TYPING

Practice Packet

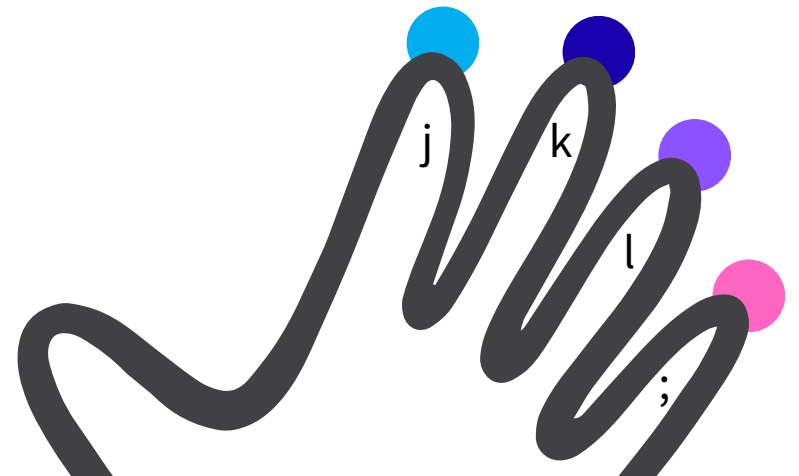

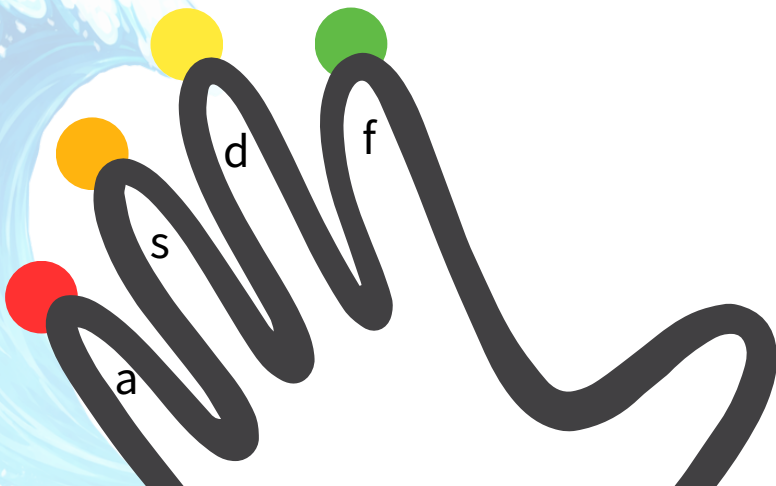

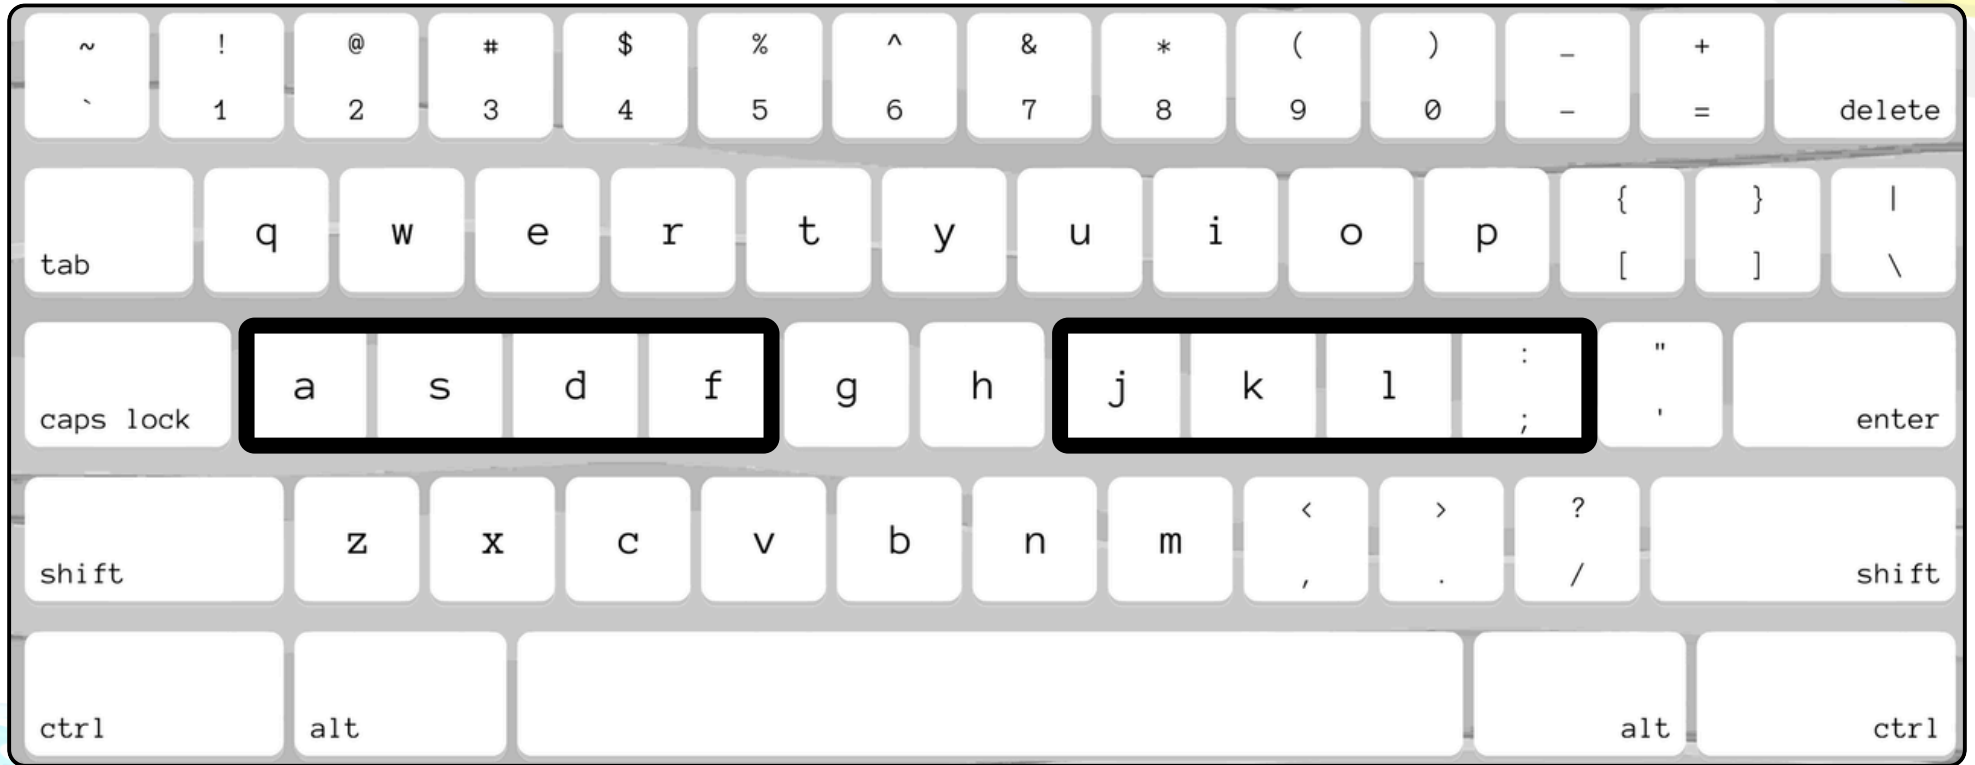

Name: _____

Class Code: _____

Color Coded Typing Practice- Home Row

Color the home row keys to match the fingertips. The home row is the middle row of the keyboard. Your fingers should always rest on asdf and jkl;.

Home Row Practice- Type It Out

Color the home row keys to match the fingertips. Underline f and j, where your pointer fingers should rest. Practice typing the letter combinations below while keeping your fingers on the home row.

Check the box after you practice and can type the combination comfortably.

