

December 7, 2022

**TO: EB1 VAULT REPAIRS**

**SUBJECT: RFP NO. 071732**

**Response to Bid**  
**Questions #1**

1. **BIDDER QUESTION**

If the site visit was mandatory to be able to bid on this project.

**RESPONSE**

Bid visit was not mandatory.

2. **BIDDER QUESTION**

Do we need the TWIC card to bid it or else do we just need it once the job is awarded?.

**RESPONSE**

TWIC cards not required before bid closing. TWIC will be required when work on site begins.

3. **BIDDER QUESTION**

We are not seeing a specification for the replacement vault castings and 4'x4' hinged vault frame and lid in the plans or specifications. Can the Port of Tacoma please provide a minimum requirement for these items that are a requirement of the general contractor to procure.

**RESPONSE**

They should be able to select a product based on the size, load rating, and spring/lift assistance requirements listed in the specifications.
