

PLATINUM PCT_{SOLVENT}

Built for Durable Outdoor Production

The Platinum PCT Solvent platform is developed for industrial roll-to-roll printing environments where durability, production efficiency, and stable long-run performance are essential. Designed for high-volume flexible media production, the system delivers reliable output quality across demanding indoor and outdoor advertising applications.

Engineered around continuous production workflows, the PCT Solvent combines stable media transport, precision motion control, and dependable industrial architecture to support uninterrupted daily production. Its solvent-based printing technology is optimized for strong outdoor resistance, vibrant color performance, and long-term application durability across large-format graphics.

Automatic material height detection and high-speed bidirectional printing further streamline operations, reducing setup time and increasing productivity. Engineered with a robust industrial design and equipped with the latest printing technology, the Platinum PCT Solvent delivers exceptional photo quality at maximum production level output.

Blazing Speeds, Unmatched Productivity

Reach production rates of up to 2150 ft²/h without compromising on quality. The Platinum PCT Solvent keeps up with demanding schedules, delivering speed and precision in perfect harmony.

12 Configurable Print Heads

Featuring the innovative “Just Add Heads” design, the PCT Solvent platform allows users to scale print capabilities as their business grows, delivering a future-ready solution without compromising performance.

Durable Outdoor Performance

This printer is fitted with optimized solvent printing technology designed for long-lasting outdoor applications, perfect for billboards, vehicle wraps, and outdoor signage.

Operational Simplicity

The Platinum PCT Solvent delivers powerful production with intuitive single-operator control and streamlined operational simplicity that keeps your workflow moving effortlessly.

Machine Size	45 x 212 x 65 inches
Machine Weight	2645 lbs
Print Head	Konica Minolta 1024i
Max Printhead Quantity	12
Drop Volume	13 Pl
Ink Set	CMYK + White + Lc + Lm
Ink Type	Solvent / EcoSolvent
Drying System	Infrared - Heater - Fan
Max Print Width	126 inches
Print Resolution	2880 dpi
Speed	2150 ft ² /h 67 Boards/Hour
