**Wake County RFP # 21-037**  
**\$172,000,000 General Obligation Bond Anticipation Note, Series 2021**  
**(Wake Tech Capital Projects)**

Wake County, North Carolina (the “County”) is soliciting proposals from financial institutions in connection with its tax-exempt General Obligation Bond Anticipation Note, Series 2021 (the “2021 Note”). The following provides (i) background information on the County’s capital funding plan, (ii) an overview of the plan of finance and expected structure of the 2021 Note, (iii) the various assumptions to be used in preparing the response, (iv) the requirements that must be included in the response and (v) additional miscellaneous information.

**I. Background**

In 2018, voters in the County passed a referendum in the amount of \$349,000,000 to fund the renovation and expansion of Wake Technical Community College (“Wake Tech”). The County has elected to fund these capital projects by issuing general obligation bond anticipation notes and then subsequently issuing general obligation bonds at regular intervals to refund the notes and permanently fund those projects. This process ensures that funds are available to meet contractual commitments while avoiding paying principal and interest related to bond proceeds that have not yet been spent.

In conjunction with the appropriation of funds for Wake Tech projects by the Wake County Board of Commissioners (the “County BOC”) for FY2020 and FY2021, the County issued its General Obligation Community College Bond Anticipation Note, Series 2019B (the “2019B Note”) and entered into a note purchase agreement with a financial institution to fund up to \$177,000,000 of Wake Tech projects. On April 1, 2021, the County issued its General Obligation Public Improvement Bonds, Series 2021 to, among other things, redeem approximately \$52,100,560 of the 2019B Note leaving a remaining authorized amount under the 2019B Note of approximately \$124,899,440.

While the County will continue to draw funds under the 2019B Note for projects under the FY2020 and FY2021 appropriations, it is expected that the County BOC will appropriate funds in the amount of \$172,000,000 for Wake Tech projects for FY2022 and FY2023 and expend those proceeds over an approximately 4-year timeframe. As such, the County plans to issue a new 2021 Note to fund up to \$172,000,000 of projects and enter into a note purchase agreement (the “2021 Agreement”) with a financial institution (the “Purchaser”).

**II. Plan of Finance / Structure**

Under the 2021 Note and the 2021 Agreement, the Local Government Commission (the “LGC”) will sell to the Purchaser, with the approval of the County, the 2021 Note in an amount not to exceed \$172,000,000. However, under the terms of the 2021 Agreement, the County is willing to limit the amount outstanding at any one time to a lesser, stated amount (the “Commitment Amount”). The County would then draw-down the Commitment Amount as needed pursuant to written disbursement requests completed by the County and provided to the Purchaser (“Advances”). At regular intervals, the County would issue general obligation bonds to pay off all or a portion of the Advances at which point it would request a new Commitment Amount. Based on the estimated construction needs and timing for the Wake Tech projects as well as the County’s projected general obligation bond issues, an estimated summary schedule of the Commitment Amounts is provided in the table below. Please note, this schedule is for illustrative purposes only and the County is not committing to follow this schedule.

Commitment Date*	Commitment Amount*
August 2021	62,562,040
April 2023	68,363,120
April 2024	41,058,840
<b>Total</b>	<b>171,984,000</b>

\*Estimated; subject to change

As noted above, the Commitment Amount is not expected to exceed \$68,365,000 at any time. However, actual

Commitment Amounts may vary from projections. Therefore, the County requires that the Purchaser be able to accommodate the entire \$172,000,000 in the event of unforeseen disruptions to capital markets in order to ensure the County's ability to make appropriations and meet contractual commitments. Please see Exhibit A for a more detailed summary of the estimated Commitment Amounts, schedule of Advances and long-term bond issues.

While the County currently expects to pay off all Advances under the 2021 Note by April 2025, the County requests that the 2021 Note have a final maturity date of April 1, 2026 in order to provide the County with flexibility in the event funds are not needed as quickly and/or if the County's long term capital program necessitates changes in the general obligation bond issuance schedule.

*Bond Counsel:* Womble Bond Dickinson (US) LLP will serve as bond counsel to the County. It is possible that Womble Bond Dickinson may represent the financial institution or institutions selected in connection with the 2021 Note in other transactions unrelated to the 2021 Note. By submitting a proposal, the selected firm waives any conflict of interest that may arise from Womble Bond Dickinson's representation of the County in connection with the issuance of the 2021 Note, and simultaneous representation of the winning proposer in other unrelated transactions. It is understood that such waiver does not extend to any confidential information of the selected financial institution that Womble Bond Dickinson may have obtained during the course of their representation of the financial institution in other transactions.

