Message From Siera, the Executive Director

Dear Lumia Community,

There have been some recent updates to our Clinical Team. Shaquila, who was recently in the Service Coordinator position, has decided to move back to a caregiver position. Therefore, we are pleased to announce our new Service Coordinator, Imoni Bowie. He will be working alongside our other Service Coordinator, Tiara Birt.

Imoni and Tiara will help support our residents and enhance their overall experience. Our Service Coordinators play an important role in assisting Wendy with administration tasks, assisting residents with their needs, and helping ensure that each resident feels supported, valued, and at home in our community.

They can be reached at (262) 988-8800 ext. 1007, or by email at Imoni@lumiamequon.com and Tiara@lumiamequon.com.

We are excited to welcome Imoni and Tiara into these roles and look forward to the positive impact they will have on our residents, families, and team. Please join us in welcoming our Service Coordinators and offering them your support as they get settled into their positions.

WENDY WEINERT

Clinical Director

Wendy has worked in healthcare for 26 years, including 22 years as a Registered Nurse. Throughout her career, she has had the opportunity to work in a variety of settings, including the convent, hospice, and Froedtert primary care. After many years in different areas of healthcare, she is especially grateful to have returned to something she truly loves: working with older adults.
Outside of work, Wendy is married, has three adult children, and six grandchildren, who are truly the apple of her eye. Family means so much to her, and she treasures the time they spend together. Wendy is also very involved in her church, where she volunteers and helps lead middle and high school students. Another passion of hers is sponsoring children in El Salvador and supporting them so they have opportunities to thrive. One of her biggest goals is to travel to El Salvador and meet the children she sponsors in person.
