In accordance with Public Contract Code Section 7106, Rodney Jenny 
(Bidder’s full name) declares that he or she is Executive Vice President 
(Bidder’s title) of Granite Rock Company 
(Company’s name) the party making the foregoing Bid that the Bid is not made in the interest of, or on behalf of, any disclosed person, partnership, company, association, organization, or corporation; that the Bid is genuine and not collusive or sham; that the Bidder has not directly or indirectly induced or solicited any other Bidder to put in a false or sham bid, and has not directly or indirectly colluded, conspired, connived, or agreed with any Bidder or anyone else to put in a sham bid, or that anyone shall refrain from bidding; that the Bidder has not in any manner, directly or indirectly, sought by agreement, communication, or conference with anyone to fix the Bid price of the Bidder or any other Bidder, or to fix any overhead, profit, or cost element of the Bid price, or of that of any other Bidder, or to secure any advantage against the public body awarding the contract of anyone interested in the proposed contract; that all statements contained in the Bid are true; and, further, that the Bidder has not, directly or indirectly, submitted the Bid price or any breakdown thereof, or the contents thereof, or divulged information or data relative thereto, or paid, and will not pay, any fee to any corporation, partnership, company association, organization, Bid depository, or to any member or agent thereof to effectuate a collusive or sham bid.

I certify (or declare) under penalty of perjury under the laws of the State of California that the foregoing is true and correct.

SIGNATURE BLOCK (Signature Block must be completed in ink and changes must be initialed.)

Bidder’s Signature: [Signature]
Date: April 25, 2022
Bidder’s Name and Title (Print): Rodney Jenny, Executive Vice President
BE IT KNOWN BY THESE PRESENTS,

That we, Granite Rock Company, as PRINCIPAL,
and Western Surety Company, as SURETY,

are held and firmly bound unto the Santa Clara Valley Water District, hereinafter called the District, in the penal sum of TEN PERCENT (10%) OF THE TOTAL AMOUNT OF THE PROPOSAL of the Principal above named, submitted by said Principal to the Santa Clara Valley Water District, for the work described below, for the payment of which sum is lawful money of the United States, well and truly to be made, we bind ourselves, our heirs, executors, administrators and successors, jointly and severally, firmly by these presents. In no case shall the liability of the surety hereunder exceed the sum of $Ten Percent (10%) of the Total Amount Bid ——

THE CONDITION OF THIS OBLIGATION IS SUCH,

That whereas the Principal has submitted the above mentioned Proposal to the District, for certain construction specifically described as follows, for which Proposals are to be opened at San Jose, California, on the __th day of __, 2022, (or such other date as specified per Addendum) for C0683 — Calabazas Creek Rehabilitation Project.

NOW, THEREFORE, if the aforesaid Principal is awarded the Contract and, within the time and manner required under the Contract Documents, after the prescribed forms are presented to him for signature, enters into a written contract, in the prescribed form, in accordance with the Proposal, and files originals (copies are unacceptable) of the two bonds with the District, one to guarantee faithful performance and the other to guarantee payment for labor and materials, as required by law, then this obligation shall be null and void; otherwise, it shall be and remain in full force and virtue.

In the event suit is brought upon this bond by the obligee and judgment is recovered, the surety shall pay all costs incurred by the obligee in such suit, including a reasonable attorney’s fee to be fixed by the court.

IN WITNESS WHEREOF, we have hereunto set our hands and seal on the __th day of __, 2022.

Iran Contracting Act Bid Certification
(Public Contract Code Sections 2202–2208)
Must be Completed for any Proposal of $1,000,000 or more

Public Contract Code (PCC) Sections 2200–2208 are known as the Iran Contracting Act of 2010 and prohibit public entities from contracting with companies that have specified business activities in Iran's petroleum sector. Companies seeking to bid on state or local government contracts are required to certify that they are not engaged in developing Iran's petroleum resources.