*Documentation:* Womble Bond Dickinson will prepare all approving documents and closing documents, including the resolutions of the County BOC under which the 2021 Note will be issued. #### **IV. Proposal Requirements**

Responses should specifically include the following information. Please note, in order to facilitate the review of responses, answers should be provided in the order provided.

- (1) Provide a brief overview of your firm including the financial institution's long-term and short-term ratings

and most recent ratings outlook from Moody's, S&P and Fitch.

- (2) Identify the location of the office from which the County would be served, provide biographies of, and contact information for, the banking team that would serve the County as well as who would serve as the primary point of contact during the financing process and post-closing.
- (3) Indicate whether the bank is interested in providing a commitment for the entire amount of the 2021 Note (\$172,000,000). If not, please specify that maximum amount that Purchaser would be able to commit. The County is open to receiving proposals of any significant amount with the potential to split up the financing into two series, each with a different financial institution, if it is in the best financial and administrative interest of the County to do so. However, given the administrative efficiencies, the County's strong preference is to give first consideration to any financial institution offering the full authorization amount of the 2021 Note assuming that the total projected cost of funds for the duration of the 2021 Note is comparable to the aggregate projected costs of funds under an approach where there are two financial institutions, each offering a partial authorization commitment.
- (4) Provide details on the proposed interest rate. Fixed and variable rate options are permitted. For variable rate options based on an index, at a minimum, provide pricing based on the following indices: (a) 1-month LIBOR, (b) SOFR and (c) SIFMA. If you are unable to offer pricing based on one or more of these indices, specifically state that in your response. For interest rate options based on 1-month LIBOR, provide sample language for converting to an alternative index and when you expect that alternative approach to be implemented. For all options, include the interest rate day count convention and timing of interest payments. Provide details on any events that would trigger a change in the interest rate (i.e. event of taxability, default, rating downgrade, changes in tax laws/rates, etc.). Please note, unless otherwise noted in a Purchaser's proposal, if the proposed interest rate is based on a taxable index, the County expects two-way margin rate factor / changes in corporate tax rate language to be included in the final documentation for the 2021 Note.
- (5) Provide details on any bank fees, including commitment fees, undrawn fees, ongoing fees, approval fees, etc.
- (6) If the Purchaser is interested in utilizing the Commitment Amount approach, describe the mechanics by which the County would request an increase to the Commitment Amount or a new Commitment Amount upon the take-out of an outstanding amount. In addition, list any events that would result in the termination of the Purchaser's obligation to make Advances.
- (7) Describe the "term-out" provisions (principal amortization schedule and interest rate computation method) in the event that the County would not be able to refinance the 2021 Note prior to the Maturity Date.
- (8) Describe all conditions precedent to closing the 2021 Note and whether the proposal is conditioned upon further credit review and approval and, if so, the date by which full approval will be obtained.
- (9) Describe any other covenants beyond those customarily provided by local governments in the State of North Carolina in connection with general obligation bond anticipation notes.
- (10) Describe any ongoing reporting or compliance requirements, if any. Please note, the County annually files its Comprehensive Annual Financial Report as well as annual financial and operating information on EMMA and expects these filings will satisfy all financial reporting requirements. If additional information will be requested beyond these filings, describe the specific level, type and frequency.
- (11) Identify your preferred counsel, including whether you are open to a discussion with the County regarding selection of counsel, and estimate maximum legal fees to be paid by the County. For purposes of estimating the legal fee, please assume that your counsel will draft the Agreement.

The Proposer and its agents shall not disclose or communicate the aforesaid matters to a third party or use them in advertising, propaganda, and/or in another job or jobs, unless written consent is obtained from the County.

The County reserves the right to retain all proposals regardless of which response is selected. No proposals will be returned to proposer. The selected Proposer shall warrant that the County will be the sole property owner of all data.

The Proposer further agrees that the performance time specified is a reasonable time. By its signature on the response to the RFP, the Proposer certifies that its proposal is made without prior understanding, agreement, or connection with any corporation, firm or person submitting a proposal for the same underwriting services, and is in all respects fair and without collusion or fraud, so that all proposals for the purchase will result from free, open and competitive proposing among all vendors. Further, the Proposer certifies that it understands collusive bidding/proposing is a violation of Federal law and can result in fines, prison sentences, and civil damage awards.

By submission of a response, the Proposer agrees that at the time of submittal, it: (1) has no interest (including financial benefit, commission, finder's fee, or any other remuneration) and shall not acquire any interest, either direct or indirect, that would conflict in any manner or degree with the performance of Proposers services, or (2) will not benefit from an award resulting in a Conflict of Interest. The Proposer shall be solely responsible for, and shall indemnify, defend, and save the County harmless, from all matters relating to the payment of its employees, including compliance with Social Security, withholding, and all other wages, salaries, benefits, taxes, exactions, and regulations of any nature whatsoever.

