

3/24/2020 UPDATE:

Hello All Students and Parents,

I hope you are all in good health and safe. We are asking you to check your text, email and log into your Canvas portal. We are requesting that you do not attend any face to face meetings or classes until the April 10th deadline.

We are requesting that you please respond to your EAC instructor(s) that contact you by text, Gila Hank Monster email, or on Canvas. You will be expected to complete all online tasks by the deadlines set by the instructors. Please respond to your instructors by text, email, or on Canvas. The main point is that you and the instructor are communicating about class assignments.

We appreciate you and thank you for your diligence in this challenging time. If you respond to instructors and complete the assigned work, you will get your high school and college credit and complete your program.

If your instructor does not contact you by Monday, March 30, 2020, please contact the GIFT office.

If you need assistance in accessing the online material, please contact GIFT at 928-348-3393 and we will help you. Thank you for all that you do. Be safe out there.

Sincerely,

Troy Thygerson
Superintendent
Gila Institute for Technology