Prior to bidding on, submitting a proposal or executing a contract or renewal for a Santa Clara Valley Water District contract for goods or services of one million dollars ($1,000,000 or more), a person (vendor, firm, corporation, etc.) must either: a) certify it is not on the current list of persons engaged in investment activities in Iran created by the California Department of General Services ("DGS") pursuant to Public Contract Code Section 2203(b) and is not a financial institution extending twenty million dollars ($20,000,000) or more in credit to another person, for 45 days or more, if that other person will use the credit to provide goods or services in the energy sector in Iran and is identified on the current list of persons engaged in investment activities in Iran created by DGS; or b) demonstrate it has been exempted from the certification requirement for that solicitation or contract pursuant to Public Contract Code Section 2203(c) or (d). The DGS list is posted online at: (www.dgs.ca.gov, search "Iran Contracting Act List").

To comply with this requirement, please complete one of the options below. Please note: California law establishes penalties for providing false certifications, including civil penalties equal to the greater of $250,000 or twice the amount of the contract for which the false certification was made; contract termination; and three-year ineligibility to bid on contracts. (Public Contract Code Section 2205.)
OPTION NO. 1—CERTIFICATION

I, the official named below, certify I am duly authorized to execute this certification on behalf of the person/financial institution identified below, and the person/financial institution identified below is not on the current list of persons engaged in investment activities in Iran created by DGS and is not a financial institution extending twenty million dollars ($20,000,000) or more in credit to another person/vendor, for 45 days or more, if that other person/vendor will use the credit to provide goods or services in the energy sector in Iran and is identified on the current list of persons engaged in investment activities in Iran created by DGS.

OPTION NO. 2—EXEMPTION

Pursuant to Public Contract Code Sections 2203(c) and (d), a public entity may permit a person/financial institution engaged in investment activities in Iran, on a case-by-case basis, to be eligible for, or to bid on, submit a proposal for, or enter into or renew, a contract for goods and services.

If you have obtained an exemption from the certification requirement under the Iran Contracting Act, please fill out the information below, and attach documentation demonstrating the exemption approval.

C0683 – CALABAZAS CREEK REHABILITATION PROJECT

ATTACHMENT NO. 2

ADDENDUM NO. 1 TO BID FORM NO. 9A (C0683)

BIDDER’S STATEMENT OF QUALIFICATIONS:
REVEGETATION CONTRACTOR/SUBCONTRACTOR

For:

KCI Environmental Inc.
ALL BIDDERS MUST COMPLETE AND SUBMIT THIS BID FORM NO. 9A BIDDER’S STATEMENT OF QUALIFICATIONS: REVEGETATION CONTRACTOR/SUBCONTRACTOR, when electronic Bids (eBids) will be received by the Santa Clara Valley Water District (Valley Water) submitted through PlanetBids Vendor Portal, in accordance with the Bid Proposal Submittal requirements stated in the Notice to Bidders. Failure to comply with this requirement shall render the Bid non-responsive. The Bidder’s failure to meet the required qualifications may result in the Bidder being determined not responsible.

The purpose of this Bid Form No. 9A is to document the Bidder’s own qualifications and experience in self-performing revegetation installation and establishment work or, alternatively, the qualifications and experience of the revegetation subcontractor who will perform this scope of Work. References in this Bid Form No. 9A to “Revegetation Contractor/Subcontractor” apply to the Bidder (prime Contractor) or its subcontractor.

The Revegetation Contractor/Subcontractor is understood to include any parent company, partner, member, officer, director, responsible managing officer, or responsible managing employee. The term shall also include any employee with a proprietary interest of more than 2 percent of the Revegetation Contractor/Subcontractor. Supplemental sheets may be included to provide the information required.

Valley Water reserves the right to contact references to verify any of the responses provided by the Bidder in completing this Bid Form No. 9A.

A. Revegetation Contractor/Subcontractor Experience Requirements

1. Demonstrate firm experience in the types of work listed below performed within the past 3 years. In the case of a joint venture, either entities’ experience can be listed.

2. For Revegetation projects, the Bidder must list its experience or that of its subcontractor that will actually perform the work associated with PlanetBids Line Item Numbers 13, 16, 19, 20, 21, 24, 25, 28, 29 and 34 for the Calabazas Creek Rehabilitation Project (Project).

