing powers and functions each has individually. This authority is referred to as the Cooperative Purchasing Venture program. For more information, see State website [Cooperative Purchasing Venture / Minnesota Office of State Procurement \(mn.gov\)](#)

The Contractor agrees to extend the Contract to CPV members at the same prices, terms, conditions, and specifications. With the approval of the Contractor, a CPV member may add additional terms to its ordering document applicable to the CPV member's purchasing activities. Such additional terms shall not modify, diminish, or derogate the terms applicable to the State.

- b. **State Agencies.** This term applies only to State agencies and departments, as defined in Minn. Stat. §§ 15.01 and 15.021.
- c. **Ordering Entity.** This term applies to any State Agency or CPV Member when allowed in the Participating Addendum.
- d. **State and State of Minnesota.** These two terms apply to the Minnesota Department of Administration, Office of State Procurement (OSP), representing the State of Minnesota as the contracting agency for the Participating Addendum.
- e. **Contract Vendor and Contractor.** These two terms apply to the awarded vendor from the NASPO ValuePoint Master Agreement that OSP selects to receive a Participating Addendum.
- f. **Contract.** Contract is defined as the NASPO ValuePoint Master Agreement and the Minnesota Participating Addendum.
2. **EFFECTIVE DATE and CONTRACT PERIOD.** The Contract shall be effective upon the date of final execution by the State of Minnesota. The Contract term will begin on January 22, 2023, or on the date of Participating Addendum execution, whichever is later, to January 21, 2028, unless terminated early or extended in accordance with the terms and conditions of the master agreement or this participating addendum.
3. **STATE AUDITS** Under Minn. Stat. § 16C.05, subd. 5, the Contractor's books, records, documents, and accounting procedures and practices relevant to this Contract are subject to examination by the State, the State Auditor, or Legislative Auditor, as appropriate, for a minimum of six years from the expiration or termination of this Contract.
4. **ANTITRUST.** Upon the request of the State of Minnesota, Contractor will irrevocably assign to State any state or federal antitrust claim or cause of action that the Contractor now has or which may accrue to the Contractor in the future, in connection with any goods, services, or combination provided by Contractor under the terms of this Contract.
5. **INSURANCE.** If applicable, prior to execution of the Participating Addendum, the Contract Vendor will be required to provide a copy of a Certificate of Insurance, including workers' compensation insurance coverage requirements of Minn. Stat. § 176.181 subd. 2, and other coverages per the insurance requirements if included in the

Participating Addendum.

6. INDEMNIFICATION, HOLD HARMLESS, AND LIMITATION OF LIABILITY.

6.1 In the performance of this Contract, the Indemnifying Party must indemnify, save, and hold harmless the State, its agents, and employees, from any claims or causes of action, including attorney's fees incurred by the State, to the extent caused by Indemnifying Party's:

- Intentional, willful, or negligent acts or omissions; or
- Actions that give rise to strict liability; or
- Breach of contract or warranty.

The Indemnifying Party is defined to include the Contractor, Contractor's reseller, any third party that has a business relationship with the Contractor, or Contractor's agents or employees, and to the fullest extent permitted by law. The indemnification obligations of this section do not apply in the event the claim or cause of action is the result of the State's sole negligence. This clause will not be construed to bar any legal remedies the Indemnifying Party may have for the State's failure to fulfill its obligation under this Contract.

6.2 Nothing within this Contract, whether express or implied, shall be deemed to create an obligation on the part of the State to indemnify, defend, hold harmless or release the Indemnifying Party. This shall extend to all agreements related to the subject matter of this Contract, and to all terms subsequently added, without regard to order of precedence.

7. LAWS AND REGULATIONS. Any and all services, articles or equipment offered and furnished must comply fully with all local, State and federal laws and regulations, including Minn. Stat. § 181.59 prohibiting discrimination and business registration requirements of the Office of the Minnesota Secretary of State.

8. GOVERNMENT DATA PRACTICES.

The Contractor and State must comply with the Minnesota Government Data Practices Act, Minn. Stat. Ch. 13, (or, if the State contracting party is part of the Judicial Branch, with the Rules of Public Access to Records of the Judicial Branch promulgated by the Minnesota Supreme Court as the same may be amended from time to time) as it applies to all data provided by the State under this Contract, and as it applies to all data created, collected, received, stored, used, maintained, or disseminated by the Contractor under this Contract. The civil remedies of Minn. Stat. § 13.08 apply to the release of the data governed by the Minnesota Government Practices Act, Minn. Stat. Ch. 13, by either the Contractor or the State.

If the Contractor receives a request to release the data referred to in this clause, the Contractor must immediately notify and consult with the State's Authorized Representative as to how the Contractor should respond to the request. The Contractor's response to the request shall comply with applicable law.

9. RISK OF LOSS OR DAMAGE. The State is relieved of all risks of loss or damage to the goods and equipment during periods of transportation, installation by the Contractor, or while in the possession of the Contractor or its agent.

10. WARRANTY. The Contractor warrants to the ordering entity that materials and equipment furnished under the Contract will be free from defects not inherent in the quality required or permitted, and that the work will conform to the requirements of the contract. Work not conforming to these requirements, including substitutions not properly approved and authorized in writing may be considered defective. The Contractor's warranty excludes remedy for damage or defect caused by abuse, modifications not executed by the Contractor, improper or insufficient maintenance, improper operation, or normal wear and tear and normal usage. If requested, the Contractor shall furnish satisfactory evidence as to the kind and quality of materials and equipment used.

