

Student Laptop First-time Login

After picking up your laptop and taking it home:
(Account will be effective August 2nd)

1.) Power on your laptop and set up your home Wi-Fi or other Internet connection. Click on the globe and enter your Wi-Fi password. **You need to successfully connect to the Internet before being able to log in for the first time.**

2.) Login to your laptop using the username and password provided to you at checkout. The information is on the label attached to your district device contract. Your full TUHSD student email address is your username.

(You may use your previous login/password to log into your laptop for now. However, beginning August 2nd you must use the information on the contract label)

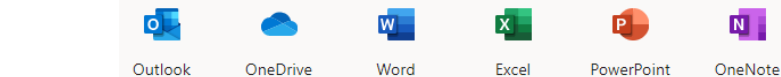

3.) To access all your online resources, please visit the district website www.tuhsd.org and use the **Student Quick Links** section.

Blackboard: <https://blackboard.tuhsd.org>

Edgenuity: <https://tuhsd.learn.edgenuity.com>

Office 365: <https://login.microsoft.com>

- Login to O365 and access your Microsoft applications.
- MS Teams has been installed on the laptop for you.
- Sign into OneDrive to access and save your documents

* Please login prior to August 4th and contact the Help Desk if you experience any difficulties.
