Missouri Economic Impact: The utilization of Missouri businesses and Missouri employees and other positive economic impact in the provision of the products and/or services under the agreement between the State of Missouri and the vendor is highly desirable for the State of Missouri. Therefore, please provide responses to the following to describe your Missouri economic impact.

1. Provide a description of the company's economic presence within the State of Missouri, including Missouri employees statistics, Missouri business facilities (size, type of facility, location), Missouri subcontractors, etc.

Mission Critical Partners, LLC (MCP) maintains a strong and longstanding presence in the State of Missouri through its local staff and ongoing work with state agencies and political subdivisions. MCP expanded its Missouri footprint through the 2022 acquisition of RKV Technologies, whose personnel have supported Missouri state government IT initiatives for nearly three decades. MCP currently maintains a local office in Jefferson City, Missouri, and employs consultants and technical specialists who regularly support Missouri state agencies and local governments.

MCP has delivered numerous projects for Missouri agencies including the Office of Administration, Department of Transportation, Department of Natural Resources, Department of Social Services, Department of Corrections, Department of Revenue, and the Office of State Courts Administrator. MCP's Missouri-based staff provide project management, software development, business analysis, and IT consulting services that support the State's technology modernization initiatives.

Through this engagement, MCP will continue utilizing Missouri-based personnel and resources whenever feasible and will maintain collaboration with local agencies and partners to support statewide initiatives.

2. Provide a description of the proposed services that will be performed and/or the proposed products that will be provided by the Missourians and/or Missouri products under this agreement.

Under this agreement, MCP will provide Information Technology Research, Advisory, and Consulting (RAC) services including project management, infrastructure consulting, business analysis, software development, data management, cybersecurity consulting, cloud strategy, and organizational change management.

Missouri-based consultants and technical specialists will participate in service delivery activities such as requirements gathering, architecture planning, system design, project oversight, application development, and integration support. These services help Missouri agencies modernize technology platforms, improve operational efficiency, and enhance data-driven decision-making.

MCP's local resources will support agencies across a wide range of IT consulting disciplines including infrastructure planning, system integration, cloud technologies, and application development using modern platforms such as .NET, Java, PowerApps, Salesforce, and ServiceNow.

3. Provide a description of the economic impact returned to the State of Missouri through tax revenue obligations.

Mission Critical Partners contributes to Missouri's economy through employment of Missouri-based staff, leasing and operating office space in Jefferson City, and conducting project work that supports state and local agencies.

Through these activities, MCP generates economic benefits to the State of Missouri through payroll taxes, business taxes, and indirect economic activity associated with supporting local vendors and services. Additionally, MCP's consulting services help Missouri agencies improve operational efficiency and maximize the value of their technology investments, ultimately benefiting Missouri taxpayers and public sector operations.