☐ jjjff jfjfj

☐ kdkdg khgdg

☐ fdsfa fsfad

☐ jhfgj jhfgj

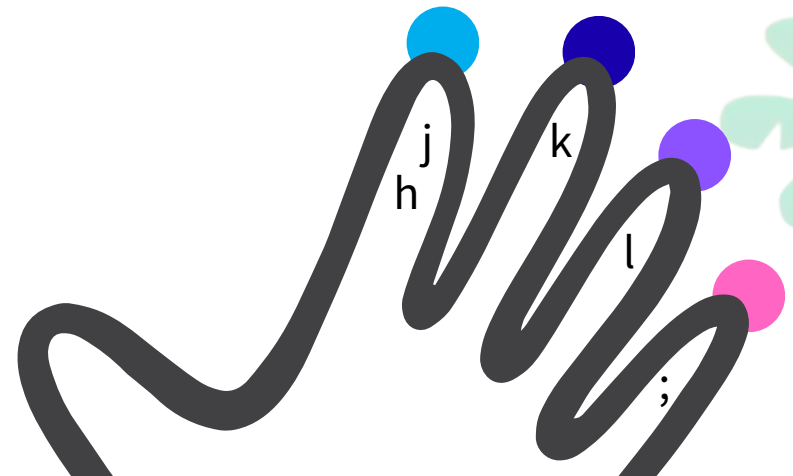

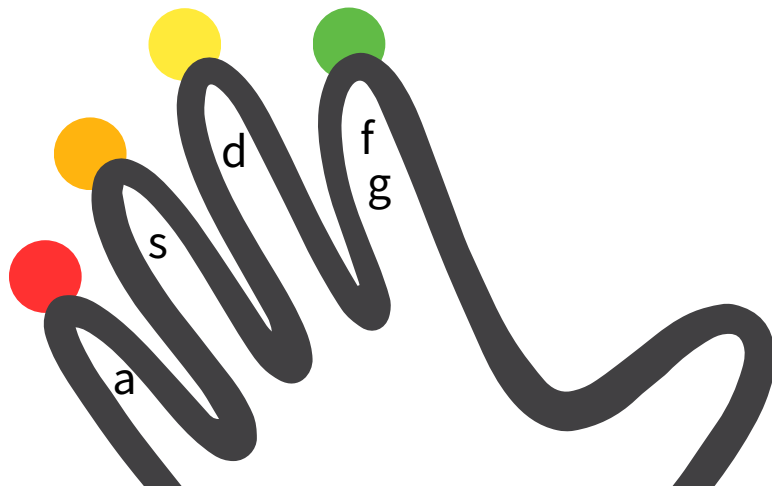

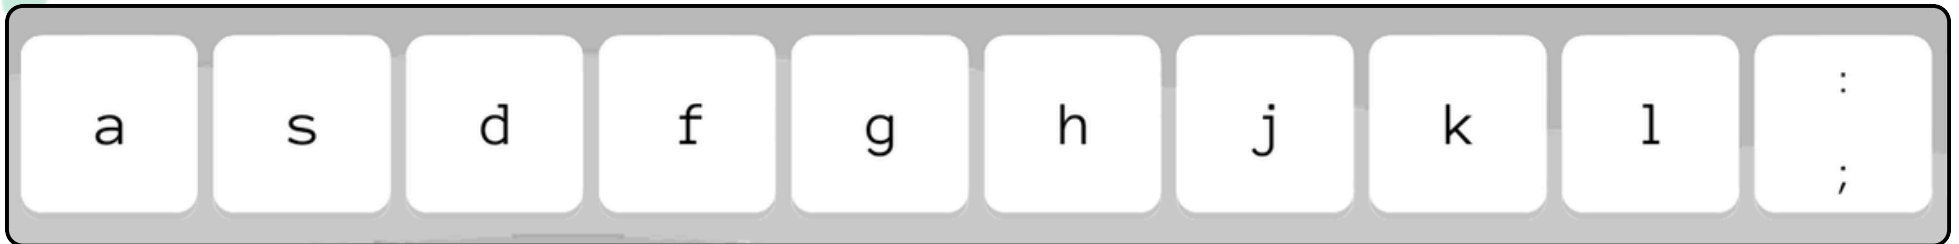

☐ jlfsj lsfsj

☐ jklj; lkj;l

