### **A Note from our Administrator Richard...**

The 2023 Atlantic hurricane season is an upcoming event in the annual tropical cyclone season in the Northern Hemisphere. The season officially begins on June 1, and ends on November 30. Each year forecasts are predicted by National Oceanic and Atmospheric Administration (NOAA)'s Climate Prediction Center, Tropical Storm Risk (TSR), the United Kingdom's Met Office (UKMO), and Philip J. Klotzbach, William M. Gray and their associates at Colorado State University (CSU). For the 2023 season, all of these entities are predicting a near-normal Hurricane Season. You will be receiving a form to complete that will document your plans for this year's hurricane season. Please send the forms in by June 30, 2023. Our resident's safety is our top priority and these forms will help us to be as prepared. Thank you for being a part of our Ortega Gardens family.

Sincerely,

*Richard*

What a marvelous Mother's Day brunch we had. Our "Momosa" bar was definitely a hit. Thank you, Beverly, who came in to play the violin for us.

### **Save The Date!**

**We will be hosting a Father's  
Day Brunch on Saturday, June  
17th from 11:30-12:30.**

**Family & Friends, please RSVP  
by June 12th.**

Before the school year ended, we were thrilled to have the kids from Riverside Presbyterian Day School help us with one last project. Together, we finish our garden box's with beautiful flowers, along with tomato and cucumber plants.

We had quite the experience at the MOSH museum. We were in awe with all the exhibits we were able to visit, such as with the Dinosaurs, Health in Motion, Animal Encounter, Space Center, Historic times, and the Hixon Native Plant Courtyard.

*Happy Birthday!*

May your birthday be sprinkled  
with fun and laughter!

We look forward to celebrating  
your birthday at our monthly  
birthday celebration!
