Julian Assange asserts that ignorance is our number one enemy. That is why we have the Patriots of Arizona to counter the lies that are being told.

“One of the hopeful things I have

discovered, is that nearly every war that had started in the past 50 years, has been a result of media lies."

THE ENEMY WITHIN

There's growing evidence that **MICHAEL CROW**, who is the Arizona State University (ASU) President and Chairs the CIA's In-Q-Tel Venture Fund, may be part of the Arizona Shadow Government.

Alex Newman of **The Liberty Sentinel** interviews Arizona resident **Kristen Williamson** who has a lot to say about this subject.

Jim O'Connor Speaks Out:

Jim Chairs the Arizona Commerce Commission. As a public servant he has been a leader instilling America First practices throughout his agency, making it easier for people to do business in our great State. He is now calling for the **elimination of voting machines and tabulators** in Arizona elections.

October 19, 2023

An Open Letter to Each Arizona County Board Supervisor:

Thirty years ago, I served as an advisor to the California Senate Select Committee investigating Orange County, CA bankruptcy. My most significant take-away was the influence that a single outside attorney's advice had on that county's elected Board of Supervisors. He sold them on the urgent need to "protect the County" by filing for bankruptcy.

The enormous cost of that infamous decision is now in the history books. County vendors, employees, teachers, and

many other County government districts who had their surplus cash invested in the County Investment Pool suffered loss of availability of their monies to pay daily operating expenses, forced to engage outside legal counsel of their own, and resulted in a lack of trust in their local government to act with integrity.

Many of you may recall the appeal I made to you just one year ago, in my letter sharing the investigation I conducted regarding the vulnerability of voting machines and tabulators in our Arizona elections. I included a video of a workshop I held on October 1, 2022 which included expert witness testimony from eleven national experts on cybersecurity. They unanimously agreed that the above cited machines and tabulators were more vulnerable to hacking than the average home computer.

A small number of you stood bravely in attempts to investigate options on your own to assure all your county voters the sanctity of their votes. This stand was taken in the face of media name-calling, bullying from others with a self-interest to protect, and various state-elected officials weaponizing government to attack you individually. The courage you exhibited rivaled that of Daniel in the Lion's Den and David versus Goliath.

During this past year we have had more facts uncovered nationally regarding maladministration of elections throughout the Country. We have also seen that our County, State & Federal Courts are unwilling to adjudicate fairly given their hesitancy to address the legal doctrine "The Election/Political Question".

This has left voters in our State and our fifteen counties with a significant diminution of trust in their governments. I believe our system of government works because voters trusted the election process; thereby submitting to the outcome without regard to who won the contest. I further believe that trust has been violated resulting in large numbers of voters unwilling to participate as they are resigned to believing their votes don't count. Further, many more are frustrated with what they perceive as a corrupt process with no accountability.

Serving in a statewide elected position myself, it is of grave concern to me that each of you currently have all the

necessary power and authority to fix this problem before our 2024 election season. It will require a majority of each of your boards to stand together. To do the right thing for every voter in your counties. Of all difficult problems we deal with in government, this is truly the most non-partisan. May I respectfully ask each of you to reflect on wisdom found in the book of Proverbs 8: 12-21.

"I am Wisdom. Common Sense is my closest friend; I possess knowledge and sound judgement. If you respect the LORD, you will hate evil. I hate pride and conceit and deceitful lies. I am strong and I offer sensible advice and sound judgement. By my power kings govern and rulers make laws that are fair.

Every honest leader rules with help from me. I love everyone who loves me, and I will be found by all who honestly search. I can make you rich and famous, important and successful. What you receive from me is more valuable than even the finest gold or the purest silver. I always do what is right, and I give great riches to everyone who loves me."

Each of you shall be in my prayers and the prayers of all who join me, as you deliberate the merits of not using machines and tabulators in our 2024 elections.

Election Year Must Do's

- Be sure you are registered to vote.
- Your signature changes over the years. [Click](#) here to

update your voter registration & be sure you have an up to date signature on file.

- Change your attitude toward "Politics" if you have fallen for the ruse "Politics are dirty and you are not polite to talk about politics." This is how the Communists, the fraudsters & the America haters have taken over the playing field, which is now a battlefield.
- Realize that we the people don't own our government any more, it does what it wants to do. BUT YOU can change this.

How to Make a Difference

Support Affidavit Mama's. Join them in addressing the corruption of the Maricopa Board of Supervisors. You may not know who the BOS are or what they do. They work for us. If you don't hold them accountable, they will work for themselves. They don't like it when you attend their public meetings (most of us don't) and learn they are powerful and violate our Constitution and our rights. They control

our elections.

Did you know?

- The CIA was involved in the Kennedy Assassination. Lee Harvey Oswald was a CIA operative and was not Kennedy's shooter. Frank Sturgis, an American military hero, was also a CIA operative and was most likely one of the shooters. He was one of four CIA operatives who were part of the CIA operation that was called the "Watergate Break In".
 - Arizona sold its Lake Mead water rights to the Federal Government.
 - Phoenix signed the World Economic Forum's C40 agreement along with 96 other cities around the globe. This agreement calls for the elimination of private automobile ownership, elimination of all meat and dairy consumption, restrict purchase of clothing to 3 pieces per year, and limited travel by airplane to 1500 miles every 3 years by 2030.

Closing Thoughts

"A true leader has the confidence to stand alone, the courage to make tough decisions, and the compassion to listen to the needs of others."

General Douglas MacArthur

"Urge all of your men to pray, not alone in church, but everywhere. Pray when driving. Pray when fighting. Pray alone. Pray with others. Pray by night and pray by day. Pray for the cessation of immoderate rains, for good weather for Battle. Pray for the defeat of our wicked enemy whose banner is injustice and whose good is oppression. Pray for victory. Pray for our Army, and Pray for Peace. We must march together, all out for God."

General George S. Patton

"Behold I send you out as sheep in the midst of wolves; so be as shrewd as serpents and innocent as doves."

Matthew 10:16M
