2. PRE-OFFER INQUIRIES

- 2.1. Duty to Examine.** It is the responsibility of the Offeror to examine the entire Solicitation, seek clarification in writing, and check its Offer for accuracy before submitting the Offer. Lack of care in preparing an Offer shall not be grounds for withdrawing the Offer after the Offer Deadline.
- 2.2. Solicitation Contact Person.** Any inquiry related to this Solicitation, including any requests for or inquiries regarding standards referenced in the Solicitation shall be directed solely to the Solicitation Contact Person. The Offeror shall not contact or direct inquiries concerning the Solicitation to any other employee or agent unless the Solicitation specifically identifies a person other than the Solicitation Contact Person as a contact.
- 2.3. Submission of Inquiries.** The Solicitation Contact Person may require that an inquiry be submitted in writing or via email. Any inquiry related to a Solicitation shall refer to the "Final Mile Project" and the RFP Number, but should otherwise clearly indicate that it is an inquiry or request for additional information, rather than a completed Offer.
- 2.4. Requests for Exceptions.** An Offeror may submit to the Solicitation Contact Person a written request for an unsubstantial, nonmaterial exception or deviation to a specific term, condition, or other provision in the Solicitation. Requests for an exception must identify the specific condition, term, or other provision to be excepted or modified and clearly state any proposed substitutions or modifications thereto.

A requested exception that substantially or materially alters a term, condition, or other provision shall be rejected. The Association Representative shall determine, in his or her sole discretion, whether an exception is substantial or material and advise the Offeror of the decision. Submission of the Offeror's preprinted contract in place of the General or Special Terms and Conditions of a Solicitation shall be rejected.

A request for exceptions must be submitted to the Solicitation Contact Person not less than ten (7) days prior to the Solicitation Deadline. A request for exceptions shall not be accepted, in whole or in part, unless accepted in writing by the Solicitation Contact Person or the Association Representative.

If the Offeror does not receive a written response to a request for exceptions prior to the Solicitation Deadline, the Offeror may restate the request for exception in its Offer. A request for exceptions in the submitted Offer will be considered by Association when evaluating the Offer. If the request for exceptions is not acceptable, Association will reject the Offer.

- 2.5. **Timeliness.** Any inquiry shall be submitted as soon as possible and at least seven (7) days before the Offer Deadline. Failure to do so may result in the inquiry not being answered.
- 2.6. **No Reliance on Verbal Responses.** Any inquiry that results in changes to the Solicitation shall be answered solely through a written Solicitation Addendum. An Offeror may not rely on verbal responses from the Solicitation Contact Person to inquiries.
- 2.7. **Pre-Offer Conference.** If a pre-Offer conference has been scheduled under the Solicitation, the date, time, and location shall appear on the Solicitation cover sheet or elsewhere in the Solicitation. An Offeror should raise any questions it may have about the Solicitation at the conference. Persons with a disability may request a reasonable accommodation, such as a sign language interpreter, by contacting the Solicitation Contact Person. Requests should be made as early as possible to allow time to arrange for the accommodation.

Verbal responses to questions raised at the conference shall not amend the Solicitation. If an issue is raised at the conference that results in a decision by Association to amend the Solicitation, the Solicitation may be amended only by issuance of a written Solicitation Addendum. An Offeror may not rely on any verbal responses to questions at the conference.

The shipping and delivery terms are further described in the General Terms and Conditions of Contract and are subject to modification in the Special Requirements of Solicitation, if any, for this Solicitation.

Award. Association shall seek written confirmation from the Offeror and shall retain the request and confirmation, if obtained, in the procurement file.

- 5.4. Offer Acceptance Period.** The Offeror shall hold its Offer open for a minimum of thirty (30) days from the Offer Deadline.
- 5.5. Rights of Waiver, Rejection, and Cancellation.** Notwithstanding any other provision of the Solicitation, the Association, and/or Consortium may waive any minor informality, reject any and all Offers or portions thereof, or cancel the Solicitation to fullest extent permitted by applicable law.

