And the Spider Man Fan Favorite Is...

Tobey Maguire

First experience into "superhero" movie from childhood. Introducing Venom from 3 part.

-Bharshya

Tobey Maguire

While later iterations focused heavily on Spider-Man's quick quips or high-tech suits, Tobey's portrayal grounded the character's real-world struggles—struggling to pay rent, balancing love, facing loss, and enduring heavy moral burdens.

-Tanya

Andrew Garfield

He uses humor to distract and annoy his enemies while wearing the mask

-Ujjwal arora

Tobey Maguire

I don't know about the GOAT, but sadly, he never appreciated the girl who loved Peter Parker, not Spider-Man - Ursula Ditkovich, the daughter of Peter's landlord, who had a crush on Peter. 🥺

-SID K

Andrew Garfield

With great power come great responsibility

-Sikander

Tobey Maguire

Honestly, I think what makes Spider-Man the GOAT is how human he is. He loses people he loves, gets hurt, feels alone, and still wakes up every day and chooses to help people. He could've easily let all that pain change him, but somehow he keeps his heart.

He's not the strongest or the most fearless... he just keeps going, even when he has every reason not to. And I think that's what makes him so special.

-Nate

Tobey Maguire

Spiderman was a thing in India even before Marvel was known and it was all because of Tobey

-Asher Kumar

Tobey Maguire

Tobey Maguire. Hands down. No debate. 🏆 The real OG. That hallway dance in Spider-Man 3 broke the internet before we even had memes—and honestly, we're still recovering. 🤖 Andrew brought the jawline, Tom? Just a baby being groomed by Tony Stark with a high-tech suit and parental supervision. 🤔 Tobey did it broke, awkward, and completely unsupervised. That's Spider-Man.

-Gaby Singh

Andrew Garfield

Andrew Garfield brings the perfect mix of humor, emotion, and a unique Spider-Man style. His chemistry, action scenes, and emotional moments make him my favorite

-Tanu bhardwaj

Tobey Maguire

Tobey Maguire. Bro fought villains, heartbreak, rent, and still showed up to work. That's my Spider-Man

-Nikhil Gaur

Tobey Maguire

Oh come on, Tobey for LIFE. Garfield was busy skateboarding and Holland was begging Tony for tech handouts, Tobey was actually broke, struggling for rent, and captured the true Spider-Man. The guy literally stopped a runaway train with his bare hands—yeah, you are NOT topping that.

-Aaron

Tobey Maguire

Tobey Maguire is my Spider-Man because he has that perfect mix of heart, vulnerability, and strength. He made Peter Parker feel like a real person, not just a superhero. His Spider-Man will always be the GOAT for me. 🕷️

-Kristina Flores

Andrew Garfield

Andrew Garfield's Spider-Man was GOAT. 🕷️🔥 His acrobatic fighting style, speed, and fluid web-swinging felt straight out of the comics. His iconic one-handed swings, aerial flips, wall-crawling, and creative web attacks captured the comic-book Spider-Man perfectly.

He wasn't just Spider-Man; he made me feel the pain, love, and responsibility behind the mask. ❤️

This was my first-ever Spider-Man movie in a theatre, my first-ever 3D film, and one of my most memorable theatre experiences. 🕷️🕷️🔥

Some movies you watch. Some movies become memories.

-Sashidharan K

Tobey Maguire

Tobey, The OG Spider-Man. The Spider-Man who started it all for a generation. He wasn't just Spider-Man — he was our Spider-Man. The nostalgia, the emotions, the iconic moments... nothing hits quite like the original. And somehow, he even had a special Punjabi dub 🤔🤔 He was our Punjabi Spider-Man too. 🤔🤔

-Sameer Thapa

Andrew Garfield

I am a Big Time Spiderman Fan since childhood; reading comics and then getting a chance to view it in films was really amazing. Tobey got the journey started, but Andrew's performance felt incredibly natural and personal. An emotional rollercoaster that made the character of Peter feel genuinely human. His chemistry with Gwen was unmatched, and the way he improvised in certain scenes made the character feel spontaneous and real. He brought the perfect mix of unique humor, vulnerability, pain, and love to Spider-Man. 🕷️❤️

-Parth Goyal

Tobey Maguire

I have grownup seeing Tobey as a Spider-Man, so for me he is the GOAT

-Roni Jacob Joseph

Tobey Maguire

Because he is GOAT

-Kenya

Tobey Maguire

He is the OG

-Varsh Goyal

Tobey Maguire

Tobey Maguire's Spider-Man is the GOAT because he perfectly captured Peter Parker's innocence, struggle, responsibility, and emotional depth. His iconic web-swinging, unforgettable quotes, and the nostalgia of the original trilogy make his Spider-Man timeless. 🕷️❤️

-Cody Singh

Tobey Maguire

I have a thousand reasons, but honestly, the cafeteria fight scene says it all.

-Sorokhaibam Kartic Singh

Tobey Maguire

Alright. As much as I love Tom Holland as Spider-Man, I believe Tobey's portrayal is much more grounded and gracefully captures the innocence this role required. For a lot of Spider-Man lovers, he is the ultimate — the GOAT. A whole generation grew up admiring Tobey's Spidey swinging across the New York skyscrapers and straight into our hearts. Ask any true Spidey fan, and chances are they'll agree that Spider-Man 2 is the best live-action Spider-Man movie EVER. And let's admit one more thing — No Way Home was a brilliant movie, but a lot of its brilliance rode on the nostalgia Tobey's Spider-Man brought to the fore when he stepped through that portal. For me, Tobey wasn't just Spider-Man; he was Peter Parker.

-Varun Joshiwami

Andrew Garfield

Andrew Garfield brings the perfect mix of humor, emotion, and a unique Spider-Man style. His chemistry, action scenes, and emotional moments make him my favorite

-Tanu Bhardwaj

Andrew Garfield

He is the goat, because the spiderman Stanlee the creator of spiderman has designed in the comics, suits with andrew, the way he swings, the body type and being the realest Peter parker as well and amazing spiderman was my Fav movie, secondly in this office i got his name randomly (Andrew) , and even i have his costume.

-Andrew

Tobey Maguire

Tobey Maguire: organic webbing — his body produces and shoots the webs directly from his wrists.

Andrew Garfield: mechanical web-shooters — Peter invents the technology.

Tom Holland: mechanical web-shooters — Peter uses Stark-enhanced/advanced web-shooter technology.

That makes Tobey's Spider-Man feel more like a superhuman transformation, whereas Andrew and Tom's versions are more explicitly "brilliant scientist + superhero technology."

-Hugo Diaz

Tobey Maguire

He made heroism feel raw and earned.

-Harris Seth

Andrew Garfield

Andrew Garfield is my GOAT because he perfectly balances humor, emotion, and amazing web-slinging. His chemistry with Gwen Stacy made his story unforgettable, and he showed incredible heart in No Way Home. He truly feels like the most relatable Spider-Man. 🕷️❤️

-Prashant

Tom Holland

For the love of Tony Stark. (I miss him. I'll do anything to bring him up. *cries*)

-Prakrati

Andrew Garfield

He gets beaten, loses people, and still gets back up.

-Karan Sood

Tobey Maguire

Tobey Maguire is better because he fought crime with severe back pain and no money, not a sugar daddy's credit card like Tom. He was just a depressed pizza boy with sticky hands who saves the world.

-Ash

Tobey Maguire

Toby is a beast 🐉. He bodies the entire modern MCU without the black suit.

-Abhay

Tobey Maguire

He is The OG

-Tanya
