OptConnect Makes Annual Inc. 5000 List of America's Fastest-Growing Private Companies for Fourth Consecutive Year

(SILICON SLOPES, Utah) August 17, 2020 – OptConnect, an industry leader in managed wireless solutions, today announced that they have made the 2021 Inc. 5000 list, the most prestigious ranking of the nation's fastest-growing private companies. The list represents a unique look at the most successful companies within the American economy's most dynamic segment—its independent small businesses. Coming in at number 4081 on the list, OptConnect's impressive year over year growth makes this the company's fourth consecutive recognition.

"It is truly an honor to be recognized by making the Inc. 5000 list once again," said Chris Baird, CEO of OptConnect. "We've worked tremendously hard to continue our momentum and growth over the past four years and it means a lot to us to be recognized year after year for those efforts, especially given the challenges of 2020. I am incredibly proud to be a part of a company that is never done innovating and that never stops evolving and adapting to the needs of our customers. I am surrounded by team members who make incredible things happen each and every day and that is a remarkable thing to be involved in.."

Not only have the companies on the 2021 Inc. 5000 been very competitive within their markets, but this year's list also proved especially resilient and flexible given 2020's unprecedented challenges. Among the 5,000, the average median three-year growth rate soared to 543 percent, and median revenue reached \$11.1 million. Together, these companies added more than 610,000 jobs over the past three years.

"The 2021 Inc. 5000 list feels like one of the most important rosters of companies ever compiled," says Scott Omelianuk, editor-in-chief of *Inc.* "Building one of the fastest-growing companies in America in any year is an outstanding achievement. Building one in the crisis we've lived through is just plain amazing. This kind of accomplishment comes with hard work, smart pivots, great leadership, and the help of a whole lot of people."

Complete results of the Inc. 5000, including company profiles and an interactive database that can be sorted by industry, region, and other criteria, can be found at www.inc.com/inc5000.
