No.	PROPOSER QUESTIONS	PORT RESPONSES	RFP/ RFQ Section
1	Will the new camera system be an extension of the existing system or will it be a new system with new software?	It will be an extension	
2	If an extension of the existing system can you disclose the brand of the cameras and software currently in use? I am looking to determine if the existing software is a product platform we are certified to support and install prior to bidding.	Installation of the cameras is required only. Access to the system will not be required.	

3	Could cellular CCTV's be capable for this project?	No.	
4	Would a bid be accepted for ONLY project 101503.01 Port Camera Expansion? We do not intend to bid the Port Admin building security enhancements project.	No. Both projects have to be bid.
