PROPOSER QUESTIONS	PORT RESPONSES	RFQ/ RFQ Section
The description of construction services are construction management services, but the deliverables are the traditional environmental/engineering consultant deliverables. Can you clarify if construction administration services of the construction contract are included in the scope of work.?	<p>In accordance with Paragraph C "Scope of Services" page 3 of the solicitation states that the consultant will assist with bid support and construction support. Under paragraph C Construction Stage during construction stage the consultant will provide support services including but not limited to RFI, submittal and change order review and responses, cost estimating, issue resolutions, site observations, compliance monitoring, inspection services, administrative support , preparation of record drawings and close out report. Construction administration/management services is not included in the list of services required.</p> <p>Paragraph D sub paragraph 3 page 4 of the solicitation "Deliverables" states Bidding and construction support services will be RFI and submittal responses, Prepare Record Drawings and Construction Completion Report.</p>
