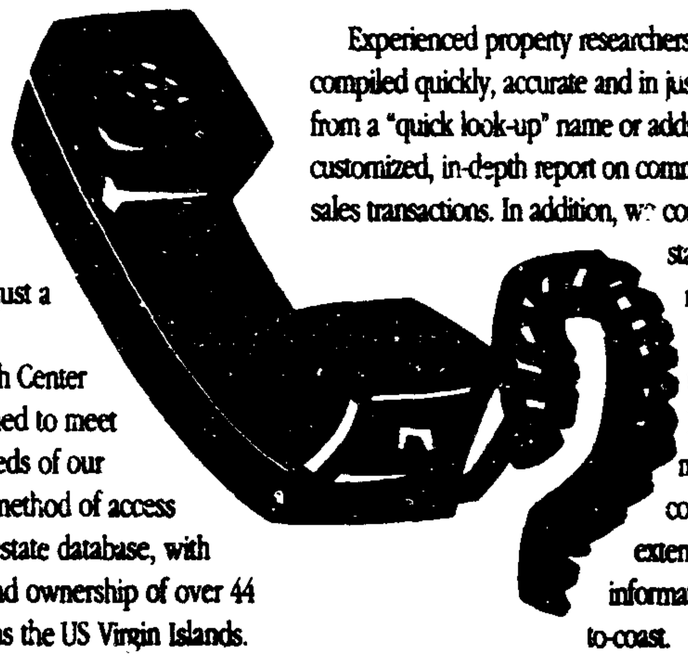
When the information you need right here, right now, happens to be way over there...

Call the PDRC toll free from anywhere in the USA.



Another special project just landed on your desk. But the property details you need to do the job are outside your area. No problem, because all the information you'll want is just a toll-free call away.

Our Property Data Research Center (PDRC) was specifically designed to meet the specialized information needs of our customers. We provide you a method of access to TRW REDI's extensive real estate database, with details on the characteristics and ownership of over 44 million parcels nationwide, plus the US Virgin Islands.

Experienced property researchers ensure your data is compiled quickly, accurate and in just the format you need, from a "quick look-up" name or address search to a customized, in-depth report on commercial or residential sales transactions. In addition, we compile nationwide statistical data on residential properties.

Call 800 421-1052 to find out why TRW REDI's PDRC is the most intelligent and cost-effective way to extend your property information reach from coast-to-coast.