3. Revegetation Work is defined as any landscaping project using 100 percent site-specific, California native plants, which are designed to function as natural habitat, and which generally includes a plant maintenance requirement, conforming with the requirements set forth in the Project’s Contract Plans and Specifications.

4. The Revegetation Contractor/Subcontractor shall possess a C-27 specialty license, a California pesticide applicator license and applicator’s business license.

B. Revegetation Contractor/Subcontractor Installation Experience

1. Provide the project information by completing Attachment One, Revegetation Work Contractor/Subcontractor Experience for each project listed. Limit each project description to one type-written 8-1/2”x11” page.

Note that Bidder must provide:

a. A minimum of three (3) public works project examples in the last five (5) years, for which each of these projects were located specifically within the nine (9) counties that comprise the San Francisco Bay Area, which include counties of Alameda, Contra Costa, Marin, Napa, San Francisco, Santa Clara, Santa Cruz, Solano and Sonoma. Contractor shall indicate which county a project listed below was implemented. If the Bidder will be performing the Revegetation Work, then the experience(s) provided in Bid Form No. 7 - Bidder’s General Information can be duplicated in this Bid Form No. 9A.

b. For each project, the minimum contract amount pertinent to Revegetation Work amount shall be no less than $100,000. Contractor/Subcontractor shall confirm this information for each project.

c. For each project, the minimum Revegetation Work acreage shall be no less than one (1) acre in size. Contractor/Subcontractor shall confirm this information for each project.

d. For each project, identify the length of the maintenance period upon revegetation installation work.

e. For each project, provide vegetation community type; total number of plants installed; percent direct seeds, direct cuttings or container stock; and the revegetation success criteria and the percent achieved.

f. If applicable, a description of challenges associated with Revegetation Work that either delayed or impacted the revegetation installation and establishment efforts and how those challenges were addressed during the construction.

g. The project information in the format given in the attached form. Additional sheets may be added, if necessary, to provide all the requested information. Identify the projects that meet the numbered/lettered criteria above.

Failure to comply with all the above listed requirements will deem the Bid non-responsive and/or the Bidder not responsible.

2. In a tabular fashion, the Bidder must list all past Revegetation projects that it (or joint venture firms or proposed subcontractor) has completed and accepted by the owner in the last five (5) years. List project name, location, brief description, owner, and

Reyes Madrigal  
KCI ENVIRONMENTAL, INC.  
Field Supervisor, Foreman

Areas of Expertise:

Experience:

Mr. Madrigal has over 28 years’ experience in the habitat restoration and construction field with KCI Environmental. He has developed and managed teams that have completed projects in excess of $1,200,000. He has overseen every detail of the construction process, including quality assurance, compliance of materials, equipment scheduling and maintenance, compliance with health and safety directives and installation oversight and inspection. He is responsible for the day-to-day management of field operations and project delivery.

Reyes is very adept at working in remote environments with poor access. He has a unique ability to solve complex problems and enhance the quality while reducing installation costs on restoration projects. He is experienced in Native Plant Restoration and has experience with Threatened and Endangered (T&E) species including those found in Monterey County; Sand gilia, Monterey spineflower etc.

Reyes is First Aid trained and Certified in CPR and AED. He receives annual recertification for herbicide application.

Project Experience

Pajaro River Bench Excavation and Revegetation Project, County of Santa Cruz Department of Public Works. This project is designed to provide improved flow for the flood control project area and will also increase the diversity and cover of native plants. The project is located along the Pajaro River from Highway 1 upstream to Murphy’s Crossing Road. The installation of over 6,000 plants, monitor soil moisture and provide supplemental irrigation as needed to ensure establishment and long-term survival. Control invasive weeds by hand, mechanical and herbicide application methods.

