Food for Thought

A recent study found the average golfer walks about 900 miles a year.
Another study found golfers drink, on average, 22 gallons of alcohol a year.
That means, on average, golfers get about 41 miles to the gallon.
Kind of makes you proud. Almost feels like a hybrid.

Vocabulary of a Father

Dumbwaiter: One who asks if the children would care to order a dessert.

Grandparents: The people who think your children are wonderful even though you're not raising them right.

Full Name: What you call your child when you're angry with them.

Independent: How we want our children to be for as long as they do everything we say.

Puddle: A small body of water that draws other small bodies wearing dry shoes into.

Show Off: A child who is more talented than yours.

Whodunit: None of the children who live in your house.

Happy Birthday to YOU!
