A GUIDE TO PLUMB LINES

NOTE: This is Descriptive, Not Prescriptive. As you read and watch these videos, create plumb lines that will work with your unique ministry & context.

WHAT ARE PLUMB LINES?

A plumb line is a guide to make sure that your work is in constant alignment.

HOW DO PLUMB LINES APPLY IN MINISTRY?

Ministry plumb lines are the things that help us avoid mission creep and to stay on target. They are how things are done in the organization.

Infographics are visual representations of data.

1

The RULES of the ROAD

So that people are able to figure out what the speed limit is in the organization, how to do stuff.

2

DEVELOPED OVER TIME

It will take you a period of time and changing reality, changing culture, changing context. It's going to cause one thing to be an important plumb line today and not so important in the future.

3 OPEN to CHANGE, IF THEY ARE TRUE PLUMB LINES

A few of them might not be, because they're absolute core values. But when you mash them up together they can never all be assumed to be core values. They are open to change. They describe **today's** reality, today's guiding principle. And then, they make most decisions a snap.