All installation materials and labor shall be guaranteed for a period of one (1) year following the date of final

acceptance. During the first year following acceptance, the Contractor shall, upon notification by the ordering entity of any malfunctions, make necessary repairs, including labor, travel, and materials, at the Contractor's expense.

11. GOVERNING LAW, JURISDICTION AND VENUE. Minnesota law, without regard to its choice-of-law provisions, governs this Contract. Venue for all legal proceedings out of this Contract, or its breach, must be in the appropriate state or federal court with competent jurisdiction in Ramsey County, Minnesota.

12. AFFIRMATIVE ACTION.

The State intends to carry out its responsibility for requiring affirmative action by its contractors.

12.1 Covered Contracts and Contractors. If the Contract exceeds \$100,000 and the Contractor employed more than 40 full-time employees on a single working day during the previous 12 months in Minnesota or in the state where it has its principal place of business, then the Contractor must comply with the requirements of Minn. Stat. § 363A.36 and Minn. R. 5000.3400-5000.3600.

12.2 General. Minn. R. 5000.3400-5000.3600 implements Minn. Stat. § 363A.36. These rules include, but are not limited to, criteria for contents, approval, and implementation of affirmative action plans; procedures for issuing certificates of compliance and criteria for determining a contractor's compliance status; procedures for addressing deficiencies, sanctions, and notice and hearing; annual compliance reports; procedures for compliance review; and contract consequences for non-compliance. The specific criteria for approval or rejection of an affirmative action plan are contained in various provisions of Minn. R. 5000.3400-5000.3600 including, but not limited to, Minn. R. 5000.3420-5000.3500 and 5000.3552-5000.3559.

12.3 Disabled Workers. The Contractor must comply with the following affirmative action requirements for disabled workers.

AFFIRMATIVE ACTION FOR DISABLED WORKERS

12.3.1 The Contractor must not discriminate against any employee or applicant for employment because of physical or mental disability in regard to any position for which the employee or applicant for employment is qualified. The Contractor agrees to take affirmative action to employ, advance in employment, and otherwise treat qualified disabled persons without discrimination based upon their physical or mental disability in all employment practices such as the following: employment, upgrading, demotion or transfer, recruitment, advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship.

12.3.2 The Contractor agrees to comply with the rules and relevant orders of the Minnesota Department of Human Rights issued pursuant to the Minnesota Human Rights Act.

12.3.3 In the event of the Contractor's noncompliance with the requirements of this clause, actions for noncompliance may be taken in accordance with Minn. Stat. § 363A.36, and the rules and relevant orders of the Minnesota Department of Human Rights issued pursuant to the Minnesota Human Rights Act.

12.3.4 The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices in a form to be prescribed by the Commissioner. Such notices must state the Contractor's obligation under the law to take affirmative action to employ and advance in employment qualified disabled employees and applicants for employment, and the rights of applicants and employees.

12.3.5 The Contractor must notify each labor union or representative of workers with which it has a collective bargaining agreement or other contract understanding, that the Contractor is bound by the terms of Minn.

Stat. § 363A.36, of the Minnesota Human Rights Act and is committed to take affirmative action to employ and advance in employment physically and mentally disabled persons.

12.4 Consequences. If Contractor's Equal Pay Certificate expires during the term of this Contract, Contractor must promptly re-apply for an Equal Pay Certificate with the Minnesota Department of Human Rights and notify the State's Authorized Representative once the Contractor has received the renewed Equal Pay Certificate. If Contractor claims to be exempt, the State may require Contractor to verify its exempt status.

14. PAYMENT. The State will pay the Contractor pursuant to Minn. Stat. § 16A.124, which requires payment within 30 days following receipt of an undisputed invoice, or merchandise or service, whichever is later. Terms requesting payment in less than 30 days will be changed to read "Net 30 days." Notwithstanding the foregoing, the State may pay the Contractor in advance for purchases as allowed pursuant to Minn. Stat. §16A.065.

The payment for each order will only be made for goods received or services actually performed that have been accepted by the ordering entity, and meet all terms, conditions, and specifications of the Contract and the ordering document.

15. Conditions of Payment. All services delivered by the Contractor under this Contract must be performed to the State's satisfaction and in accordance with all applicable federal, state, and local laws, ordinances, rules, and regulations including business registration requirements of the Office of the Secretary of State. The State's single purchase maximum on the Contract is \$5,000 on the purchasing card, but it may be increased with the State's and the Contractor's approval.

18. TAXES. DO NOT add sales tax to the prices being offered. Effective July 1, 1995, State Agencies use a Direct Pay Authorization to pay the applicable sales and use tax directly to the Department of Revenue under Minnesota Tax ID 4405717. Although it is not required by the Department of Revenue, State Agencies will complete and submit the ST3 Form to the vendor upon request. See <http://www.revenue.state.mn.us>.

All prices must be FOB Destination, prepaid and allowed (with freight included in the price), to the ordering entity's receiving dock or warehouse, or as otherwise instructed on the purchase order by the ordering entity. In those situations in which the "deliver-to" address has no receiving dock or agents, the Contractor must be able to deliver to the person specified on the purchase order. Freight charges shall be prepaid and allowed unless otherwise stated in the NASPO ValuePoint Master Agreement.

