The Three E's:

Education - Elections - Energy

“Knowledge is power ... Ignorance is

Bliss ... Take your pick.”

RealPolitick

Knowledge can keep us safe, helps us make good choices, empowers us to be better citizens, better communicators, more competent in our many endeavors. Knowledge enriches our lives and from it comes understanding, which we are never finished with and never have too much of. It gives us connectivity - to each other and even for the believer - to God. Today, in these precarious times, it might even safeguard our future, our children's future and our Nation's future.

The three E's are under attack. They are being ransomed for power! Check out the goals and game plan of the Communist Party as well as the Great Reset Globalists.

Do you recognize these terms and know what they have to do with the three E's? **Howard Zinn** (*Communist author of American history textbooks used in most of our high schools*), **CRT** (*Critical Race Theory taught in schools, military, corporations, heightening and exacerbating emphasis of judging people on color of skin*), **Michael Greenburg** (*President of Scottsdale Unified School District found conducting surveillance of parents to intimidate them*), **GSA Clubs** (*deal with racial, sexual and educational issues but mostly encouraging LBGTQ participation*), **AEVL** (*Active Early Voting List*) and **Drop Boxes** (*make fraudulent abuse of elections more easy*), **Two Thousand Mules** (*Documentary by Dinesh D'Souza and Catherine Englebrecht that shows irrefutable evidence of massive fraudulent abuse of Drop Boxes*), **MCBOS** (*Maricopa County Board of Supervisors, who defied several subpoenas and have done everything they could to prevent the Audit and Election Fraud from coming to light. Should be recalled at minimum and probably indicted if our Justice System were functioning*), **Something Smells Funny** (*Liz Harris' massive canvassing that proved how many ballots were illegal*), **Splunk Codes** (*technical term connected with understanding the corruption of the Dominion Machines which most people don't understand making corruption easier*), **Burisma and \$31 million from China CCP to**

Biden (*indicative of massive corruption of Biden Crime Family that involves control of energy resources*), **NordStream 2 and Transneft** (*key components of massive Biden policy failures disastrous to US and giveaway of power to Russia enabling Putin to invade Ukraine; feeding a war machine*), **Palo Verde Nuclear Station** (*largest producing nuclear plant in US which produces 1/3 of Arizona's electricity*).

“The only thing being censored is the truth.”

Tucker Carlson

2. Be the Change You Want to See

It Begins by Knowing

Who One Votes For

Saving Arizona and America go hand in hand. Gail Golec and Shiry Sapir have risen from the grassroots with a desire to change the corrupt, broken systems that define America's public institutions in 2022.

They have set aside their personal lives and are willing to address Arizona's fight against:

- Election Fraud
- A Broken Educational System

Gail Golec
Priority
Election Integrity

Shiry Sapir
Priority
Quality Education

Gail Golec, candidate for Maricopa County Board of Supervisors. She is a Save America Conservative who is a defender of freedom, exposé of corruption and challenger to the establishment. Having owned an IT company, she understands Splunk and router logs. She is a truth seeker and fearlessly exposes corruption.

Shiry Sapir, candidate for Arizona Superintendent of Public Instruction. She immigrated from Israel, is an accomplished small business owner and loving mother of three children, ages nine, seven and three. Her campaign priorities are school choice patriotic education, parental rights, optional masking and vaccine freedom.

These Talented, Bold and Brave Women

Have Much to Say.

Come and hear the inspiring backstories of these candidates. Then ask yourself what do you have to give? Our country is at war! Unlike the Ukrainians, we do not have tanks rolling through our streets and missiles flying overhead. You have to be informed to understand our more invisible internal invasion. How do you change your

priorities when you are at war, being invaded and under attack?

A Don't Miss Event — Check In 5 PM

Buffalo Chip Saloon & Steakhouse

6823 Cave Creek Road, Cave Creek

Ramada Behind Main Building

POA Members \$10 - Non Members \$20

Food & Beverages Ordered from Buffalo Chip Menu

Clean Elections & Quality Education Are Essential

3. Energy Symposium

It is said Americans think about electricity once a month — when they pay their bills.

POA explores energy, one of the most important issues of our time. Imagine a week without power: no heat, no air conditioning, no light, no refrigeration, no TVs or radios, no garage doors that open ... worse yet, no cellphones!

An Energy Symposium

Meet our panel:

Jim Lamon

Founder & President of Depcom
Solar Energy, candidate from Arizona
for US Senate

Doug Little

Arizona Corporation Commission,
Deputy Assistant Secretary for US
Department of Energy, candidate for
Maricopa County Board of
Supervisors.