Lower Guadalupe River Flood Protection Project, Santa Clara Valley Water District, Santa Clara, Ca. The project was designed and constructed to make flood control improvements along approximately 6 miles of the lower Guadalupe River from
interstate 880 to the Alviso Marina. Improvements were made to help eliminate flood damage, reduce bank erosion and sedimentation impacts, minimize impact to the creek’s environmental resources and provide long-term riparian habitat improvement to offset impacts from flood control. As leader of project team we provided invasive removal, erosion control, habitat restoration planting and maintenance along the length of the project. Recommended and implemented site specific supplemental irrigation protocols that resulted in achieving plant survivorship criteria and saving the owner costs.

**Pajaro Basin Freshwater Wetland Mitigation Project, Santa Clara Valley Water District, Santa Clara, Ca.** The project site was located at the southern end of the Carnadero Preserve. It was a 38 acre agricultural field bordered by Tar Creek to the north and Carnadero Creek and Pajaro River on the east and south. The project included the development of a 6.5 acre freshwater wetland and 2.9 acres of upland slopes provided flood control by creating openings to Tar Creek during high flow conditions. Leading the project team we installed over 40,000 plants and a design-build irrigation system to aid in watering during the 3 year establishment period. The project received an ASCE Project of the Year Award in 2009.

C0683 – CALABAZAS CREEK REHABILITATION PROJECT

ATTACHMENT NO. 3

ADDENDUM NO. 1 TO BID FORM NO. 9B (C0683)

BIDDER’S STATEMENT OF QUALIFICATIONS:
SHEET PILE INSTALLATION CONTRACTOR/SUBCONTRACTOR
ALL BIDDERS MUST COMPLETE AND SUBMIT THIS BID FORM NO. 9B BIDDER'S STATEMENT OF QUALIFICATIONS: SHEET PILE INSTALLATION CONTRACTOR/SUBCONTRACTOR, when electronic Bids (eBids) will be received by the Santa Clara Valley Water District (Valley Water) submitted through PlanetBids Vendor Portal, in accordance with the Bid Proposal Submittal requirements stated in the Notice to Bidders. Failure to comply with this requirement shall render the Bid non-responsive. The Bidder's failure to meet the required qualifications may result in the Bidder being determined not responsible.

The purpose of this Bid Form No. 9B is to document the Bidder's own qualifications and experience in self-performing sheet pile installation work or, alternatively, the qualifications and experience of the sheet pile installation subcontractor who will perform this scope of Work. References in this Bid Form No. 9B to "Sheet Pile Installation Contractor/Subcontractor" apply to the Bidder (prime Contractor) or its subcontractor.

The Sheet Pile Installation Contractor/Subcontractor is understood to include any parent company, partner, member, officer, director, responsible managing officer, or responsible managing employee. The term shall also include any employee with a proprietary interest of more than 2 percent of the Sheet Pile Installation Contractor/Subcontractor. Supplemental sheets may be included to provide the information required.

Valley Water reserves the right to contact references to verify any of the responses provided by the Bidder in completing this Bid Form No. 9B.

A. Sheet Pile Installation Contractor/Subcontractor Experience Requirements

1. Demonstrate firm experience in the types of work listed below performed within the past 10 years. In the case of a joint venture, either entities' experience can be listed.

2. For Sheet Pile Installation projects, the Bidder must list its experience or that of its subcontractor that will actually perform the work associated with PlanetBids Line Item Numbers 15, 38 and 39 for the Calabazas Creek Rehabilitation Project (Project).

3. Sheet Pile Installation Work is defined as the installation of AZ 50-700 sheet piles through the hydraulic press-in method with continuous auger attachment (Super Crush Mode) conforming with the requirements set forth in the Project's Special and Technical Provisions.

4. The Contractor or its subcontractor shall be prepared to use all available state of the art "Press-In Method" sheet pile installation technologies, including but not limited to super-crush piling methods, coring press-in and/or press-in with pre-augering methods, crush and/or other means necessary to penetrate the existing soil conditions to drive the piles to embedment depth.
B. Sheet Pile Contractor/Subcontractor Installation Experience

1. Provide the project information by completing Attachment One, Sheet Pile Installation Contractor/Subcontractor Experience for each project listed. Limit each project description to one type-written 8-1/2"x11" page.

