

DASH DISASSEMBLY INSTRUCTIONS

1. Gently lift coin holder cover and remove the (2) Phillips screws from this location.
2. Gently pry upward on the trim around the gear shift lever, disconnect the harness from the cigarette lighter and remove the trim.
3. Remove the (2) Phillips screws from the bottom of the radio trim panel.
4. From underneath the glovebox (under the dash) unfasten the A/C Heater cable and slide the cable off the control rod.
5. Gently pull forward on the trim around the radio (there are spring clips on the lower side of each vent).
6. Gently pull forward on the sides of the cigarette lighter and ashtray (there are spring clips located on each side).
7. Gently pull forward on entire A/C Heater Radio dash assembly.
8. Disconnect all harnesses and remove the trim panel.
9. Remove the (4) Phillips screws securing the radio.
10. Slide the radio forward, disconnect the wire harness & antenna lead.
11. Remove the radio.

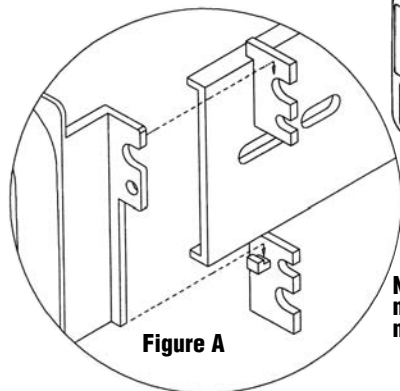

Figure A

NOTE: Lower edge of main frame bracket must be engaged in hook on ISO radio mounting brackets as illustrated.

RADIO INSTALLATION INSTRUCTIONS

1. Loosely attach left and right brackets to your radio using screws provided (do not tighten at this time).
2. Slide radio and bracket assembly into the face of the kit and lock the kit into the slots on the brackets (see Figure A).
3. Adjust the depth of the radio nose either forward, or backwards for the desired look, and tighten the mounting screws when done.
4. Plug wire harness and antenna lead into the radio. slide the radio into the dash cavity.
5. Secure the radio to the subdash using the factory mounting screws.
6. Reassemble dash in reverse of dash disassembly instructions.

***NOTE:** For Sonata vehicles with factory single din radio with pocket, you must remove the steel cross bar from the subdash below the radio, this is held in with (4) Phillips screws.
