Spring Has Sprung

Spring is a time of growth and renewal. We begin to see the green grass return, flowers bloom, and we watch as trees sprout their buds. This growth occurs in the youngest and eldest of the plants and trees. No matter what stage of maturity they are in, they never stop growing. We open our eyes to the world around us so it may serve as a reminder and encouragement for our own continual growth. This season, let us all work to find ways to grow in body, mind, and spirit.

“The beautiful spring came; and when Nature resumes her loveliness, the human soul is apt to revive also.”

-Harriet Ann Jacobs
