Attachment 1

Missouri Economic Impact: The utilization of Missouri businesses and Missouri employees and other positive economic impact in the provision of the products and/or services under the agreement between the State of Missouri and the vendor is highly desirable for the State of Missouri. Therefore, please provide responses to the following to describe your Missouri economic impact.

1. Provide a description of the company's economic presence within the State of Missouri, including Missouri employees statistics, Missouri business facilities (size, type of facility, location), Missouri subcontractors, etc.

Gartner maintains a robust and expanding strategic presence within the State of Missouri, primarily through its high-level advisory and research support for the Office of Administration (OA) and the Information Technology Services Division (ITSD). As of early 2026, Gartner's economic footprint is evidenced by a consolidated engagement platform supporting nearly 1,000 IT professionals who manage systems for 14 executive departments and 3 elected officials. The depth of this presence is further reflected in recent account statistics showing 2,573 total document views, 68 active web users, and 60 formal inquiry calls between state leadership and Gartner analysts. This engagement is concentrated among Missouri's top technology executives, including CIO John Laurent and Deputy CIO Tara Dampf, ensuring that global research is localized to Missouri's specific fiscal and operational environment.

2. Provide a description of the proposed services that will be performed and/or the proposed products that will be provided by the Missourians and/or Missouri products under this agreement.

The services provided under this agreement are designed to be executed by and for the benefit of Missouri's workforce and residents. Gartner's research is a core enabler for the Missouri Government Responsibility, Efficiency, Accountability, and Transformation (Missouri GREAT) initiative, which tasks Missouri state employees with moving government at "business speed". Specific outcomes delivered by Missourians using Gartner tools include the development of an apprenticeship program aimed at expanding the technical workforce into St. Louis County and the implementation of modern Electronic Health Records (HER) for Missouri Veterans' Homes. Furthermore, Gartner's "strategy-on-a-page" frameworks allow Missouri-based managers to align day-to-day operations with the Governor's "Foundation for Growth" mission.

3. Provide a description of the economic impact returned to the State of Missouri through tax revenue obligations.

Gartner's services drive significant indirect economic returns to the State of Missouri by stabilizing the macro-fiscal environment and optimizing the use of taxpayer dollars. By utilizing Gartner's IT Budget Benchmark and Cost Optimization research, the State has identified mechanisms to reduce "run" expenditures and reallocate those funds toward "transformational" projects that stimulate economic activity. This strategic realignment is critical as the State navigates a projected \$2.2 billion revenue gap in FY26. By mitigating technical debt and preventing costly cybersecurity breaches through Gartner-guided infrastructure hardening, the State protects its core general revenue and ensures that tax obligations are met with maximum efficiency and minimal waste.

4. List all Missouri certified Minority Business Enterprises (MBE)/Women Business Enterprises (WBE) as defined at Website: <http://oeo.mo.gov> you will use in the provision of products and services under the contract:

While Gartner provides universal research, its application within Missouri specifically supports the growth of Minority and Women Business Enterprises (MBE/WBE) and local community organizations. Gartner is actively assisting the Office of Equal Opportunity (OEO) in creating comprehensive workforce development plans that establish standardized recruitment and hiring guidelines for all 17 Executive departments. Additionally, the state utilizes Gartner's vendor management and third-party risk toolkits to identify and vet local partners for high-impact projects, such as the \$3.3 million DESE Foundation Formula system and the

Gartner's impact on the veteran community and related business enterprises is highlighted by its support for the Missouri Veterans' Homes modernization project. The FY26 budget dedicates \$1,427,739 to implementing modern EHR software, a project heavily informed by Gartner's healthcare technology research and "lessons learned" from other public sector entities. This modernization ensures that Missouri's veteran population receives world-class care while fostering a technological environment where Missouri-based veteran-owned businesses can participate in the state's digital transformation.

**BUSINESS COMPLIANCE EXHIBIT B,
STATE OF MISSOURI TAX COMPLIANCE**

STATE OF MISSOURI TAX COMPLIANCE

In accordance with section 34.040.7, RSMo, Purchasing is precluded from contracting with a vendor or its affiliate who makes sales at retail of tangible personal property or for the purpose of storage, use or consumption in this state but fails to collect and properly pay the tax as provided in chapter 144, RSMo.