20. DEFAULT. If the Contractor fails to perform according to the contract terms and conditions, the State is authorized to cancel the Contract or purchase order, or any portion of it, and may obtain replacement goods or services and charge the difference of costs to the defaulting Contractor. Any such rights to cancellation and/or re-procurement are subject to giving the Contractor advanced written notice of breach of the Contract and a reasonable opportunity to cure of no less than ten (10) business days. 21.2 Amendments. Any amendment to this Contract must be in writing and will not be effective until it has been executed and approved by the authorized parties or their successors.

21.4 Contract Complete. This Contract contains all negotiations and agreements between the State and the Contractor. No other understanding regarding this Contract, whether written or oral, may be used to bind either party.

22. INTELLECTUAL PROPERTY.

22.1 Definitions. For the purpose of this Section, the following words and phrases have the assigned definitions:

22.1.1 "Documents" are the originals of any databases, computer programs, reports, notes, studies, photographs, negatives, designs, drawings, specifications, materials, tapes, disks, or other materials, whether in tangible or electronic forms, prepared by the Contractor, its employees, agents, or subcontractors, in the performance of this Contract.

22.1.1.1 "Pre-Existing Intellectual Property" means intellectual property developed prior to or outside the scope of this Contract, and any derivatives of that intellectual property.

22.1.1.2 "Works" means all inventions, improvements, discoveries (whether or not patentable), databases, computer programs, reports, notes, studies, photographs, negatives, designs, drawings, specifications, materials, tapes, and disks conceived, reduced to practice, created or originated by the Contractor, its employees, agents, and subcontractors, either individually or jointly with others in the performance of this Contract. "Works" includes Documents.

22.2 Ownership. The State owns all rights, title, and interest in all of the intellectual property rights, including

copyrights, patents, trade secrets, trademarks, and service marks in the Works and Documents created and paid for under this Contract. The Documents shall be the exclusive property of the State and all such Documents must be immediately returned to the State by the Contractor upon completion or cancellation of this Contract. To the extent possible, those Works eligible for copyright protection under the United States Copyright Act will be deemed to be "works made for hire." The Contractor assigns all right, title, and interest it may have in the Works and the Documents to the State. The Contractor must, at the request of the State, execute all papers and perform all other acts necessary to transfer or record the State's ownership interest in the Works and Documents.

22.3 Pre-existing Intellectual Property. Each Party shall retain ownership of its respective Pre-Existing Intellectual Property. The Contractor grants the State a perpetual, irrevocable, non-exclusive, royalty free license for Contractor's Pre-Existing Intellectual Property that are incorporated in the products, materials, equipment, deliverables, or services that are purchased through the Contract.

22.4 Obligations.

22.4.1 Notification. Whenever any invention, improvement, or discovery (whether or not patentable) is made or conceived for the first time or actually or constructively reduced to practice by the Contractor, including its employees and subcontractors, in the performance of this Contract, the Contractor will immediately give the State's Authorized Representative written notice thereof, and must promptly furnish the State's Authorized Representative with complete information and/or disclosure thereon.

22.4.2 Representation. The Contractor must perform all acts, and take all steps necessary to ensure that all intellectual property rights in the Works and Documents are the sole property of the State, and that neither Contractor nor its employees, agents, or subcontractors retain any interest in and to the Works and Documents. The Contractor represents and warrants that the Works and Documents do not and will not infringe upon any intellectual property rights of other persons or entities.

22.4.3 Indemnification. Notwithstanding any other indemnification obligations addressed within this Contract, the Contractor will indemnify; defend, to the extent permitted by the Attorney General; and hold harmless the State, at the Contractor's expense, from any action or claim brought against the State to the extent that it is based on a claim that all or part of the Works or Documents infringe upon the intellectual property rights of others. The Contractor will be responsible for payment of any and all such claims, demands, obligations, liabilities, costs, and damages, including but not limited to, attorney fees. If such a claim or action arises, or in the Contractor's or the State's opinion is likely to arise, the Contractor must, at the State's discretion, either procure for the State the right or license to use the intellectual property rights at issue or replace or modify the allegedly infringing works or documents as necessary and appropriate to obviate the infringement claim. This remedy of the State will be in addition to and not exclusive of other remedies provided by law.

23. INDEMNIFICATION.

23.1 In the performance of this Contract, the Indemnifying Party must indemnify, save, and hold harmless the State, its agents, and employees, from any claims or causes of action, including attorney's fees incurred by the State, to the extent caused by Indemnifying Party's:

- Intentional, willful, or negligent acts or omissions; or
- Actions that give rise to strict liability; or
- Breach of contract or warranty.

The Indemnifying Party is defined to include the Contractor, Contractor's reseller, any third party that has a business relationship with the Contractor, or Contractor's agents or employees, and to the fullest extent permitted by law. The indemnification obligations of this section do not apply in the event the claim or cause of action is the result of the State's sole negligence. This clause will not be construed to bar any legal remedies the Indemnifying

Party may have for the State's failure to fulfill its obligation under this Contract.

23.2 Nothing within this Contract, whether express or implied, shall be deemed to create an obligation on the part of the State to indemnify, defend, hold harmless or release the Indemnifying Party. This shall extend to all agreements related to the subject matter of this Contract, and to all terms subsequently added, without regard to order of precedence.

PARTICIPATING ADDENDUM AMENDMENTS.** Except as provided herein, the Participating Addendum shall be modified only by written amendment duly executed by an authorized representative of the State and the Contract Vendor. 290.92 for wages paid for work performed under the contract. To establish compliance, the Contractor must submit a “Contractor Affidavit” either online or in paper form ([IC134 form](#)) to the Minnesota Department of Revenue. The Contractor will receive written certification of compliance when the Department of Revenue determines that all withholding tax returns have been filed and all withholding taxes attributable to the work performed on the contract have been paid. The Contractor must then provide this written certification to the Purchasing Entity/Owner to receive final payment.

