

MOBILE FLEET REPAIR & MAINTENANCE

Wrench is the nation's leading mobile-mechanic service that helps businesses maximize the uptime of their fleet. Because we are a mobile mechanic service, our customers skip the hassles of a traditional shop. That means our customers save time, save costs, and skip the enormous headache of moving vehicles to and from a shop during your business hours.

Whether your fleet is 5 or 5,000 vehicles, Wrench has you covered.

Businesses across America depend on their fleet vehicles to service their customers. That's why Wrench built the nation's largest network of **ASE-Certified, full-time Technicians** that bring the shop directly to your fleet.

While Wrench also services consumer vehicles, we offer our business customers preferred pricing. Such as our **Fleet Advantage Oil Change** which includes a free inspection of all critical components of your fleet vehicle.

wrench/fleet.com

Wrench can service all Light-Duty and most Medium-Duty vehicles.

Wrench performs over **80%** of all auto-repair and maintenance at your site.

Everything from a simple oil and filter change to replacing brake pads and rotors, timing belts, catalytic converters, and diagnosing and repairing most ignition, electrical, and exhaust problems can be done when and where it is most convenient for you.

DOT/BIT INSPECTIONS

Wrench is certified and approved to perform DOT/BIT inspections for Light-Duty and some Medium-Duty vehicles.

Maintain legal compliance of your fleet with **on-site DOT/BIT inspections.**

MOBILE TIRE REPLACEMENT

Wrench is the preferred partner with Tirescanner to deliver our customers great tire deals.

We offer major brands and **provide even better discounts** with our house brands.

Mounting, balancing, TPMS reset, valve stems, and disposal. We do it all.

WE KEEP IT SIMPLE
TO WORK TOGETHER

SCHEDULING

Each of our customers is unique. We make scheduling and approving jobs easy no matter how you would like to get it done.

You can use our **mobile-app or website** to get instant quotes and schedule your jobs immediately.

OR

Some of our customers prefer to directly **speak with our Services Team** for quotes and scheduling of jobs.

FLEXIBLE BILLING OPTIONS

Wrench accepts all major credit cards. Wrench can process maintenance with most major **Fleet Management Companies**.

We help with maintenance approvals so your vehicles can **quickly get back to servicing your customers**.
