It is the position of the Washington County Law Enforcement Council (LEC) to oppose the establishment of Medical Marijuana Dispensaries within the city and county limits of Washington County. The possession, distribution, and manufacture of marijuana, although permissible under provisions of the Oregon Medical Marijuana Program (OMMP) and related statutes and rules, are a violation of Federal Law.

While the member agencies of LEC will consistently and fairly enforce established laws and ordinances of our communities, we believe the proliferation of marijuana use and availability outside the scope of the OMMP is a serious public health concern and has negative implications for the welfare of our community. We believe expanding the availability of marijuana, even under the auspices of the OMMP, will harm the general welfare of our community because of the significant potential to increase marijuana use among our youth, place a higher burden on emergency room care, drug treatment and other health care systems, increase marijuana-related exposure cases, and increase illegal interstate drug trafficking. Marijuana impairment doubles the risk of deadly traffic crashes and is a major causal factor in high school dropouts.

We believe medical marijuana dispensaries will have additional potential negative secondary effects on the community. These secondary effects include, but are not limited to the following: criminal activity, loitering, increased traffic, noise, litter, and a loss of trade for other businesses located nearby by interference. Local government control of land use and organized development helps promote local community values.

The member agencies of LEC have an ethical duty and statutory obligation to ensure the safety of our communities. Medical marijuana dispensaries are harmful to the surrounding community and its residents and constitute a public nuisance contrary to our community values which support Washington County as a safe place to live, work, and raise a family.

Temporary Rules for the Medical Marijuana Dispensary Program

These are the temporary rules governing medical marijuana dispensaries in Oregon. They will be in effect through the initial application process in March of 2014. The process to make these rules permanent will begin in February, and will allow for continued public input on the content of the rules. Individuals intending to file an application to register a dispensary should use these rules as a guide. Visit mmj.oregon.gov for more information.