☐ jkjkj fdfdf

☐ faj;; jf;aa

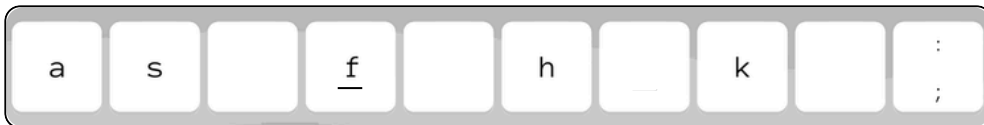

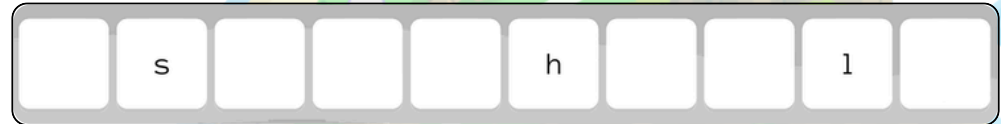

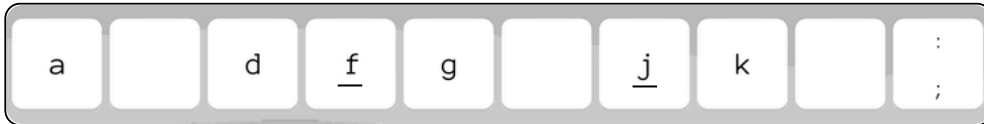

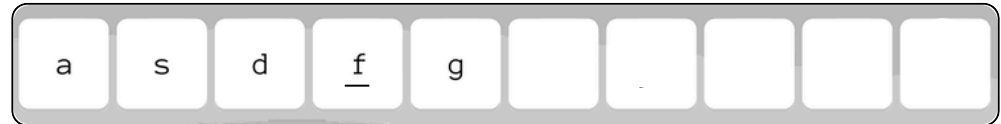

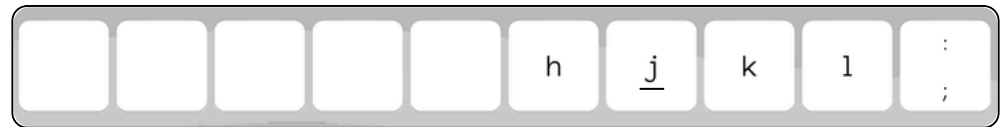