Court Rich

Co-Founder of Rose Law Firm and
Co-Chair of its Renewable Energy &
Regulatory Law Department.

Mark Lewis

Nuclear Energy Advisor to Arizona
Senate, drafted energy legislation and
had nuclear energy policy adopted by
Arizona legislature. Appointed by
Dept. of Energy Secretary Perry to
National Coal Energy Council.

Tommy Andrews

A serial entrepreneur with extensive experience with renewable energy technologies. Tommy will moderate our panel discussion.

We will learn about fossil fuels, the Grid, sustainable sources of energy, nuclear, Green New Deal, and emerging energy sources.

Did you know Arizona has the largest production nuclear plant in the US?

Saturday, April 30th - 11:30 AM

Brunch Served - Sandwiches, Coffee, Juice

Venue 8600

8600 East Anderson Drive, Suite 200

Scottsdale 85255

4. At the Border, a Personal Report

**We wanted to see our Arizona
Border Situation first hand.**

Arizona Senate Candidate Jan Dubauskas and Sheriff Mark Lamb's Dept. led a small group to the Arizona Border.

Pinal County Deputy Sheriff explains that above signage was installed by the Obama administration and by so doing we have effectively ceded control of nearly 5,000 square miles of sovereign US property to the Sinola Cartel.

About 75 miles of “unwalled” border along the northern boundary (upper right) of the Tohono O’Odham Nation provides virtually unchallenged entrance for illegals. Also shown above are examples of discarded clothing, carpet shoes and water bottles laced with fentanyl, meth and other drugs to enable the illegals to sustain the 6 day, 65-70 mile trek from the real US-Mexican border to US Interstate Hwy. 8 near Casa Grande, AZ.

Between this reservation and the nearby US Interstate Hwy. 8, 160-180,000 illegals have entered the US in both February and March, (there were about 160,000 Allied Troops deployed in the Normandy Invasion.) The illegal entries are expected to exceed 370,000 in both April and May if Title 42 is repealed.

Border Take Aways:

- The area being protected is vast while being pathetically under staffed and under funded (e.g., no budget for drones, wall construction and sufficient manpower needed), which is to say it is out of control.
- There is a legal border, but today we have a “functional” border 65 miles into our interior. Why? Those 65 miles are controlled by a Mexican Drug Cartel. Signs warn Americans that they cannot be protected in this region.

- The steady invasion of the United States across our southern border by predominantly young fit men from all over the globe is highly organized and very deliberate. Who pays for their flights from the Middle East, Latin America, furnishes them IDs, custom made camo clothing for their 6 day trek through the desert, outfits them with custom made black gallon water bottles, and provisions for meals for 6 days? Who loads them with fentanyl made in China that could kill a large city? CCP, Cartels, Communists and the US Government working together?
-

5. AZ is a Hub of Grassroots Activity

We are Not Taking the Assault on our Rights and Liberties Sitting Down!

“If we are to guard against ignorance and remain free, it is the responsibility of every American to be informed ...”

Thomas Jefferson

“There are those who turn justice into bitterness and cast righteousness to the ground ... There are those who hate the one who upholds justice in the court and detest the one who tells the truth ... seek good, not evil, that you may live.”

Amos 5:7-15, 24

“There are still those of us who work to overcome corruption and believe it to be possible.”

Padme' Amidala, Star Wars

6. Plugging In

Join Patriots of Arizona:

- We are an educational organization dedicated to seeking truth and engagement in the public forum. Using frontline speakers, field trips, film, and books to increase member awareness of important local, national, and global issues in the context of America's founding principles, POA encourages and enables participation in activities that promote the common good. This includes collaborating with other patriotic and grassroots organizations to stand together to protect our rights, values, and founding principles.

Current September 1 – August 31 Membership rates are:

- Patriot - \$125
- Students & Young Professionals - \$50
- Supporter - \$75
- Silver Sustainer - \$250
- Gold Sustainer - \$500
- Platinum Sustainer - \$1000

If you subscribe or renew at either the **Patriot or Sustainer** levels your membership will be valid through August 31, 2023.

Memberships can be purchased or renewed by [clicking here](#). All credit cards or PayPal can be used. Alternatively, you may download and complete an application form by [clicking here](#). Then attach a check, payable to Patriots of Arizona, along with your application and mail it to: Patriots of Arizona, 39672 N 100th Street, Scottsdale, AZ 85262.

Join POA

Please join us (for free) on our Telegram Chat Group. Here you will access breaking news on nearly a real time basis and also

be able to securely interact with Arizona Patriots.
