Kathryn K	2/2	Angie P	2/18
Gerda F	2/7	Robert C	2/22
Judith M	2/7	Kingsley C	2/23
Richard S	2/13		

Red Day 2/7!

This day is to raise awareness about heart disease in women! It is the leading cause of death among women in the United States. This is why it's crucial for women to take charge and be proactive in their heart health.

There are risk factors for cardiovascular disease that are unique to women or manifest differently in women compared to men. Wear red on 2/7 to show your support & raise awareness!

LifeLoop Family App Coming Soon!
Stay tuned for more information
coming in February!