50.2 Every subcontractor working on the Project must submit an approved “Contractor Affidavit” from the Minnesota Department of Revenue to the Contractor before the Contractor can file its own Contractor Affidavit. The Contractor is strongly encouraged to obtain the certification from each Contractor immediately following the Subcontractor’s completion of work on the project. Delays in completing the forms until after the project is complete may result in significant additional work for the Contractor in collecting the required forms.

50.3 The Department of Revenue, in association with the Department of Employment and Economic Development, offers a free seminar to help contractors understand tax law requirements. The Department strongly urges the Contractor and all subcontractors to attend the “Employment Taxes & Employer Responsibilities Seminar” or similarly offered classes. You can find a schedule and more information on the Department’s website at: [Contractor Affidavit Requirements | Minnesota Department of Revenue \(state.mn.us\)](https://www.revenue.state.mn.us/contractor-affidavit-requirements)

Complying with this requirement is considered part of the work under this Contract. Contractor delay in complying with this requirement may cause the State to delay final payment and Contract Acceptance. The State may also report non-compliance to the Department of Revenue, which may result in enforcement action by the Department of Revenue.

51. Buying “Off” Contract

The Contract does not prohibit state agencies from using their delegated purchasing authority to procure similar goods and services from other Contractors. At the State’s discretion, the State’s qualified personnel may do their own work even though it may be covered by the Contract.

52. Counties where there is no Contract Coverage.

Ordering entities that need work performed in a county that is not covered by a Contract are allowed to contact a Contractor who does have a Contract for a county that abuts the county where the work is to be performed. Under such circumstances, the Contractor may agree at their discretion to extend the Contract pricing, terms and conditions on an individual project basis.

53. Workmanship and Licenses.

Employ personnel skilled and experienced for the specific task required. Licensed journeymen shall be employed where required by law. Workmanship shall be of the highest quality and performed in a neat and expeditious manner. Qualified supervision shall be at the site when work is progressing.

All Contractors shall conform to the labor laws of the State of Minnesota and all other laws, ordinances, and legal requirements affecting their work in Minnesota.

54. Response Time.

Upon receipt of a purchase order, the Contractor shall contact the ordering entity where work is to be performed or materials to be delivered within 14 calendar days acknowledging the receipt of order and to schedule work start dates. In the event the ordering entity determines that expedited action is required, the Contractor shall respond within 48 hours. Orders requiring expedited action will indicate “expedited action response required” on the purchase order. If after an installation date has been established and the ordering entity requires a delay in the work, the ordering entity may, without penalty, delay installation for a period mutually agreed upon by both parties. Once the project is started, work is to proceed on a continuous basis. Interruptions in finishing a project must be approved by the ordering entity.

All products must be installed with a minimum of interruption to the normal business operation. All work will comply with the applicable national, state and local codes and regulations. If normal service must be disrupted, the Contractor must consult with and obtain the approval of the ordering entity on how the service disruption will be handled prior to scheduling the work. Service Center assistance must be available 7 days a week, 24 hours a day. The Contractor must be able to provide first response to all service calls within one (1) hour. First response is defined as a returned phone call, or diagnostic and troubleshooting, and/or providing anticipated resolution.

55. Delivery, Storage and Handling.

The Contractor shall be responsible to inspect all components on delivery to ensure that no damage occurred during shipping or handling for furnish and installation projects. For equipment only purchases, the ordering entity shall be responsible to inspect all components on delivery. Materials must be stored in original undamaged packaging in such a

manner to ensure proper ventilation and drainage, and to protect against damage, weather, vandalism, and theft until ready for installation.

56. Fire Safety Instruction for Contractors.

Contractors are required to adhere to all current codes, standards and safety rules that are in effect at the time of the work being performed. These include, but are not limited to, building codes, electrical codes, safety codes, and ordering entity's personnel/property protection codes. Contractors are responsible for obtaining the ordering entity's personnel/property protection requirements from the facility in which they are performing the work. Contractor will also implement a "hot-work" and/or "impairment" safety program during the performance of their work if applicable.

57. Right to Inspect and Require Work.

Any work performed that is not in conformance with the specifications of the Contract, or the legal requirements governing the work, shall be subject to rejection. All rejected work shall be immediately replaced or modified at the Contractor's expense so as to conform to the Contract. If the State determines that the work being performed by the Contractor is not in strict conformance with the Contract, the State shall have the right to order the work of the Contractor wholly or partially stopped, or suspended until any nonconforming work has been corrected. Such stoppage or suspension shall not invalidate or modify any terms of the Contract and no extra compensation or reimbursement will be allowed to the Contractor by reason of such stoppage or suspension.

58. Conduct.

All employees of the Contractor(s) shall conduct themselves in a professional and courteous manner at all times. Personnel deemed unacceptable by the State shall be replaced immediately. The State reserves the right to reject any employee.

59. Safety.

The ordering entity agrees to furnish safe and free access to all areas of work covered by this Contract for the purpose of executing the terms of this Contract. At its option, the ordering entity may request, and the Contractor will comply, that a member of the Contractor's staff be removed from working on projects for unsafe practices, violations of the Contract procedures, or other problems.