6. AWARD

- 6.1. Basis of Award.** An Award will be made to the responsible Offeror whose Offer is determined to be the most advantageous to the Consortium based on the requirements of the Solicitation and evaluation factors set forth in the Special Requirements of Solicitation.

The Association and the Consortium will evaluate and determine which Offers are acceptable and unacceptable for further consideration. If determined to be in the best interest of the Consortium members, the Association may request interviews with the Offerors determined to be most likely to meet the requirements to discuss cost and/or other portions of the Proposal.

No requirement or factor may be used in the evaluation of Offers that is not set forth in the Solicitation. The amount of any applicable transaction privilege or use tax of a political subdivision of the State shall not be a factor in determining the most advantageous Offer.

- 6.1. Multiple Awards.** The Association may award multiple contracts from the Solicitation. The decision to award a single contract, award multiple contracts, or make no award rests solely with Association. A multiple Award shall be made only if the Association Representative determines in writing, prior to making an award that a multiple Award is necessary and is advantageous to Association and/or Consortium and/or District.

In determining whether to award multiple contracts, Association will assess whether multiple vendors are necessary and advantageous to ensure the availability of goods or services that fully conform to Association's requirements at the time, place and manner needed by Association. If Association determines that multiple contracts are necessary and advantageous, Association will determine the least number of Contractors that are needed and award Contracts to the Offerors who submitted the most advantageous Proposals to Association.

When determining whether to award of multiple contracts, Association may consider a variety of factors, including without limitation: Association's experience with existing products and systems, brand continuity for parts replacement, increased demand for goods or services, a single Contractor's ability to provide for Association's needs, bonding capacity, Contractor's location and service areas, Association's past experience with Contracts for similar

product/services, and other relevant criteria, including the criteria set forth in school district procurement code R7-2-1024(B)(1)(D): whether contracts will be awarded by individual line items or groups of line items, by increments, or by designated regions or locations.

- 6.2. Formation of Contract.** A submitted Offer in response to the Solicitation is an offer to contract with the Consortium based upon the terms, conditions, scope of work/services, and specifications contained in the Solicitation. An Offer does not become a Contract unless and until the Association makes an Award. A Contract is formed when a Consortium Representative signs the Award document on behalf of the District. No work may commence or products be delivered until a work order has been issued to Contractor.

7. PROTESTS

A protest of a Solicitation or Award may be made by an interested party as defined by the School District Procurement Code. The protest shall comply with and be resolved according to Rules R7-2-1141 through R7-2-1153 of the School District Procurement Code. Protests shall be in writing and be filed with the Solicitation Contact Person. A protest based on alleged improprieties that are apparent before the Offer Deadline must be delivered to the Solicitation Contact Person before the Offer Deadline. A protest of a Solicitation or Award for any other reason must be delivered to the Solicitation Contact Person within ten (10) days after Association makes the procurement file available for public inspection, unless the Association finds good cause for the delay of the interested party. A protest shall include:

- The name, addresses, and telephone number of the interested party;
- The signature of the interested party or its representative;
- Identification of the soliciting entity and the RFP Number;
- A detailed statement of the legal and factual grounds of the protest including copies of relevant documents; and

- 1.4. **Cancellation for Non-performance or Contractor Deficiency.** Consortium reserves the right to cancel the whole or any part of the Contract due to failure by Contractor to carry out any obligation, term, or condition of the Contract. - 1.5. **Cancellation for Replacement.** Consortium reserves the right to cancel the Contract awarded under a Solicitation and replace it with a newer Contract awarded to the same Contractor for similar goods and services. Consortium may, at its option, replace the Contract awarded from the Solicitation or delay a new Award until the existing Contract expires. The decision to replace the Contract rests solely with Consortium.
- 1.6. **Continuation of Performance.** Contractor shall continue to perform in accordance with the requirements of the Contract, up to the date of cancellation and as directed in the cancellation notice.

