Case No. SF-R-419
EERB Decision No. 23

EERB Order No. JR-3

December 21, 1977

ORDER DECLINING REQUEST
TO JOIN IN JUDICIAL REVIEW

Pursuant to Government Code Section 3542(a)(1), the Educational Employment Relations Board hereby declines request of petitioner in the above-captioned case to join in judicial review of EERB unit determination decision #23.

The Board finds that the petitioner has an unfair practice remedy available.

Executive Assistant to the Board

Jerilou H. Cossack, Member, concurring.

I agree with my colleagues that we should not join in the request for judicial review. However, the fact that the employer may resort to the unfair

practice procedures by refusing to negotiate with the duly selected exclusive representative plays no part in my decision. As I stated in Grossmont Union High School District,¹

A primary purpose of administrative agencies is to provide a method for adjudicating and resolving disputes without resort to the already crowded courts. This Board is expected to make difficult and precedential decisions to facilitate an orderly and efficient system of public school employer-employee relations. If every major unit decision is certified for judicial review, we will become merely an additional level of bureaucracy which must be gotten through prior to inevitable resort to the courts.

I find nothing which renders this case one of "special importance."