The Contractor shall take all reasonably necessary steps to provide for the safety of, and prevent damage, injury, or loss to:

- All persons
- The building and all other real or personal property at the work site.
- All equipment at the building, under the care, custody or control of the Contractor or any of its employees.

The Contractor shall promptly notify the ordering entity if, during the term of the Contract, the Contractor observes or otherwise learns of any conditions which:

- In the Contractor's judgment, poses a threat to the safety of person or property;
- Adversely affects the equipment; or
- Is in violation of any applicable codes or regulations.

60. Damage.

At its expense, the Contractor shall promptly remedy and repair all damage or loss to any property caused by the Contractor. The Contractor shall not be liable for any loss, delay, injury, or damage, whether direct or consequential, that may be caused by conditions beyond its control relating to acts of government, strikes, lockouts, fire explosion, theft, riot, civil commotion, war, malicious mischief, floods, or other acts unforeseen, or other situations beyond the Contractor's control. The Contractor shall not be responsible for damage or loss attributable to the fault or negligence of the ordering entity. The Contractor shall not be held liable for back charges if the delay of response time is caused by strikes, any preference or priority allocation order issued by the government, or any unforeseeable cause beyond the Contractor's

control, or any cause the State determines justifies the delay.

61. Hazardous Materials.

If hazardous materials are suspected or discovered during work operations, stop work and notify the ordering entity. Hazardous materials include, but are not limited to, asbestos containing materials, lead, PCB's, pollutants, contaminated soil, and mercury. Do not proceed with work until a written notice to continue work on the project is received by the ordering entity.

62. Delays.

The Contractor shall notify the ordering entity immediately of any prospective delays in the completion of the projects. Such notice shall be given in writing as soon as the contractor recognizes the prospect of delay. The ordering entity must approve all such requests.

63. Work Not Permitted or Work Requiring Ordering Entity Approval.

Repair work, new installations or extension of an existing system covered by this Contract does not extend to modification of building structural, mechanical, or electrical components, even though this work may be incidental to – and or necessary for – repair/modification unless approved in advance by ordering entity or already specified by the Contract.

64. Change Orders.

The Contractor can only proceed with work beyond the work authorized by a purchase order if the ordering entity has approved the change and a Change Orders is being issued. The ordering entity may authorize change orders in writing or verbally.

The ordering entity may require or the Contractor may make a written request (describing the nature of the proposed change) for certain changes in the scope of work described in a purchase order. If the ordering entity agrees to the changes and the costs for the changes, a Change Order will be issued. Change Orders will only be considered if they are based on materially different work conditions that could not have been expected from available information at the time the original purchase order was issued. Verbal authorizations for a Change Order must be followed up with a written Change Order as soon as possible.

65. Security.

Agencies will include their security requirements, if any, on each purchase order that they issue. Some Agencies require that the Contractor and its employees entering their facilities possess a current photo identification card or no entry will be allowed. Some secure facilities require that all vehicles entering and leaving the facility be searched. The Contractor and its employees shall note that introducing contraband upon the grounds of such secure facilities is a violation of State Law and could result in prosecution.

66. Removed Items and Clean-Up.

The Contractor shall keep the premises and surrounding area free from accumulation of waste materials or rubbish caused by operations under the Contract. Upon completion of the work, the Contractor shall remove and legally dispose of waste materials, rubbish, the Contractor's tools, equipment, machinery, and surplus materials from and about the project premises and surrounding area daily. The cost of cleanup performed by the ordering entity as a result of the Contractor's failure to provide the cleanup required by this solicitation shall be deducted at the actual cost to the State from the Contract sum.

When removal and disposal of non-hazardous debris is performed on a job site, receipt for disposal and manifest documentation must be included with the final invoice.

Minnesota Exhibit B

Minnesota General Terms, Conditions, and Specifications Services Performed by the Contract Vendor or Authorized Dealer

DEFINITIONS.

Contract Vendor/Authorized Dealers (Contract Vendor): For purposes of Minnesota Exhibit B, a Contract Vendor is the Contract Vendor or their Authorized Dealer, as Contract Vendor's subcontractor, designated to coordinate purchases of product and provide services requested by the ordering entity including installation, design services and project management.

Installation Services: Installation services include those defined under the Prevailing Wage [Carpenter 704 Commercial rate classification](#) to the extent of non-alteration of real property.

Design Services: Design Services include space planning, installation plans, furniture migration strategies, reconfiguration plans for existing systems, assistance with furniture selection, interior office design, and computerized installation drawings.

1. **AUTHORIZED DEALERS:** The Contract Vendor may add and/or delete authorized dealers during the Master Agreement term via a duly executed amendment to the Participating Addendum. The Contract Vendor must accept orders direct if an authorized dealer is not assigned.

The Contract Vendor may choose to provide all quotes, accept all purchase orders, accept all payments, perform all deliveries, and provide all invoices, or the Contract Vendor may delegate these duties to its authorized dealer(s). The Contract Vendor is responsible for collecting, and submitting, all sales reports from their sales and authorized dealer(s), and submitting all Administration Fees on invoiced sales whether they have been paid or not.

No authorized dealer shall serve to terminate or in any way affect the primary legal responsibility of the Contract Vendor for timely and satisfactory performance of the obligations of the Master Agreement. The State shall not be required to enter into any additional agreement or terms to purchase from any authorized dealer. The terms of this Agreement shall govern any such purchase.

The Contract Vendor is responsible for the performance of the authorized dealer(s) and shall be responsible for the acts and omissions of its authorized dealer(s) under the Master Agreement. The State reserves the right to remove any authorized dealer(s) from this Participating Addendum at any time upon written notice to the Contract Vendor.