Paying the expenses of normal business meals shall be in accordance with Consortium's policy regarding gratuities. Samples of software, equipment, or hardware provided to Consortium for demonstration or evaluation are not considered gratuities.
- 1.8. **Cancellation for Lack of Appropriation.** Consortium may cancel the Contract if the Legislature of the State of Arizona or any other governmental body at any time fails to appropriate or award funds necessary for the Consortium to perform the Contract.

2. CONTRACT ADMINISTRATION

- 2.1. **Records and Audit.** Contractor shall retain and, by contract, shall require each subcontractor to retain all books, accounts, reports, files, and other records, whether in written or electronic form, relating to the acquisition and performance of the Contract (the "Records") for a period of five years after the completion of the Contract. Consortium shall also have the right to test at its own cost the materials to be supplied under the Contract. Inspection at Contractor's facilities or testing shall not constitute final acceptance of the materials. If Consortium determines non-compliance of the materials, Contractor shall be responsible for the payment of all costs incurred by Consortium for testing and inspection.
- 2.4. **Notices.** Notices to Contractor required by the Contract shall be made by Consortium to the person indicated on the Offer Sheet submitted by Contractor. Notices to Consortium by the Contractor shall be made by Contractor to the Consortium Representative as indicated in the Award documentation and/or issued work orders. 3. CONTRACT AMENDMENTS

- 3.1. Amendments.** The Contract is issued under the authority of the Consortium and/or District Representative. The Contract may be modified only through a written amendment. Changes to the Contract, including the addition of work or materials, the revision of payment terms, or the substitution of work or materials, directed by any unauthorized District employees or agents or made unilaterally by Contractor are violations of the Contract. Such changes, including unauthorized written Contract Amendments, shall be void and without effect.
- 3.2. Subcontracts.** Contractor shall not enter into any Subcontract under the Contract without the advance written approval of the Consortium Representative. The Subcontract shall require the subcontractor to comply with the terms and conditions of the Contract.

- 5.5. No Waiver.** Either party's failure to insist on strict performance of any term or condition of the Contract shall not be deemed a waiver of that term or condition even if the party accepting or acquiescing to the nonconforming performance knows of the nature of the performance and fails to object to it.

6. CONTRACTUAL REMEDIES

- 6.1. Right to Assurance.** If Consortium in good faith has reason to believe that Contractor does not intend to, or is unable to perform or continue performing the Contract, Consortium may demand in writing that Contractor give a written assurance of intent or ability to perform. Failure by Contractor to provide written assurance within the number of days specified in the demand will be treated as an anticipatory breach of the Contract. Upon anticipatory breach, Consortium may pursue all remedies, including termination of the Contract.
- 6.2. Stop Work Order.**
- Consortium may, at any time, by written order to Contractor, require Contractor to stop all or any part, of the work called for by the Contract for a period of up to ninety (90) days after the order is delivered to Contractor, and for any further period to which the parties may agree. As used in the Contract, the term "Force Majeure" means an occurrence that is beyond the control of the party affected and occurs

without its fault, negligence, or reasonable diligence. Force Majeure includes acts of God; acts of the public enemy, war, riots, strikes, labor disputes, public health emergencies, civil disorders, fire, flood, lockouts; or failures or refusals to act by government authority. Scope of Work

HIGH-SPEED INTERNET SERVICES TO RESIDENTIAL ADDRESSES

The Association is requesting proposals in accordance with the stated goals of The Final Mile Project. General background and overview of The Final Mile Project can be viewed at <https://www.finalmileproject.com/>.

The Scope of Work as provided in this Solicitation encompasses the design, construction, implementation, and maintenance of telecommunications equipment and services providing “last mile” (or end user) educational internet access to the residential communities of the District, as defined and identified in **Attachment 1 - Residential Addresses**.

The Association is not dictating the specific technology to be implemented for delivery of internet services under the Final Mile Project, provided the proposed technology otherwise meets the technical specifications and requirements below.

