

PLATINUM Q3XL⁺ HYBRID

Built for Versatile Industrial Production

Meet demanding production environments requiring both rigid and roll media with the Platinum Q3XL+ Hybrid. Developed around high-efficiency workflow architecture, the platform delivers stable, high-quality output across signage, decor, packaging, and customized production applications.

Combining precision motion control with advanced media handling technology, the Q3XL+ maintains reliable performance across varying substrates and production conditions. Its industrial grade construction and optimized system design supports continuous operation, while maximizing production flexibility and workflow efficiency.

Thanks to a maximum resolution of 2400 dpi, the Q3XL+ supports advanced color configurations delivering vibrant color reproduction, smooth gradients, sharp detail reproduction, and premium surface finishing. The use of UV LED technology allows for immediate drying times, lower heat emissions, and more efficient energy management.

Same Time White-Color-Varnish

Perfect registration between white, color, and varnish can be achieved by just the click of a button; no need for the head to return to home prior to each pass, allowing for seamless ink laydown.

32 Configurable Print Heads

Featuring the innovative “Just Add Heads” design, the Q3XL+ platform allows users to scale print capabilities as their business grows—delivering a future-ready solution without compromising performance or efficiency.

Wide Application Range

The hybrid design opens the door for a variety of applications including retail, point of purchase, packaging, decor, and signage, allowing for a dynamic business in the ever changing industry.

Advanced Color Configurations

Fitted with light cyan and light magenta, the Q3XL+ delivers strong color density and smooth gradients designed for premium surface finishing across a variety of substrates and resolutions.

Machine Size	237 x 147 x 70 inches
Machine Weight	7716 lbs
Print Head	Ricoh Gen6
Max Printhead Quantity	32
Drop Volume	5 Pl
Ink Set	CMYK + White + Lc + Lm + Varnish + Neon Colors
Ink Type	UV -LED
Drying System	LED
Max Print Width	126 inches
Print Resolution	2400 dpi
Speed	2690 ft ² /h 84 Boards/Hour