The County must review and approve all third-party subcontractor arrangements that are utilized to fulfill the requirements of this RFP. Any changes in third party relationships require prior notification and approval by the County.

#### INFORMATION SUBMITTED IN BID PROPOSAL SUBJECT TO PUBLIC RECORDS LAW

Wake County is subject to North Carolina's Public Records Act located in Chapter 132 of the North Carolina General Statutes. As a result, information submitted to and received by Wake County in response to a Request for Proposal/Request For Bid/Request For Quote/Request for Qualifications, etc., or any other like document or process, is considered public record and may be released for public inspection after the contract award, or as otherwise permitted under NCGS § 143, without further notice to the proposer. The County does not intend to elicit confidential or trade secret information in response to an RFP and assumes no responsibility for the submission of such information. Wake County reserves the right to share any information submitted in response to this RFP or process with any person(s) or firm(s) involved in the review and evaluation process.

#### CONFIDENTIAL OR TRADE SECRET INFORMATION

If a proposer nonetheless submits information in a bid proposal it considers to be confidential, then all four requirements of NCGS 132-1.2 "Confidential Information" must be met for the County to consider withholding such information from public inspection in response to a public records request. Among other legal requirements, information deemed to be "confidential" or "trade secret" by proposer must be clearly marked as such on the face of the document(s) at the time of the initial disclosure/submittal of RFP. In addition, although not required by law, Wake County requests that any proposer who submits a bid proposal containing any such designation of confidentiality also submit a second copy of the proposal with the respective page(s) or section(s) redacted. The County will not agree to withhold an entire proposal from public inspection, thus proposers should refrain from including blanket restrictions on disclosure or all-encompassing claims of confidentiality in their proposals.

When a public records request is made for information contained in or attached to a proposal that has been clearly marked as "trade secret" or "confidential" upon its submission, Wake County may, in its discretion and without further notice, release the redacted copy of the proposal to the requester if one has been previously submitted. Otherwise, the proposer will be notified of the request and given an opportunity to provide within a reasonable period a written explanation of the basis for claiming protection under N.C.G.S. 66-152 and N.C.G.S. 132-1 and/or a redacted proposal. The County shall make the final determination on release of the information. Should any civil action be brought against the County in an effort to compel or prevent the disclosure of information contained in a proposal that is deemed confidential by a proposer, the proposer may participate at its own expense; and further agrees to indemnify and hold harmless the County for and against any costs incurred by the County as a result of such litigation, including but not limited to fees or expenses arising out of N.C.G.S. 66-153 and N.C.G.S. 132-9.

Proposer must comply with all applicable State and Federal Laws. In the event any Governmental restrictions may be imposed which would necessitate alteration of its proposal prior to acceptance, it shall be the responsibility of the successful Proposer to notify Wake County at once, indicating in its letter the specific regulation which required such alterations. The County reserves the right to accept any such alterations, including any price adjustments occasioned thereby, or to cancel the contract.

Submission of any proposal indicates a Proposer's acceptance of the conditions contained in this RFP unless clearly and specifically noted otherwise in the proposal.

Furthermore, the County is not bound to accept a proposal on the basis of lowest price, and further, the County has the sole discretion and reserves the right to cancel this RFP, and to reject any and all proposals, to waive any and all informalities and or irregularities, or to re-advertise with either the identical or revised specifications, if it is deemed to be in the County's best interests to do so. The County reserves the right to accept or reject any or all of the items in the proposal, and to award the contract in whole or in part and/or negotiate any or all items with individual Proposers if it is deemed in the County's best interest.

Moreover, the County reserves the right to make no selection if proposals are deemed to be outside the fiscal constraint or not in the best interest of the County.

All requested information in this RFP must be supplied. All exceptions shall be clearly identified in this section and a written explanation shall include the scope of the exceptions, the ramifications of the exceptions for the County, and the description of the advantages or disadvantages to the County as a result of exceptions. The County, in its sole discretion, may reject any exceptions or specifications within the proposal. Proposers may also

provide supplemental information, if necessary, to assist the County in analyzing responses to this RFP.

### **Iran / Israel Divestment**

By signing this agreement; accepting this contract/purchase order; or submitting any bid, proposal, etc., vendors and contractors certify that as of the date of execution, receipt, or submission they are not listed on the Final Divestment List created by the NC Office of State Treasurer pursuant to [NCGS 147 Article 6E, Iran Divestment Act](#), Iran Divestment Act Certification. Vendors and contractors shall not utilize any subcontractor that is identified on the Final Divestment List. In addition, any organization defined under NCGS 147-86.80(2), Divestment from Companies Boycotting Israel, shall not engage in business totaling more than \$1,000 with any company/business, etc. that boycotts Israel.
