THE NORTHWEST SEAPORT ALLIANCE

NWSA Domestic Scrapping Bonus Program - Engine MY2009 and older trucks

The Domestic Scrapping Bonus program provides up to $30,000 to scrap and replace eligible pre 2009 engine model year drayage trucks with 2018 model year or newer trucks.

Follow the steps to receive your scrapping bonus:

STEP 1: You must first apply for the Domestic Scrapping Bonus Program to check your eligibility. To be eligible for the program, your pre-2009 engine truck must have entered a Northwest Seaport Alliance container terminal in the last three years. NWSA verifies this information using the truck's VIN and license plate number.

STEP 2: Once the NWSA approves your application, you must scrap your pre-2009 engine truck at an approved scrap yard*. You are responsible for contacting the scrap yard and making an appointment. The scrap yard will provide documentation for you to complete including an eligibility and scrapping statement certifying that you own the truck, that it was operational upon arrival of the scrap yard, it meets the program eligibility requirements, and it has been scrapped by the scrap yard.

STEP 3: After your truck is scrapped, the scrap yard will provide documentation and photographs to the NWSA confirming your pre-2009 engine truck has been properly destroyed. The scrapping process can take up to 1 week.

STEP 4: You are responsible for finding and purchasing a suitable replacement truck. The replacement truck must be 2018 model year or newer. You will need to send a copy of your new truck registration, new truck bill of sale, and a completed W-9 form.

STEP 5: The NWSA will issue your scrapping bonus after it receives all documentation (proof of scrapping **AND** proof of purchase of a replacement truck). There are no reporting requirements for this program following receipt of the scrapping bonus or change in title ownership.

Participant Agreement

I have read the above information and understand the requirements I need to receive a rebate not to exceed $30,000 or 50% of the cost for my new truck. I understand that I cannot use any other federal money to purchase my new truck.

Name: _____

Rebate amount (not to exceed $30,000 or 50% of the cost for my new truck):_____

Signature: _____ Date: _____

***Approved scrap yard*:** Metro Metals, 1-800-562-8464 Option #1

2202 E River St., Tacoma, WA 98421, www.metrometalsnw.com

*If you prefer using a scrap yard that's not listed above, the scrap yard must contact us at trucks@nwseaportalliance.com to review the requirements before your truck is scrapped. Otherwise your scrap bonus may not be approved.

How to scrap your pre-2009 engine truck

After The Northwest Seaport Alliance approves your application:

Your pre-2009 engine truck

Contact an approved scrap yard

Book an appointment to scrap your pre-2009 engine truck.

Scrap your pre-2009 engine truck

You will complete documentation at the scrap yard including an eligibility and scrappage statement.

Scrapping confirmation

After your pre-2009 engine truck is scrapped, the scrap yard will send documentation and photographs to the NWSA.

Replacement truck

Purchase your 2018 MY or newer replacement truck and send documentation (copy of new truck registration, bill of sale, and a completed W-9 form) to the NWSA.

THE NORTHWEST SEAPORT ALLIANCE

Scrapping bonus

The NWSA will issue your scrapping bonus after it receives all documentation.
