Solid State Logic

TECHNOSOUND

Solid State Logic, world leader in advanced audio production tools for Studio, Live Sound and Broadcast invite you join us at Technosound Nicosia, for an SSL Analogue Seminar that includes the launch of SiX - The Ultimate Desktop Mixer.

SiX carries the DNA of 40 years of true expertise in creative studio workflow and brings the SSL big console sound and legendary processing tools to your desktop.

Anthony Gofton, SSL Vice President Asia Pacific will be on-hand with Technosound showing XL-Desk, Fusion, Sigma delta and of course... SiX!

The event is free to attend with a choice of two sessions at 2:30pm or 5:00pm but numbers are limited. Please email info@technosound.com.cy to reserve a place.

SSL Analogue Seminar

Technosound