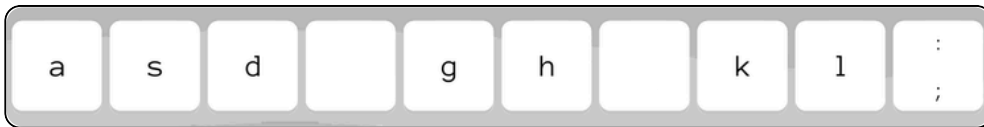

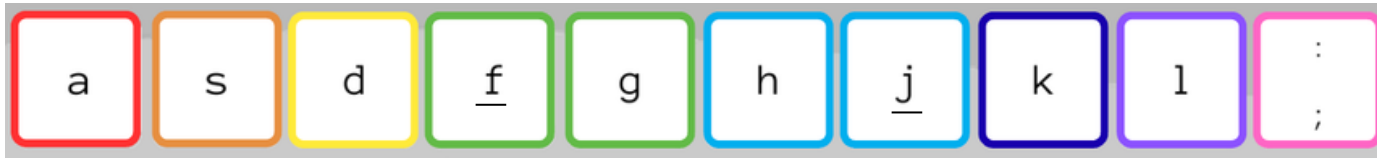

☐ sad glad ask

Home Row Practice- Fill It Out

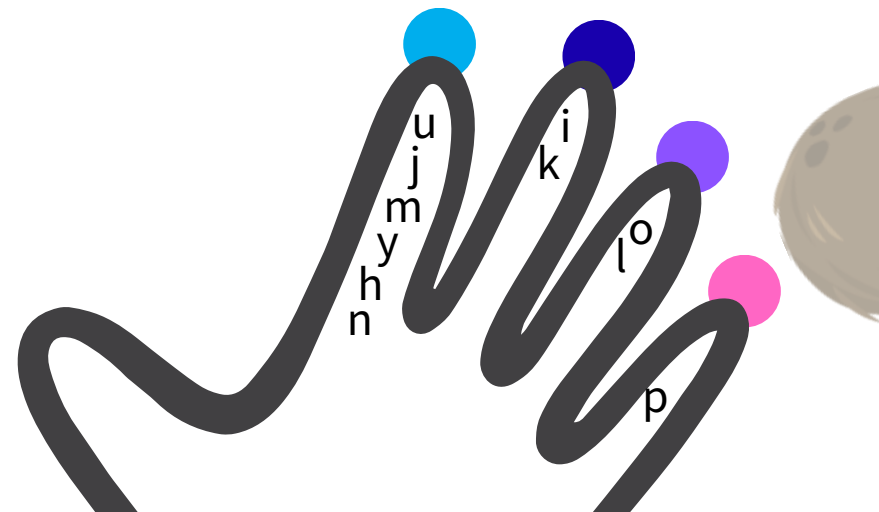

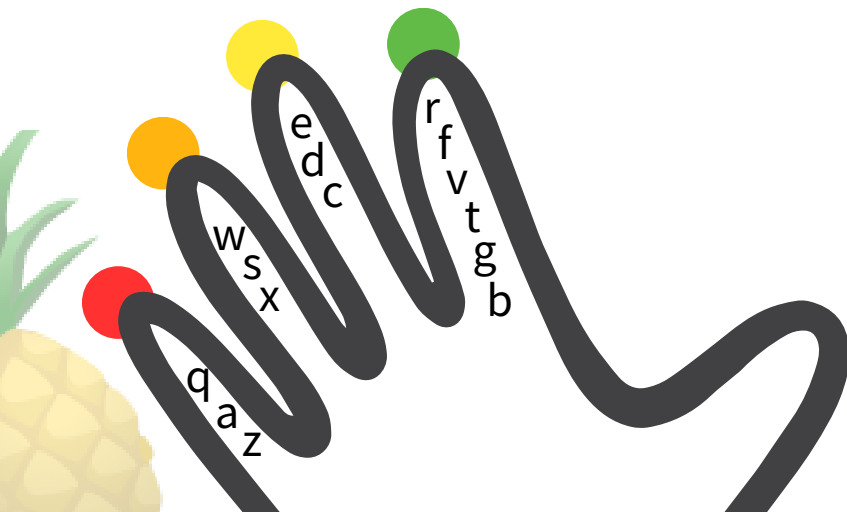