2. **PRICING.** Pricing for the product offered under this contract is attached. Price increases for product are allowed when approved by the lead state for the NASPO ValuePoint Master Agreement MA3965 and adopted by the State of Minnesota through a fully executed Participating Addendum amendment.
3. **SERVICE PRICE SCHEDULE.** For installation, design and project management services provided under this Contract, the Contract Vendor must complete the services price schedule attached to this Participating Addendum for each Authorized Dealer that will perform those services for the Contract Vendor. Prices submitted under this Participating Addendum must take into consideration all inherent costs of providing the requested services. The State will not pay any additional charges beyond the price(s) listed in the price schedule, unless otherwise provided for by law or expressly allowed by the terms of the NASPO Master Agreement. Prices offered on the services price schedule shall be in effect for 12 months after the execution of the Participating Addendum. After that period, prices may increase no more than once per calendar year. Price increases should be requested 30 days prior the proposed price increase. Price increases are not effective until they are approved by the AMS and set forth in a fully executed amendment to the contract.
4. **PREVAILING WAGE.**
All State funded or partially State funded work against this contract is subject to the prevailing wage requirements pursuant to Minnesota Statutes 177.41 to 177.44 and corresponding Minnesota Rules 5200.1000 to 5200.1120 as established by the Minnesota Department of Labor and Industry. Specifically, all contractors and all tiers of subcontractors must pay all laborers and mechanics the established prevailing wages for work performed under the contract. Failure to comply with the aforementioned may result in civil or criminal penalties. See <https://www.revisor.mn.gov/rules/?id=5200.1102> and <https://www.revisor.mn.gov/rules/?id=5200.1100>.

The Contractor and Subcontractor shall furnish to the ordering entity all payrolls, of all workers on the project, via email as attachments, to the email address provided on the purchase order. If an email address is not included on the purchase order, contact the ordering entity to obtain the appropriate email address.

The Contractor and Subcontractor must submit the State of Minnesota Prevailing Wage Payroll Report and Statement of Compliance Form within fourteen (14) days after the end of each pay period. The forms are available on the Office of State Procurement (OSP) website at <http://www.mmd.admin.state.mn.us/mn02000.htm> . No other payroll forms will be accepted to meet this requirement.

The Contractor and Subcontractor must complete the Prevailing Wage Payroll Report in Microsoft Excel, and the Statement of Compliance in an Adobe PDF format. The subject line of the email must provide the company name, contract/purchase order number, and pay period ending dates.

The Department of Labor and Industry has a web page with Frequently Asked Questions about prevailing wages at <http://www.dli.mn.gov/business/employment-practices/prevailing-wage-information>

For questions regarding the Prevailing Wage Laws, contact the Department of Labor and Industry at 651.284.5091.

- 4.1 Federal Davis-Bacon Prevailing Wage. Federally funded or partial federally funded projects are subject to the Davis-Bacon Act which requires that all contractors and all tier of subcontractors performing on federally funded projects (and contractors or subcontractors performing on federally assisted contracts under the related Acts) in excess of \$2,000 pay their laborers and mechanics not less than the prevailing wage rates and fringe benefits listed in the contract's Davis-Bacon wage determination for corresponding classes of laborers and mechanics employed on similar projects in the area.

If a project is federally funded and Davis-Bacon prevailing wages are required, the ordering entity shall notify the contractor of this requirement upon a request for quotation. The ordering entity must download the Davis-Bacon wage determination for the county in which the project will take place. See Federal Wage Determinations Online.gov at <http://www.wdol.gov/dba.aspx>. If State and federal funds are being used to fund a project both State and federal prevailing wage requirements and wage rates must be included on the order. If the Davis-Bacon hourly rate classification is higher than the State's prevailing wage classification contractors may adjust their labor rate per classification.

- 4.2 CPV Requirements. CPV members are responsible to confirm if they are subject to rules, regulations, or ordinances which establish the prevailing wage rate as defined in Minn. Stat. § 177.42.

- 4.3 How to Provide Prevailing Wage Information.

All Contractors and Authorized Dealers under the contract must complete the Wage Payroll reporting spreadsheet and return to the customer after a project is completed.

5. **QUOTES. The Contract Vendor shall include a sample quote when returning the signed PA.** The Contract Vendor must provide a firm price quote to the ordering entity. Once the ordering entity has accepted the price quote and a purchase order is issued, no changes in price or product can be made by the Contract Vendor unless agreed upon, in writing, by the ordering entity. At no time will any terms and conditions included in a vendor's quote or other documents change the terms and conditions of the Contract. In the event of a conflict in language between any documents provided to an ordering entity by a Contract Vendor, the terms and conditions set forth in the Contract and any later fully executed amendment documents shall prevail.

Payment shall be for actual products received and work performed, and shall not exceed any quoted price unless the Contract Vendor receives written approval of the changes and a purchase order from the ordering entity prior to the products being delivered or services performed. The quote must be in writing, reference the State Contract Release F-379(5), reference the Contract number, and be in the same format as the sample quote form submitted with the PA and approved as an attachment to the Contract award documents, unless an alternative format is approved in writing by the Acquisition Management Specialist.

The price quote should include:

Additional information may be required by the ordering entity so pricing can be verified. The Contract Vendor must provide quotes within five (5) calendar days of receipt of the request for a quote unless an alternate timeline has been accepted by the ordering agency. Prior to fulfilling any order through this Contract, the Contract Vendor must receive written confirmation from the end user that the quote has been received, understood, and accepted. This confirmation must be in the form of a purchase order. The Contract Vendor shall not deliver product or start any service prior to receiving a purchase order.