Note that Bidder must:

a. Provide a minimum of three (3) public works project examples in the last 10 years where sheet pile installation was performed utilizing hydraulic press-in methods in close proximity to private property lines. If the Bidder will be performing the sheet pile installation work, then the experience(s) provided in Bid Form No. 7 - Bidder's General Information can be duplicated in this Bid Form No. 9B.

b. Provide a general project description for each of the example projects which includes the actual hydraulic press-in method equipment used on the project.

c. If applicable, a description of challenges associated with Sheet Pile Installation Work utilizing hydraulic press-in equipment and how those challenges were addressed during the construction.

d. Provide the project information in the format given in the attached form. Additional sheets may be added, if necessary, to provide all the requested information. Identify the projects that meet the numbered/lettered criteria above.

Failure to comply with all the above listed requirements will deem the Bid non-responsive and/or the Bidder not responsible.

2. In a tabular fashion, the Bidder must list all past Sheet Pile Installation projects that it (or joint venture firms or proposed subcontractor) has completed and accepted by the owner in the last 10 years. List project name, location, brief description, owner, and owner's point of contact (name, title, phone and email). Failure to provide this information may deem the Bid non-responsive.

C. Sheet Pile Installation Contractor/Subcontractor Individual Experience

This section will be evaluated on a pass/fail basis and will be reviewed for compliance with the Contract Documents Specifications. Limit resumes to three pages in length. Resumes shall include relevant projects, their descriptions, and durations.

Failure to provide resumes that demonstrate adequate experience for the key individuals (Project Manager, Superintendent and Operators) will deem a Bid non-
responsive. Failure to submit name, resumes or resumes that demonstrate adequate experience, will deem the Bid non-responsive and/or Bidder not responsible.

1. Submit the name and resume of the proposed individual designated as the Project Manager, Superintendent, or Foreman who will supervise the Sheet Pile Installation Work associated with PlanetBids Line Item Numbers 15, 38 and 39 for the Project.

2. The resume shall describe the individual’s experience supervising Sheet Pile Installation, on a minimum of two (2) past projects, where he/she was assigned to the role over 50% for the duration of the Sheet Pile Installation Work. Certify by signature on the certification at the end of this Bid Form No. 9B that the proposed individual(s) will be assigned to the Project on a full-time basis for the duration of Sheet Pile Installation Work. List name and percent assignment to this Project on the lines below.

The Escrow Bid Documents must be submitted in a sealed container separate from the Bid Proposal no later than 5 P.M. on the third business day following the bid opening day. Each container shall be clearly marked on the outside with the bidder’s name, date of submittal, Project name, and the words “Escrow Bid Documents.” Timely submission of these Forms is considered material by the District. Submission of Documents is only required from the firms submitting the three apparent low bids.

The Escrow Bid Documents shall be accompanied by Bid Form No. 10 – Escrow Bid Documents Certification of Completeness and shall be signed by the individual authorized by the bidder to execute the Bid Proposal, stating that the material in the Escrow Documents constitutes all of the documentary information used in preparation of this bid, and that he/she has personally examined the contents of the Escrow Bid Documents container and has found that the documents in the container are complete.

The Escrow Bid Documents shall clearly itemize and separate the estimated cost of performing each bid item contained in the bid. Bid items should be separated into sub-items consistent with the Schedule of Values format to present a detailed cost estimate. Crews, equipment, estimated quantities, and the rate of production shall be detailed. Increments of cost shall include, but not be limited to, such items as direct labor, permanent materials, supplies, consumables, subcontracts, equipment charges, and allocations of overheads and profit. Plant, equipment, and indirect costs should be detailed. All costs included in the bid prices must be specifically identified and the methods of application described.

The Escrow Bid Documents shall include all quantity take-offs, calculations of rates of production and progress, copies of quotes from subcontractors and suppliers, and memoranda, narratives and all other information used by the bidder to arrive at the prices contained in its bid.

Pursuant to, and in compliance with, the Notice to Bidders and the Contract Documents for the
