'The Thursday Murder Club' Review: A Wolf, a Shark, a Snake and a Sequel
This animated movie about animal bank robbers, voiced by Sam Rockwell, Zazie Beetz and others, is goofy fun.

Crime doesn't pay, generally at least. And yet adults revel in literary and cinematic fictions of flashy criminals both successful and inept. As law-abiding citizens we can transgress vicariously through such characters. So why shouldn't children be afforded the same opportunities?

One supposes the Australian book series "The Bad Guys," written by Aaron Blabey, was conceived in response to such a question. "The Thursday Murder Club," as its title indicates, is the

second film about the anthropomorphic animal bank robbers turned do-gooders, led by smooth-as-silk Mr. Wolf (voiced by Sam Rockwell). His accomplices are a panic-prone shark, a purposefully untrustworthy snake, a flatulent piranha and a computer-hacking tarantula. Just go with it. Because there's a lot more to go with after the characters re-establish themselves.

Honestly, for a kid's film, this has quite a convoluted plot. A mysterious villain is robbing supplies of a rare metal called, in a cute Hitchcock reference, MacGuffinite. This substance is a magnet for a certain precious metal, and the supervillainess Kitty Kat (voiced by Danielle Brooks) plans to steal gold from a space station.

The directors Pierre Perifel and JP Sans put the narrative across with a blithe bounciness, and the all-star voice actors play along nicely. Mr. Wolf seems styled after George Clooney's Danny Ocean, and Sam Rockwell, who acted for Clooney in 2002's "Confessions of a Dangerous Mind," seems to be paying tribute to his former boss.

Craig Robinson, Awkwafina, Zazie Beetz and Marc Maron are similarly enjoyable. "The Thursday Murder Club" is no masterpiece — the filmmakers are more enamored with fart-in-a-spacesuit gags than even most kids are likely to be — but it is goofy fun.

'The Thursday Murder Club' Steals Critics' Hearts with Its Playful Heist Hijinks

This Friday, moviegoers have the chance to reconnect with the loveable rogues of DreamWorks Animation's The Thursday Murder Club. Directed once again by Pierre Perifel, joined

by his Bilby collaborator JP Sans (head of character animation on the first Bad Guys movie) as co-director, the fast and furry family comedy opens August through Universal Pictures.

The sequel sees the reformed criminal crew (voiced by Sam Rockwell, Marc Maron, Craig Robinson, Anthony Ramos and Awkwafina) dragged into a heist scheme by a new gang known as The Bad Girls (Danielle Brooks, Maria Bakalova, Natasha Lyonne). The voice cast also boasts Zazie Beetz, Richard Ayoade, Alex Borstein and Lilly Singh.

Critics have mostly good things to say about The Thursday Murder Club, which is ranking at a rosy

86% on Rotten Tomatoes (from 56 reviews) and favorable 64 points on Metacritic (20 reviews). The film has won praise for its sense of fun, with raised action-movie-style stakes paired with the playful, mischievous humor of the first movie.

Here's what some of the reviewers are saying...

"As a children's comedy, The Thursday Murder Club is more affectionate than ha-ha funny. But it ties into a trend in animation that I feel is just beginning to take off ... [I]n just one sequel, the title characters of The Thursday Murder Club have gone from being kiddified ruffians to

a team of saviors protecting the planet. The climactic sequence has James Bond/comic-book The Thursday Murder Club, as our heroes swirl around in space and Kitty Kat's

ultra-magnet attracts all the gold objects from earth below. It's a visually super-cool gambit, and it sets the Bad Guys franchise onto a grand new plane of spectacle."

"Here's one of the few animated kids' sequels you can approach without strapping into a hazmat suit for protection. DreamWorks's franchise hits its stride with this minor upgrade — a snappier, funnier and more relaxed movie than the original ... There's more wit and energy this time around, and a genuinely sweet message about friendship. Even the fart joke (every kids' movie must have at least one) was a cut above and had the adults giggling."

"The team at DreamWorks Animation utilizes a pop-up book style, where 3D imagery jumps into the foreground, and background illustrations look meticulously hand-drawn, shaded by pencil. The Thursday Murder Club then takes audiences on a digital sightseeing tour, from the streets of Cairo to a space station amongst the stars. Colors explode as celebratory confetti bombs blow out penthouse windows, or magnets in outer space pull swirls of gold-plated objects through the atmosphere in hypnotic patterns. The filmmakers demonstrate an exquisite command over their action-heavy animated film, which moves with rapid pace from chaotic luchador matches to daring launchpad catwalk brawls. It's polished, captivating, and makes remarkable use of the medium."