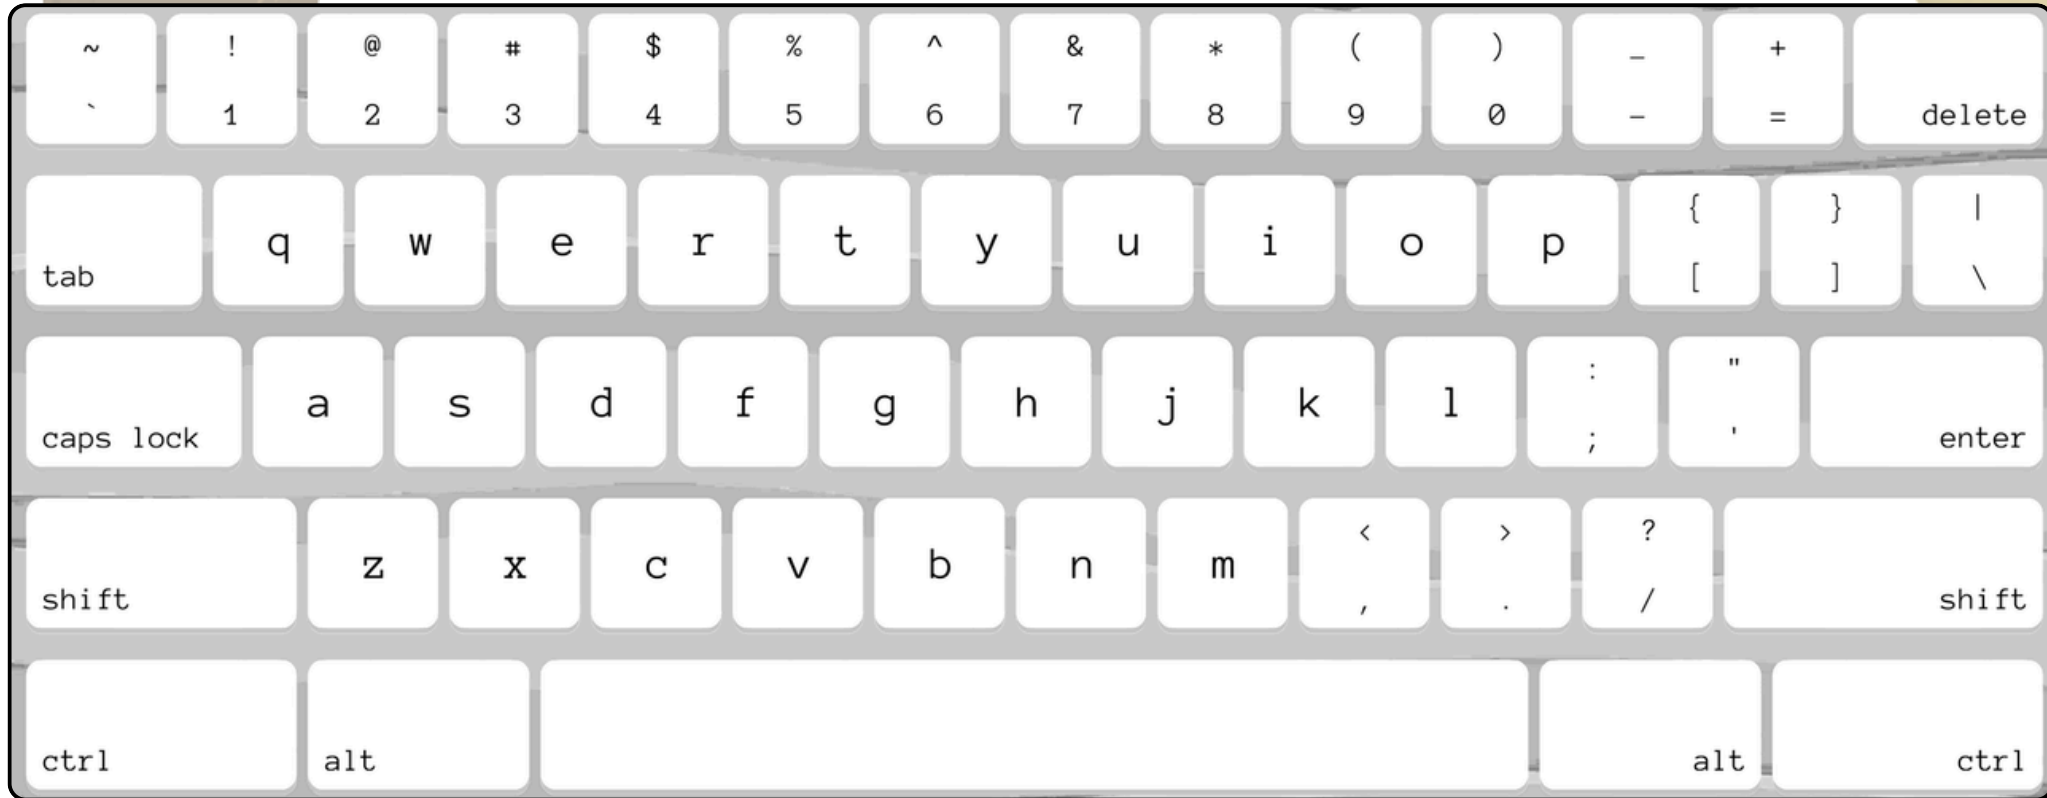

Look at the home row keyboard at the top and use it to fill in the missing letters below. When you're ready, cover the top keyboard and try completing a row from memory.