6. INVOICES. Responder shall include a sample invoice when returning the signed PA. The Contract Vendor will be responsible for providing an invoice within thirty (30) days following the completion of an order. The invoice must be in the same format as the sample invoice submitted with the PA and approved as an attachment to the Contract award, unless an alternative format is approved in writing by the Acquisition Management Specialist.

7. CONTRACT VENDOR RESPONSIBILITIES. The Contract Vendor or it's authorized Dealer will prepare an assessment of the ordering entity's furniture needs including an inventory of existing furniture, taking field measurements and preparing a standard design/installation plan. The accuracy of all facility dimensions and obstructions including radiators, outlets, switches, thermostats and fire extinguishers shall be the Contract Vendors sole responsibility.

The Contract Vendor or it's authorized Dealer is responsible for accurately specifying all necessary products including parts, components, connectors, fillers, trim pieces, and other items in a detailed component list. Estimates of required services must include the title of the person performing the services, estimated number of hours and what will be accomplished during that time, per hour cost and extended cost. Prior to beginning any project, the ordering entity representative or project manager shall review the plans with the Contract Vendor and approve the plans or request necessary changes in writing. Once the plans have been approved a purchase order will be issued prior to any work being done by the Contract Vendor.

The Contract Vendor or it's authorized Dealer must work with the ordering entity project manager to establish mutually acceptable time frames for the project, create and monitor a schedule, notify the ordering entity project

manager, within a timely manner, if the scheduled time frames will not be met and establish new time frames acceptable by the ordering entity.

The Contract Vendor or its authorized Dealer shall coordinate the required delivery and address any issues of damaged product. If products or parts are missing or found to be defective at assembly time, the Contract Vendor is responsible for the quick shipment or replacement of the missing or defective parts.

Additional requirements as agreed upon by the Contract Vendor and the ordering entity must be outlined in the project scope, quote and purchase order.

- 8. MILEAGE, LODGING AND MEALS.** The State may pay mileage, lodging and meal expenses when travel to and from the job site is outside the Responders normal service area noted in the services cost schedule. Charges for mileage, lodging and meals must be detailed on the quote and invoice. Only expenses per the State of Minnesota's Commissioner's Plan will be allowed under the Contract. Any agreed upon charges for travel mileage rates, lodging, and meal expenses are per the current State of Minnesota Commissioner's Plan, posted to the OSP website: <http://www.mmd.admin.State.mn.us/commissionersplan.htm> .

Per Diem costs for meals may be charged for a project but require prior written approval from the ordering entity. Per Diem for meals must be estimated and included as part of the quote. The State shall be billed at the actual cost of the meal or the maximum reimbursement amount, whichever is less. The State may require receipts for any meal reimbursement requested by the Contractor under the provisions of the Contract.

The accumulated mileage must be from most direct route from the Contract Vendors nearest service location to the job site. The State reserves the right to use the mileage found in MapQuest™ or a similar program to determine mileage. The State will not pay any mileage, labor costs, or per diem associated with travel to pick up materials or to replace or repair damaged product.

Any mileage or lodging costs exceeding the quote amount agreed upon must be approved in writing by the ordering entity in writing prior to the costs being incurred.

Labor costs shall be billed for the time the Contract Vendor is working on the job site.

- 9. STORAGE.** The Contract Vendor is responsible for storage of products prior to the delivery and installation date as established on the purchase order unless agreed upon by the ordering agency and the Contract Vendor. The Contract Vendor may be asked to store product beyond the normal delivery date if the office space is not ready for the delivery. Storage costs incurred after the established delivery date may be passed on to the ordering agency only after those costs have been approved in writing by the ordering agency. Storage cost must be included in the pricing pages and set forth in the resulting contract under the Service Price Schedule. Payments will not be made for furniture that is in storage at a site other than the ordering entity's delivery location.

- 10. ENVIRONMENTAL PURCHASING.** The Contract Vendor shall provide technical information and products that are defined as sustainable products awarded under the Master Agreement. 10.2 Customer Owned Material (COM). In the event a customer presents their own materials (COM) the Contract Vendor shall not be responsible for meeting the sustainability standards noted above in 10.1 for materials presented by the customer.

Exhibit B: Insurance Requirements

1. Notice to Contractor.

1.1 The Contractor is required to submit Certificates of Insurance acceptable to the State as evidence of insurance coverage requirements prior to commencing work under this Contract.

1.2 The Contractor shall not commence work under the contract until they have obtained all the insurance described below and the State has approved such insurance. Contractor shall maintain such insurance in force and effect throughout the term of this Contract, unless otherwise specified in this Contract

1.3 The failure of the Contractor to provide a Certificate of Insurance, for the policies required under this Contract or renewals thereof, or failure of the insurance company to notify the State of the cancellation of policies required under this Contract shall not constitute a waiver by the State to the Contractor to provide such insurance.

1.4 The State reserves the right to immediately terminate this Contract if the Contractor is not in compliance with the insurance requirements and retains all rights to pursue any legal remedies against the Contractor. All insurance policies must be open to inspection by the State, and copies of policies must be submitted to the State's Authorized Representative upon written request.

