

The fall Grounds Cleanup Day on [Saturday, October 3rd](#) from 9 to noon had a good turnout this year. The focus was on the access/egress between lots 27/28 out the trail off Victoria toward the church and the access/egress on Queen Anne between lots 18/19. Some of the volunteers (adults and kids) moved a very large pile of gravel into the playground and others cleaned up the grounds and weeds around the clubhouse. Snacks and drinks were available for the participants. Thanks to all the volunteers and to Zory Hill, the event team
