Kodable
Valentine's Day
TEACHER INSTRUCTIONS
02/5-02/18

Encourage your students to spread some coding love this Valentine's Day! Have them showcase their creative skills by designing special themed mazes for their loved ones to solve at home.
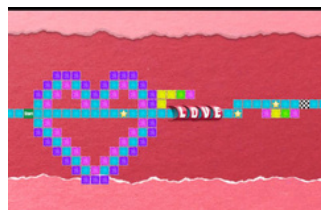

1 **Update Kodable app for event to appear. If on web, event will appear automatically**

2 **Students login to Kodable, event opens with tutorial video**

3 **Maze Maker opens with special maze decorations**

4 **Encourage students to take their time to design thoughtful maze designs. Some prompts include:**

- Can you design a maze that has 5 different turns?
- Can you design a maze that spells a word like LOVE?
- Can you place 15 different decorations on your maze?

5 **Share at-home login info: you can send home "student login instructions" found right on your dashboard**

6 **Families login at home using 'class code' to see and solve mazes!**