1.5 If the Contractor uses another entity, including but not limited to a dealer, reseller, or distributor (collectively referred to as "Contractor's reseller") to provide goods or services under this contract, the following terms apply:

1.5.1 Because the Contractor's reseller(s) are independently owned and operated, and maintain their own insurance, the Contractor's reseller's insurance coverage must be evidenced by its own Certificate of Insurance. The Contractor's reseller's Certificate of Insurance must meet all the insurance requirements and limits set forth in the Contract.

1.5.2 The Contractor shall collect, review, approve, and maintain the applicable Certificates of Insurance, including but not limited to General Liability, Auto Liability, Umbrella, Workers' Compensation, and Garagekeepers or Property of Others, for all Contractor's resellers that will be providing goods or services under this contract. The Contractor acknowledges compliance with this provision. The Contractor must provide copies of the dealers' insurance documentation to the State upon request.

1.5.3 If a claim is made against a Contractor's reseller, and the Contractor's reseller's insurance coverage did or does not cover the claim, the Contractor is responsible for the claim because the contract is with the Contractor. The Contractor must pay any uninsured claims out-of-pocket. The State may enforce the indemnity clause in the contract.

2. Notice to Insurer.

2.1 The Contractor's insurance company(ies) waives its right to assert the immunity of the State as a defense to any claims made under said insurance.

2.2 Insurance certificate holder should be addressed as follows: [For PT and Agency RFB contracts - Add agency contract holder's address. Do not use Department of Administration address detailed below.]

State of Minnesota
50 Sherburne Avenue, Room 112
St. Paul, MN 55155

3. Additional Insurance Conditions. The following apply to the Contractor, or the Contractor's subcontractor:

3.1 Contractor's policy(ies) shall be primary insurance to any other valid and collectible insurance available to the State with respect to any claim arising out of Contractor's performance under this Contract.

3.2 If Contractor receives a cancellation notice from an insurance carrier affording coverage herein, Contractor agrees to notify the State within five (5) business days with a copy of the cancellation notice, unless Contractor's policy(ies) contain a provision that coverage afforded under the policy(ies) will not be cancelled without at least thirty (30) days advance written notice to the State;

3.3 Contractor is responsible for payment of Contract related insurance premiums and deductibles;

3.4 If Contractor is self-insured, a Certificate of Self-Insurance must be attached;

3.5 Contractor's policy(ies) shall include legal defense fees in addition to its policy limits with the exception of professional liability.

Form SDE Instructions

When to Complete Form SDE

Complete and file Form SDE, *Exemption from Surety Deposits for Non-Minnesota Contractors*, with the Minnesota Department of Revenue before starting a construction project in Minnesota if all of these apply:

- You are a non-Minnesota construction contractor
- You have one or more contracts expected to exceed \$50,000 for construction work done in Minnesota
- You qualify for a surety deposit exemption (see Exemption Requirements)

You must have a Minnesota Tax ID Number to request an exemption. If you do not have a Minnesota Tax ID number:

- Apply online at www.revenue.state.mn.us
- Call the department at 651-282-5225 or 1-800-657-3605

Surety Deposit Requirement

If a business or government agency hires or contracts with you, they must withhold 8% (.08) from their payments to you as a Minnesota surety deposit if both of these apply:

- The work is being performed in Minnesota
- Total payments on the contract will exceed \$50,000

Note: All payments – including the first \$50,000 – are subject to the 8% withholding.

Exemption Requirements

You may qualify for an exemption from the surety deposit requirements if one of these is true:

- You have done construction work in Minnesota during the past three calendar years and have filed all returns and paid all amounts due, including Minnesota income, withholding, corporate franchise, and sales and use tax.
- You give the department a bond that is secured by an insurance company licensed in Minnesota and is equal to 8% of the contract amount. The bond remains in effect until you satisfy all tax liabilities. You may complete Form SDB, Non-Minnesota Contractor's Bond, to send this bond to the department.
- You give the department a cash surety. A cash surety is evidence of a savings account, deposit, or certificate of deposit in, or issued by, a state bank, national bank, or savings and loan association doing business in Minnesota. You may keep any interest and dividends earned on the principal amount.

If You're Exempt

If you qualify for an exemption, we will send you a Surety Deposit Withholding Waiver. Make a copy for your records and give the original letter to the business or government agency you are working for.

If You're Not Exempt

If you do not qualify for an exemption, the business or government agency you are working for must withhold and remit 8% of each payment to you.

To have the deposits refunded to you, complete Form SDR, *Refund of Surety Deposits for Non-Minnesota Contractors*. If we determine that you have complied with all applicable Minnesota income, withholding, and sales and use tax laws for the periods covered by the deposit, we will send you a refund plus interest.

SWIFT SUPPLIER PORTAL SECURITY CHANGES

There are new security measures that the Minnesota Management and Budget implemented on October 16, 2022. It is a new multi-factor authentication (MFA) to enhance the security of the [State of Minnesota Supplier Portal](#). MFA is an authentication method that requires bidders and suppliers provide two verification factors to log into the SWIFT Supplier Portal. The goal of MFA is to create a layered defense that makes it more difficult for unauthorized system access to occur.

For information about these changes, please refer to the [SWIFT Supplier Portal Multi-Factor Authentication FAQ](#) document.

If you have not done so already, please make sure to log into the SWIFT Supplier Portal as soon as possible to get this authentication set up early so there are no issues when submitting a response to an RFP.

You are strongly encouraged to set your MFA during business hours of 8:00 A.M. to 4:00 P.M., Central Time, Monday through Friday. You may experience delay setting your MFA after hours.
