Senior Housing

Safe and Secure Housing for Deaf and Hard of Hearing Seniors

The third floor of GLAD's four-story Eagle Rock headquarters consists of 14 efficiency apartments designed to meet the needs of low-income deaf and hard-of-hearing senior citizens. GLAD works with a professional management company to screen applicants and employs a full-time resident manager to oversee the housing program.

The people who live in the apartments enjoy an independent lifestyle and they can make use of GLAD facilities and resources, including a rooftop solarium (Skydome), laundry facilities and park-like grounds. A security system with closed-circuit TVs allows residents to see who is visiting before letting them in. Residents save their recyclable cans and bottles then use the redemption money for special treats such as a dinner out at a local restaurant.

Many residents enjoy participating in GLAD events such as the Annual Children's Holiday Party and more! Often they can be found volunteering in various ways to assist the GLAD staff in a number of projects.

Community Events

Residents also enjoy playing cards and chatting with people who visit GLAD on Fridays for the weekly Deaf Community Center socials. They feel comfortable and safe when they walk around the neighborhood. It just feels like home.

"I'm a very independent senior. I have a living room, kitchen, dining room, bedroom and bathroom and I can cook by myself. GLAD has four floors. The first and second floors are business offices; the third floor is for apartments, storage, communication room and laundry room, the fourth floor is the Skydome. GLAD's environment is very comfortable."