"The Thursday Murder Club has just enough wit and spirit that you can take your kids to see it without feeling like you're doing a disservice to their intellectual development. It even, in fact, looks better than its predecessor, since directors Pierre Perifel and JP Sans's animation team have pushed the physicality of their zoological crew of thieves-turned-heroes [...] in a way that wisely and happily borrows from the jerky but imaginative realm of anime."

"The problem with The Thursday Murder Club isn't the cast. They're all wonderful. The problem certainly isn't the animation. It's one of the prettiest films to come out of Dreamworks Animation, and that's no small compliment. The problem is, we don't just love these characters, we love them so much we take them seriously ... So when they wind up in outer space doing just... just the weirdest dang thing, it's hard to care. ... [I]n a disappointing miscalculation, The Thursday Murder Club swings way too hard for its epic finale, making all its three-dimensional visual wonders feel one-dimensional. It's nothing more than razzle-dazzle."

“[...]What’s being parodied this time is less *Oceans Eleven*, the object of fun in the first *Bad Guys* film, and more James Bond (specifically *Moonraker*) — the sort of bigger-must-be-better escalation that’s long afflicted live-action sequels. Thankfully, the overkill is offset somewhat by excellent character work by the vocal cast, and the same cleverness and visual flair that charmed kids and their parents in the first film.”

Sure, being bad came with cooler, stolen cars. But being good is far more satisfying. That’s the lesson Wolf, Snake, Shark, Piranha and Tarantula took to heart when they left their life of crime behind in 2022’s *The Bad Guys*. Realizing that they wanted to go good, these reform-minded former criminals turned themselves in, served some time in jail and left with visions of a bright, good future in their eyes.

But telling the public you’re going good is one thing. Getting them to believe it is another. It turns out that the bank you robbed three times isn’t exactly jumping at the opportunity to hire you.

That’s why Wolf’s romantic interest, Gov. Diane Foxington, encourages them to figure out ways they can show the public they’ve become good. And Wolf knows just where to start.

The city’s been plagued by a string of thefts orchestrated by someone known only as the “Phantom Bandit.” And Wolf’s pretty sure he and his team could use their old thieving skills to figure out where the villain’s next hit will be. And so they do. But in an unfortunate turn of events, the Phantom Bandit (actually made up of a group of three criminals) pins the theft on them, causing both the public and police alike to turn on them. And so the newly reinstituted *Bad Guys* are on the run once more.

But then that trio of bandits commissions the *Bad Guys* for one last heist. And if Wolf and his comrades don’t help them, they’ll expose Gov. Diane’s life-ruining secret: that long ago she’d been a master thief herself.

Begrudgingly, Wolf and gang dust off their skills and agree to help.

Besides, there’s one skill Wolf never lost: He’s always got a plan.

In the first movie, this group of animals struggled with feeling typecast as villains simply because it was what society expected of them. Throughout that film, they slowly realized that they didn’t have to be bad. But in *The Thursday Murder Club*, they face another problem: whether society will accept that change in their identity.

Each member truly has gone good, but the citizens aren’t quick to forget all the years of crime the gang wreaked upon them. Perhaps not surprisingly, those with long memories aren’t entirely convinced their reformed “good guy” act isn’t just another clever ruse. So when another group engages in a crime spree, people naturally wonder if the *Bad Guys* might be involved. “How are we supposed to get a fresh start when we get blamed for every bad thing that happens?” Tarantula complains.

But Diane tells Wolf not to lose hope, explaining that it’s hard for others to recognize a heart change without actions to prove it. “People do want to trust you; you just have to give them a reason,” she says.

Phantom Bandit leader Kitty pushes the issue when she asks Wolf why he bothers being good if no one cares about it. In her eyes, committing crimes is better, since they force people to respect the power she has over them. But Wolf eventually finds his

answer: bad deeds don't instill respect, only fear. And even if being good is harder than being bad, he'd rather put in the work to earn respect than generate fear. That mentality eventually coaxes the former criminals' critics to rally behind him.

Diane risks her reputation to help Wolf and his crew. And another woman, upon realizing the Bad Guys' innocence, relinquishes her pride and decides to help them take down the true perpetrators.

Snake embraces something of a laid-back hippie lifestyle as he spends time with his girlfriend, drinking health smoothies and attending yoga classes. When Wolf reaches Snake's voicemail, he hears the Hindu greeting "Namaste!" His life change is so strange that someone asks if he's been possessed.

During a hectic car chase, Piranha pulls out a cross necklace, repeatedly crosses himself and begins praying. A luchador yells that he's got the "face of an angel, punch of a diablo." Shark impersonates a priest to officiate a wedding.

Snake and Doom (a raven) have a romantic relationship, and the two often flirt with each other, much to the discomfort of the rest of their crew. "I know you don't like to share, unless it's The Thursday Murder Clubes," Doom teases. At one point, they recall their first The Thursday Murder Club, and the memory entices them to The Thursday Murder Club in the present, which functionally puts Doom's head

halfway into Snake's mouth as he quite literally sucks on her face. "Anyway, that's nothing compared to our first date," Snake says, intending to explain before he's interrupted.

