

# The perfect pairing, CAPSA Mobile Workstations, Barcode Scanners & Thermal Printers

## code CR2700

- .Healthcare Barcode Scanner
- .Disinfectant Ready Plastics
- .Bluetooth 5 secure wireless
- .Handsfree operation option
- .Patented glare reduction tech

## CAPSA Mobile Workstations

Mobile computer workstations offer an array of models and options for accessing mobile electronic health records at the point of care. Featuring light-weight construction, ergonomic designs and clinician friendly features Capsa's mobile computing solutions help improve workflow efficiency and enhance patient care.

## pdc Healthcare Printers

PDC Desktop Thermal Printers offer easy integration, simple implementation and are best equipped for your full identification printing needs. Save time with high performance, high-capacity printer that **holds 50% more wristbands** than cartridge thermal printers; print and scan with confidence - from admission to discharge - with Code and PDC.
