STEPHEN BARBER

Executive Assistant to the Board

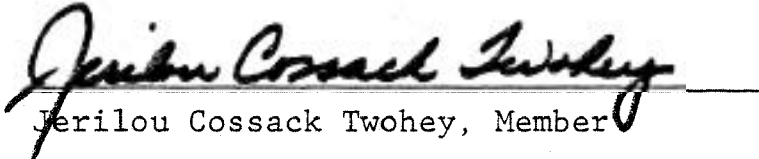

Jerilou Cossack Twohey, Member, concurring:

I agree that Charging Party's motion for reconsideration should be denied. While I would not have sustained the General Counsel's dismissal of this case in the first place,<sup>1</sup> a majority of the Board

decided to do so. In the request for reconsideration, Charging Party raised no newly discovered information. Neither did Charging Party claim that previously unavailable information which would have altered the majority's decision had become available. In these circumstances and in the interest of preserving the finality of the Board's decisions, I concur in the decision not to grant reconsideration.
