Pre- & Post-Test Instructions

SVSH Prevention Training

PURPOSE

We will be looking at aggregate data to assist with improvement in:

Learning
Evaluate effectiveness of learning outcomes (assess familiarity with training before and after)

Climate
Assess people's comfort in reporting. We see this as compulsory to implement a survey about climate within this course.

Compliance
Demonstrate the ways in which the University of California complies with state and federal laws related to sexual violence. Communicate to the UC Regents about targeted educational campaigns to increase comfort in reporting.

PRIVACY/SECURITY

- The University of California is dedicated to protecting the privacy of individuals and ensuring mutual trust.
- We implement best practices regarding privacy/security.
- We avoid collecting freeform data (that would offer an opportunity for accidental disclosures).
- Risks have been mitigated through UC Legal review of questions.
- For additional information, visit the UCOP Privacy policies and references.
