Your happiness is in direct ratio to your ability to give yourself to others.

Raymond Charles Barker,
The Science of Successful Living; pg. 4-2

My Heart Is Open I am aware within me of the existence of One Power, One Creative Energy animating all existence. I am a creative expression of this Power, existing in human form to demonstrate all the aspects of Spirit. I am eternally one with all Creation. I walk this path I have created with an open and receptive heart. I see all of Nature in everyone

that appears within my life. I see the beauty of God in all Creation, and I know every individual is expressing Spirit as they perceive It. I am blessed by each new experience, and the lessons each person brings into my life. Divine discernment is mine and I innately know what to allow into my consciousness, and when to let go. I am joyfully alive, and I happily live an authentic life. I am full of gratitude for the beauty and joy that is now mine. I am grateful for each new experience I am creating, and every individual expression of Spirit I meet. I release my word to the Law as already perfect, whole and complete in the One Mind.

And so it is. Amen Cheryl Guess, RScP
