Prosperity

A prosperous mindset is a sure sign that we are living the basic principles of our teaching. We know prosperity means more than money. Nonetheless, I have something wonderful to share and it concerns money.

A very exciting thing happened. On December 18th, I met with two Salem businessmen who represent a group that wants to donate enough to repave our upper parking lot and gravel the lower one.

This group of men and women and their families have benefited from the grace and support this Center has given them and the community.

They said they give from their hearts and do not want their names known. They aim to help us provide a safe and positive place for people to follow the spiritual path. They say the parking lot is not safe. Some have seen people stumble.

The group has already identified specific donors and a contractor who can complete the project. These donors want to be sure that we are excited about the project. They have asked us to raise some of the money. They have not set a specific “requirement” for our part. It does not have to be a large amount. Once the major donors see our enthusiasm, they will step in and contribute the rest. All donations will be made to Woodland Chapel CSL. Thiers and ours.

I told them, “This is wonderful. I see it as a miracle.” I took their offer to the board. Our board enthusiastically agreed to accept this gift.

Michele Giammatteo, our board President, commented, “Yes. Yes. Yes. Divine intervention.” I agree.

As our board member, Cathy Daniels, put it. “I am so thankful for news of this generous offer and gratified to hear of Woodland Chapel's impact on the community. This is truly **Love in Action.**”

Satya Riversong and Sandy Maghan echoed these sentiments, as did Rev Don and Julie.

There are details yet to be worked out. But the ball is rolling both on our side and theirs. We have started to gather donations to support this project. Satya and Mary Riversong ordered a “Giving Thermometer,” which is scheduled to arrive by January 4. **(why the giving thermometer? Are we required to match or something?) No match is required. See above.**

The two representatives said, “The project can begin when “we blow the top off the thermometer.” (**How much?---As explained above there is no specific goal. They realize we do not have a large congregation.)**” The entire project is estimated at \$24,000.

This is a truly wonderful Christmas gift that reflects our prosperity going forward. We aim at a March completion.

Blessing and Love Always,

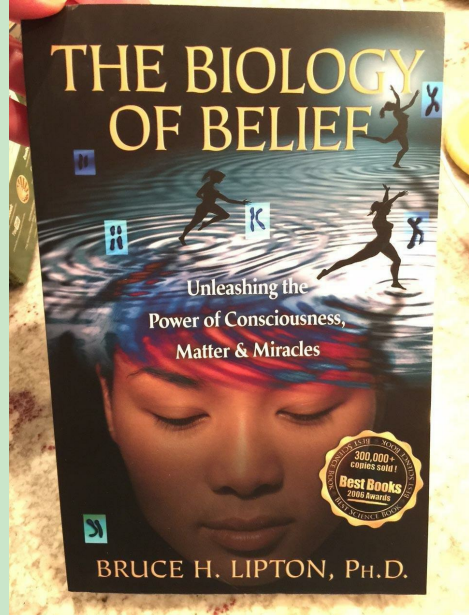

Rev Maur