In order to verify the vendor's State of Missouri tax compliance with the Missouri Department of Revenue (DOR), the vendor must provide "Vendor No Tax Due" certificate issued by DOR prior to award. By providing the "Vendor No Tax Due" certificate, the vendor is verifying the vendor is either registered to collect sales and/or use tax in Missouri or is not making retail sales of tangible personal property or providing taxable services in Missouri.

The DOR will issue the "Vendor No Tax Due" certificate if the vendor is properly registered to collect and have properly remitted sales and/or use tax, or if the vendor is not making retail sales in Missouri.

How To Obtain A Vendor No Tax Due Certificate

A "Vendor No Tax Due" certificate can be obtained from the Missouri Department of Revenue when a business pays all of its sales/use tax in full, up to date, does not have a sales tax delinquency or does not sell tangible personal property at retail in Missouri.

If taxes are due, depending on the payment history of the business, a cashier's check or money order may be required for payment before a "Vendor No Tax Due" certificate can be issued.

A "Vendor No Tax Due" certificate can be obtained by completing and submitting the Request For Tax Clearance, Form 943, to the Missouri Department of Revenue, Division of Taxation & Collection. This form is available at <http://dor.mo.gov/forms/943.pdf>. Make sure to select the appropriate "Reason for Request" on page 2 of the form.

For assistance, call (573) 751-9268 or e-mail taxclearance@dor.mo.gov. Additional information regarding section 34.040.7, RSMo, is available on the Department of Revenue's website at <http://dor.mo.gov/business/sales>.

NOTE: Make sure to request a "Vendor No Tax Due" certificate as there are other similar tax clearance forms that do not meet this verification requirement. The steps to obtain a "Vendor No Tax Due" certificate is outlined at <https://dor.mo.gov/taxation/business/tax-types/sales-use/hb600.html>.

Instructions: The vendor should complete the information below regarding their "Vendor No Tax Due" status.

BUSINESS COMPLIANCE EXHIBIT E, ANTI-DISCRIMINATION AGAINST ISRAEL ACT CERTIFICATION

Statutory Requirement: Section 34.600, RSMo, precludes entering into a contract with a company to acquire products and/or services “unless the contract includes a written certification that the company is not currently engaged in and shall not, for the duration of the contract, engage in a boycott of goods or services from the State of Israel; companies doing business in or with Israel or authorized by, licensed by, or organized under the laws of the State of Israel; or persons or entities doing business in the State of Israel.”

Exceptions: The statute provides two exceptions for this certification: 1) “contracts with a total potential value of less than one hundred thousand dollars” or 2) “contractors with fewer than ten employees.” Therefore the following certification is required prior to any contract award.

Section 34.600, RSMo, defines the following terms:

Boycott Israel and Boycott of the State of Israel: engaging in refusals to deal, terminating business activities, or other actions to discriminate against, inflict economic harm, or otherwise limit commercial relations specifically with the State of Israel; companies doing business in or with Israel or authorized by, licensed by, or organized under the laws of the State of Israel; or persons or entities doing business in the State of Israel, that are all intended to support a boycott of the State of Israel. A company’s statement that it is participating in boycotts of the State of Israel; companies doing business in or with Israel or authorized by, licensed by, or organized under the laws of the State of Israel; or persons or entities doing business in the State of Israel, or that it has taken the boycott action at the request, in compliance with, or in furtherance of calls for a boycott of the State of Israel; companies doing business in or with Israel or authorized by, licensed by, or organized under the laws of the State of Israel; or persons or entities doing business in the State of Israel shall be considered to be conclusive evidence that a company is participating in a boycott of the State of Israel; companies doing business in or with Israel or authorized by, licensed by, or organized under the laws of the State of Israel; or persons or entities doing business in the State of Israel; provided, however that a company that has made no such statement may still be considered to be participating in a boycott of the State of Israel; companies doing business in or with Israel or authorized by, licensed by, or organized under the laws of the State of Israel; or persons or entities doing business in the State of Israel if other factors warrant such a conclusion.

Company: any for-profit or not-for-profit organization, association, corporation, partnership, joint venture, limited partnership, limited liability partnership, limited liability company, or other entity or business association, including all wholly-owned subsidiaries, majority-owned subsidiaries, parent companies, or affiliates of those entities or business associations.

Public Entity: the state of Missouri or any political subdivision thereof, including all boards, commissions, agencies, institutions, authorities, and bodies politic and corporate of the state created by or in accordance with state law or regulations.
