AFFIDAVIT

Living in RV While Residence is Under Construction

Tax Parcel No. _____ Project No. _____

The four County Zoning Codes generally prohibit occupancy of recreational vehicles (RV) for extended periods unless the vehicle is located in an area approved for such occupancy. With this affidavit, Thurston County will allow such temporary occupancy on the residential parcel(s) specifically cited below under the following conditions:

1. A building permit for a residence must be issued and kept active with demonstration of a good faith effort toward completion of construction on the subject parcel or adjacent parcel if under the same ownership, and

2. Temporary occupancy of the RV must cease within thirty days of approval for final occupancy of the residence for which the building permit was issued, and

3. Prior to commencement of temporary occupancy, the RV wastewater must be managed in a way acceptable to the County Public Health and Social Services Department, Environmental Health Division. Provide an addendum explaining how wastewater will be managed and properly disposed of to protect public health.

4. The RV must be located outside of any critical areas and their associated buffers.

Failure to comply with the above conditions may result in an order to immediately remove the recreational vehicle. A copy of this memo, signed by the property owner, shall be placed in the building permit file.

As owner of the subject property, I understand and will comply with the above conditions.
