## **Election Year Must Do's**

- Be sure you are registered to vote.
- Your signature changes over the years. [Click](#) here to update your voter registration & be sure you have an up to date signature on file.
- Change your attitude toward "Politics" if you have fallen for the ruse "Politics are dirty and you are not polite to talk about politics." This is how the Communists, the fraudsters & the America haters have taken over the playing field, which is now a battlefield.
- Realize that we the people don't own our government any more, it does what it wants to do. BUT YOU can change this.

- Read the Communist Manifesto & Das Kapital. It's goals are:
  1. Destroy religion and the Church.
  2. Destroy the family.
  3. No private property ownership.
- Be aware that the "Police State":
  1. Because POA a conservative organization, woke platforms freeze our accounts and inhibit our ability to reach our followers.
  2. Algorithms are set on our email accounts to prevent us from emailing more than a "handful" of contacts at a time.
  3. People we know, who did not enter the Capitol and did nothing aggressive or troublesome but merely were in DC to see the ceremonies on January 6th, but who are recognized Patriots have been arrested, put on trial and sentenced to 22 years to life in prison. Show trials, reminiscent of gulags!

## How to Make a Difference

Support Affidavit Mama's. Join them in addressing the corruption of the Maricopa Board of Supervisors. You may not know who they are or what they do. They work for you. If you don't let them know, they work for themselves. They don't like it when you attend their public meetings (most of us don't) and learn they are powerful and violate our Constitution and our rights. They control our elections.

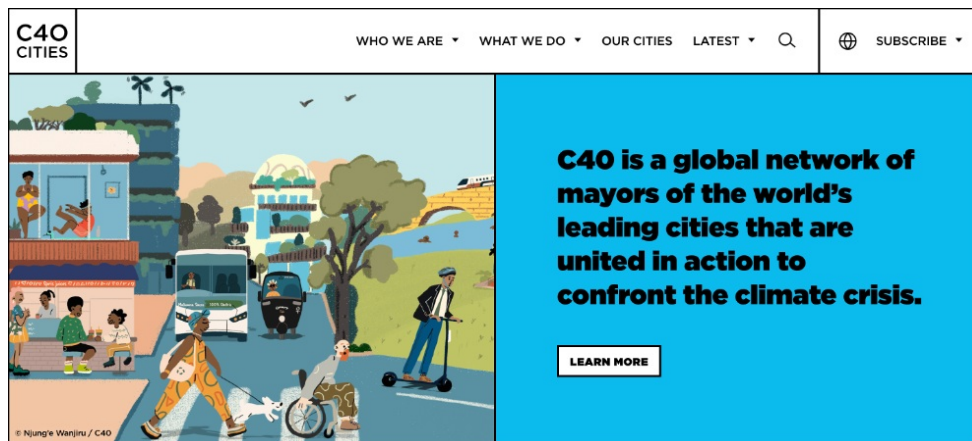

Public apathy at work. A MCBOS Supervisor props his head up as "We the People" present evidence of election fraud. Arrogant indifference.

## Did you know?

- The CIA was involved in the Kennedy Assassination. Lee Harvey Oswald was a CIA operative and was not Kennedy's shooter. Frank Sturgis, a Cuban, was also a CIA operative and was most likely one of the shooters. He was one of four Cuban CIA operatives who were part of the CIA operation that was called the "Watergate Break In".
- Arizona sold its Lake Mead water rights to the Federal Government.
- Phoenix signed the World Economic Forum's C40 agreement along with 96 other cities around the globe. This agreement calls for the elimination of private automobile ownership, elimination of all meat and dairy consumption, restrict purchase of clothing to 3 pieces per year, and limited travel by airplane to 1500 miles every 3 years by 2030.

- A joint hearing of the Arizona Senate and House was

held earlier this year. It included testimony from some of the world's most respected doctors who presented decisive evidence that the COVID "vaccines" were ineffective and pose a serious risk to anyone who received one or more injections. Failure by the medical profession and hospitals to advocate for preventive COVID treatment also cost enormous unnecessary deaths.
