We are fortunate to have a program here at West Park Place called Sagely. It is a platform that allows our residents to stay engaged, healthy and connected through the services that Sagely provides. Sagely also allows our community to better understand our residents in what they enjoy and what will bring purpose to their everyday lives. Sagely provides the opportunity for family and friends to share in that information and better understanding what their loved one at West Park Place is taking in part in on a daily basis. Sagely can be accessed through a firestick for TV or the Sagely app.

If you would like to know more about Sagely and how you can access please contact Carol for more information.