Local school assets and facilities of the District, including certain real property, fixtures, and utilities, have been approved for use by Contactor in connection with the provision of services under this Contract.

SPECIFICATIONS:

The Offer submission must address each of these technical requirements and specifications:

1. Proposed system and network must provide bandwidth speeds of a minimum of 100Mbps downstream and 25Mbps upstream.
2. Content filtering and compliance with the Children’s Internet Protection Act (CIPA) will be enforced by the Kajeet Sentinel Platform (the “Sentinel Platform”). The Consortium will provide the subscription to the Sentinel Platform.
 - In a standard implementation model, Contractor will assign the devices which require filtering a private static IP address from a Sentinel Platform defined Classless Inter-Domain Routing (CIDR) range and will route all internet-bound traffic from these devices via an IPsec tunnel to the Sentinel Platform. *See diagram below.*
 - The Sentinel Platform will enforce CIPA policies before letting the traffic egress to the internet. Content such as entertainment, gaming, streaming, advertising, and non-educational social media will be blocked.
 - For specific technical questions regarding implementation of the Sentinel Platform, contact Darren Bell at dbell@kajeet.com

The Sentinel Platform will provide the following functionality:

Filters

- Cloud-based management.
- Compliance with the CIPA. The District will be responsible for refining existing CIPA filtering requirements for their area and use cases, which can include:
 - “White-listing” and “Black-listing” of specific URLs.
 - Multiple filter groups (e.g. Grades K-8 and Grades 9-12 filter groups).

Device Management

- Ability to set multiple time-of-day data access policies.
- Ability to set daily and/or monthly data consumption limits at the device and device group levels in real time.
- Ability to set multiple administrative users and sub-administrative users with specific administrative rights.
- Ability to suspend and reinstate a device in real time.
- Ability to indicate a device as lost/stolen and automatically suspend that device in real time.
- Ability to relate and track a device to a specific student device without unnecessarily exposing personally identifiable information.
- Ability to customize deny pages or re-direct traffic upon a denial.

Reporting

- An online reporting function that includes visibility into individual device activity, broad program trends, and allowed/denied URL activity.
- A web-based “dashboard” function that shows a quick snapshot of program trends based on various set and custom timeframes.

3. "Educational internet services" refers to services that enable access to internet resources that District students need to complete school assignments and tasks within a CIPA-compliant environment. CIPA compliance will be enforced by, and all access to educational internet services will be routed through, the Sentinel Platform.
4. The provision of educational internet services may utilize the existing District internet connection ONLY if there are no internet service providers in the area. If internet is available in the area, the district internet may not be used and a separate connection must be utilized.
5. The provision of commercial internet services will require a source internet service connection separate from the existing District connection for the reasons discussed below in Item 8.
6. All design, construction, implementation, and project management costs should be capitalized up front. Ongoing maintenance costs are to be covered by end-user subscriptions, to be invoiced and paid by end users directly on a monthly basis.
7. Subscriptions for educational internet services should be provided at the lowest possible cost to the consumer, but in no event should exceed a maximum of \$10 per month per subscription.
8. Contractor will own the network hardware installed by Contractor. Contractor therefore may monetize this network hardware for the provision of commercial internet services to non-educational customers, provided those commercial internet services do not rely on any federally-subsidized E-Rate internet services utilized by the District. A separate internet service connection will be required for the provision of any non-educational (i.e. commercial) internet services to customers. Please include in your Offer technical specifications and a pricing model for the provision of commercial internet services to non-educational customers.
9. Other than network hardware installed by Contractor, the Consortium will maintain ownership of all other hard assets and/or infrastructure constructed, improved, or implemented in accordance with the Contract.
10. Address and provide a plan for future upgrades, with a cost analysis.
11. Address the reliability and/or guaranteed uptime of the proposed system and network, including a Mean Time Between Failure analysis and an outage resolution and escalation plan.
12. Contractor must maintain the installed system and network for a minimum of three (3) years following the completion of construction and implementation.