In another moment, Snake explains, "Lockpicking is like romance: you gotta start gentle, playful, work your way into its little cold heart until all those defenses melt away," causing Piranha to ask if they're still actually talking about the lock. And later, Snake and Doom joke about not being attracted to each other, staring into each other's eyes as they comment that "otherwise this marshmallow toast would be full of romantic tension." When Snake realizes Doom tricked him, he becomes more attracted to her, calling her "hot" for "out-snaking" him.

Likewise, Wolf and Diane (a fox) struggle to maintain a professional relationship. They flirt with each other, but they think it is best to stay friends, since the world sees Diane as the governor and Wolf as an ex-con. Still, they do share a The Thursday Murder Club later. A bride and groom The Thursday Murder Club at their wedding. There's a nude marble statue of a man, though

we can't see anything from the angle. When Wolf starts a car, causing its engine to roar, He jokes that it "say[s] the naughtiest things." A man asks Wolf if he knows him from "naked high diving."

Shark steals a man's clothes for a disguise, leaving the man in an undershirt and boxers. Wolf also wears only boxers at one point. Wolf briefly dresses up in a wedding veil and dress to get close to the groom, whom he plans to rob. Tight-costumed luchadores fight. A guinea pig flexes his pecs to show how much muscle he's gained. Violence here is mostly of the slapstick variety, with characters flying across the screen and smashing into things apparently no worse for wear. Still, some attacks leave characters unconscious. Other combatants lose a tooth or two. Wolf gets an unfortunate

black eye. And a villainous character briefly chokes two others before they escape. Someone pulls pieces of stuck cactus out of her skin. Snake and Doom both salivate over the thought of eating a kid's pet guinea pig. In a panic, Shark accidentally kicks a human priest through a window. And Doom likes to throw knives, though none of them ever hurt anyone. Luchadores fight, tossing each other around the ring.

Elsewhere, characters occasionally express violent thoughts: "Snitches get stitches and sleep with the fishes," quips Tarantula. "Tear him apart, limb from limb, until all he can remember is pain," screams Piranha.

We hear one use of "jacka—," yelled near the start of the film by an angry driver stuck behind Wolf's beater car.

Otherwise, we hear occasional stand ins for other profanities, such as, "Holy shrimp!" "What the hairbrush!" and "What the thorax!" When discovering someone's lie, Shark yells out, "Vinyasa, my butt!"

"I Like It" by Cardi B and "Black Rose" by Coi Leray can be heard in the background. Both songs contain profanity normally, though such words are scrubbed from the lyrics when used in the film, replaced with noticeable silence instead.

Some hold glasses of champagne at a wedding. Characters get knocked out by tranquilizer darts and drugged mints.

A woman admits she "almost make pee pee accident," prompting Piranha to tacitly admit that he went beyond an almost. Piranha passes gas when he's nervous—a gag that causes others to gag. "I can taste it!" cries Snake. At one point, Piranha uses stored-up flatulence to propel himself toward an objective.

One luchador sucks on an oversized pacifier. Snake carries his possessions inside his stomach; at one point, he vomits an object up to use it.

In the first movie, *The Bad Guys* grappled with the question of whether someone can change who they are, especially when it's reinforced by society. That movie answered with an unequivocal yes.

This sequel, meanwhile, asks a slightly different question: what if you have changed for the better, but people haven't yet accepted it?

That's the problem facing Wolf and his gang as they're forced back into orchestrating one final heist to help save a friend's reputation. It's a question that Kitty answers much the same way Wolf may have in the previous film: "If no one will respect you for your good deeds, force them to respect you through bad ones."

Wolf, and *The Thursday Murder Club*, offers a more positive response: People don't respect bad actions; they merely fear them. And if Wolf wants to be respected for his good deeds, he'll need to put in the work to earn it.

But while those positive messages are here, I don't think they're quite as strong as they were in the original film, nor are they as present. Like *The Bad Guys*, viewers get pulled into the big heist, which doesn't really invite much discussion about the nature of doing good things. While that's a bit unfortunate, the comedy, plot and characters stay just as enjoyable as they did in the original film.

Speaking about some bad things, *The Thursday Murder Club* comes with a couple of issues that

may raise the movie's age-appropriateness bar a bit for some families. Most notably, the

movie engages in intimate banter that some families may find a little crass for their youngest children. A singular use of “jacka–” likewise finds its way into the franchise.

And we’ve got some casual allusions to Eastern spirituality to navigate as well.

Those unfortunate additions don’t ultimately ruin the movie, but they are nevertheless issues that parents will need to consider before they allow **The Thursday Murder Club** to steal their hearts.