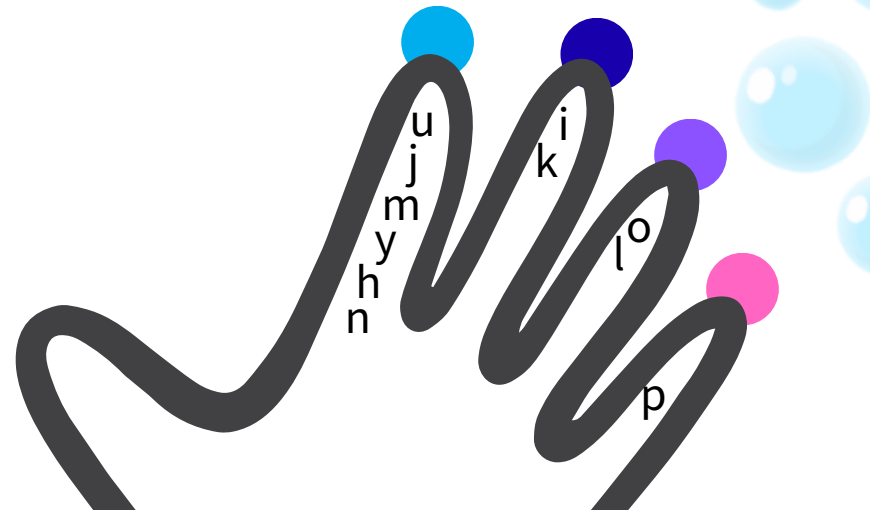

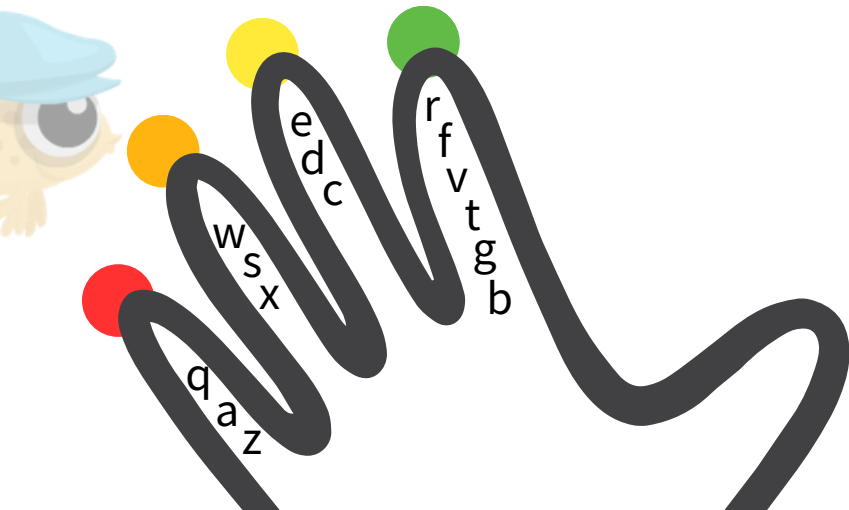

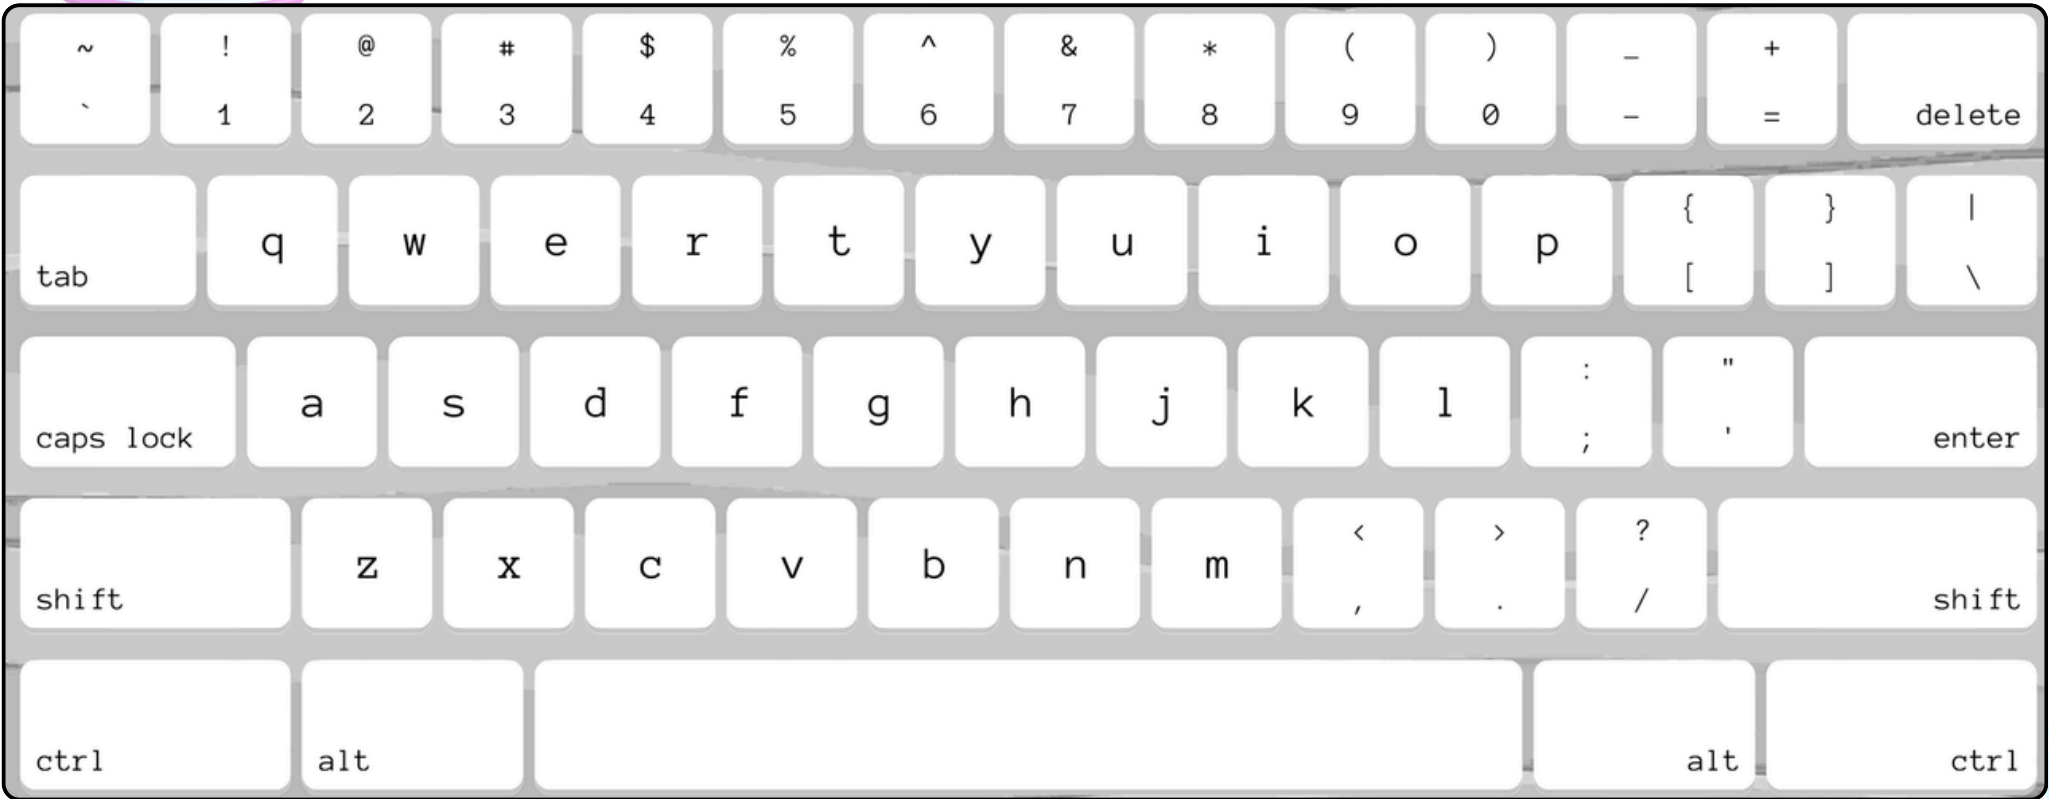

Color Coded Typing Practice- Letter Keys

Color all of the letter keys to match the color on the fingertips. Using the proper fingers to type allows us to type faster and more accurately.

Color in Your Name

Color all the letters in your name. Be sure to use the correct color that matches each fingertip.

Make a Password

Think of a secret password. Write down which letters your password uses from each row of the keyboard.

Your Password

Top Row Letters: _____

Home Row Letters: _____

Bottom Row Letters: _____

Bring Typing to Your School
