March 2024

It's Happening

We are currently experiencing a new beginning, a great emergence, a global awakening.

Spring officially begins on March 19th with the equinox, but some plants have already started blossoming - notably daffodils and the Lenten rose. Some trees are also in bloom.

We don't have to wait to bloom, because we are already living proof of the divine life. Even though we may face difficulties, we can still flourish by staying grounded in our daily experiences and keeping our minds focused on the divine presence within us. While we may experience growing pains, these are merely signs of our growth.

In February, our community came together to recommit to life and joy. Our planning group has already scheduled a variety of events, including classes, workshops, potlucks, and "soup for the soul". We have identified many additional opportunities to encourage and celebrate our growth. Our team will meet again on March 14th to pick those we believe will lead to new growth and joy in being together..

Please join us in the exuberant celebration of life. Even nature reminds us. This is the spring of our life together, a life of faith, love, and strong growth. Spirit desires us to have an abundant life.

Let us grow in Spirit together,
Rev Maur
